Richard Drake, nine-year old son of Samuel L. Drake, formerly a Hammontonian, now of Florida, who has been here visiting his grandmother, was struck by an automobile on Monday last, near Oaklyn, and seriously injured.

Word was received from two ex-pastors of the Hammonton Baptist Church, this week. Rev. J. Allan Spidell is with the Church at Jewett City, Conn., and had a part in its seventy-fifth anniversary, Sept. 11, 12, and 13. Rev. A. W. Anderson's Church, at Southampton, Pa., will dedicate a fine new chapel to-morrow and all the week.

Jacob Eckhardt's barn, used by R. L. Rubertone as a storehouse, on Third Street, to the rear of the Hurley property, took fire about five o'clock yesterday morning, and got such headway that it was burned nearly to the ground before firemen could get there. Owing to the nearness of several houses and barns, garage, Baptist Church, and the Poultry Association's big brick building (but two feet away), no water was spared. The firemen found that an amateur had laid the hose wrong end to, causing some delay in getting the streams working. The cause of the fire is not known, but is supposed to have been started from matches. The Poultry Association building suffered slight damage to roof and two windows, and to feed stock by water.

Sometime during Monday night, a burglar entered the Hotel Raleigh in the Pines by the way of a rear window. He evidently knew the house well, and had his own way. —took a revolver from under the landlord's pillow, tied the family bedroom doors with a piece of clothline, opened the office desk and took what he wanted, including the key to an old-fashioned safe, from which he took all the money he could find,—then left through the front door.

Mr. Purchase said "That was done by some one who knows the house and its people." Suspicion pointed to a young colored man, William Barrett, who had recently been employed there. Detective Ernest Jones found the man in Atlantic City, on Tuesday, and Constable Pinto brought him up. After a hearing, the Justice committed him to jail to await Grand Jury action. He acknowledged that he stole the money, but said that he didn't break into house,—that it was already open.

It was a quick and clever piece of work, giving the gentleman of color but scant time to enjoy the proceeds of his venture.

Primary Election next Tuesday.

Spear's building is having a concrete porch floor laid. The pavement, when completed, will extend to the street.

The forty-ninth annual convention of Atlantic County Sunday School Association will be held in the May's Landing M. E. Church on Thursday, Sept. 30th. Sessions at 10.00, 2.00 and 7.30.

Mrs. Rebecca Wills, mother of Mrs. Wm. F. Krimmel, died on Monday, Sept. 20th, at her home in Williamstown, from apoplexy, aged seventy years. Her remains were brought to Hammonton, and impressive services conducted at the daughter's home by Rev. Everett van Drighit, on Thursday afternoon, and interment made at Greenmount. Many sympathetic friends were present.

AN ACTOR'S ROMANCE

found. In the Arctic region there are 763 kinds of flowers; fifty of these are confined to the Arctic region. These are really polar flowers.

The colors of these polar flowers are not as bright as those of the southern, most of them being white and yellow, as if borrowing these hardy hues from their snowy bergs and golden stars.

Perhaps the most beautiful of all are the overblasts that longest stay in autumn frost and winter cold. The winter bouquets are white and yellow varietals. The rose of Florida, the most beautiful of all flowers, is a native. The cypress of Greece, the finest of trees, bears no fruit. The bird of paradise is a beautiful variety of birds, gives no song, and the typhoon of human forms have the least, evil.

Nature seems to have made flowers as types of character and emblems of worth. So we name our children after them, and we name our cities to compare a lovely, beautiful child to a flower.

THE BANANA SUBSTITUTE FOR GRAIN.

From the island of Jamaica comes the announcement that recent scientific work has produced a valuable substitute for wheat flour in the dried form of banana.

Bananas are the most important product of the West Indies and the war disturbance in Europe has made the price very satisfactory.

The result has been that a scientific report has been concentrated upon the production of a fruit flour, which costs less than wheat flour and has a nutritive value, if not superior, to any cereal flour.

Five hundred and thirty-seven pounds of bananas produce one hundred and thirty-eight pounds of flour at the rate of 100 cents per hundred pounds of finished product.

The wholesale price quoted for the material is 4 cents a pound. This gives

"Is there? The beast!" shouted the butcher, seizing a chopper and rushing out of the shop after the canine thief, the first of his kind in dog answering the description at the store. He ran and gave chase, but lost after a round dodging and twisting he took sight of the animal.

"Have you seen a big black dog with a tongue in its mouth?" he asked of a group of loiterers.

"With a tongue in its dog's mouth!" said one, laughing. "Did you ever see one without?"

"Sold!" muttered the butcher, when he returned and found that all his tongues had gone as well as the two thieves who had taken them.

"George Washington," read the small boy from his history, "was born February 22nd, 1732, A. D."

"What does A. D. stand for?" inquired the teacher.

The small boy pondered. "I don't exactly know," he hesitated. "After dark, I guess."

FORD, the UNIVERSAL CAR.

ANNOUNCEMENT.

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

| | |
|------------------|-------|
| Ford Runabout | \$390 |
| Ford Touring Car | \$440 |
| Ford Town Car | \$640 |

No Speedometer included in this year's equipment. Otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915, we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September, and October, 1915.
