## A Bad Runaway.

Early Monday evening, a team of big mules, drawing an empty hay wagon, was frightened by a motor-cycle, on Central Ave. near Bellevue. As the team started to run, the driver called a warning to Richard Morgan, who was returning leisurely home from a long trip with Simons' bakery wagon. There was no time for Dick to do anything before a hub of the big wagon struck a rear wheel of his wagon, nearly overturning it. Dick was thrown out onto the "hounds," and for a time held on, but his team was on the run and he fell to the road, his wagon passing over his legs and abdomen. His arms and head were also injured. His team kept on, and reached home, on Orchard Street near Grand, without damage to themselves, harness or wagon. The mules were stopped out on Twelfth Street, on the way knocking off a hind wheel from Dr. H. G. Black's carriage, which stood in front of Helzer's barber shop. Mr. Morgan was taken home suffering considerably from bruises, but no broken bones.

The Civic Club Thimble-Bee will meet at Mrs. F. C. Burt's on Friday, Oct. 3rd, at three o'clock. We hope the members will all be present, as there are supposed to be no drones among our busy bees.

Volunteer Fire Company had a very profitable drill last Monday evening. It was made the more enjoyable when several huge watermelons made their appearance. They would be willing to drill every week.

Remember the special School meeting next Tuesday evening, Sept. 30th, at eight o'clock, in Central building. The Board asks for six thousand dollars, for furnishing school houses and to buy the Russell Moore property.

Married, at the M. E. Parsonage, Hammonton, Monday eve., Sept. 22nd, 1913, at six o'clock, by Rev. Walter L. Shaw, Mr. Elmer A. Priestley, of Elm, and Miss Ethel Alyna Reid, of Hammonton. The young people are both well-known, and have many friends here, who wish them everything nice.

Mrs. R. lived in Colorado many years, and took prominent part in the successful suffrage campaign in Colorado and Washington. She speaks with authority, as one who has voted and sat as delegate in political conventions, local and national.

On Wednesday afternoon, Fred. Parks, employed at Krimmell's, was riding his bicycle down Bellevue with a couple of ice cream tubs and can. When approaching the railroad, an automobile came down Railroad Avenue, and the boy could not turn quickly enough, with his heavy load, to avoid a collision, but escaped injury by falling off his machine. The auto smashed the front bicycle wheel, but the owner willingly paid for a new one, and all were satisfied.

To the members of the Alumni Association: A Special School Meeting has been called for Sept. 30th, to consider the appropriation of money for school improvements and the purchase of the Moore property (Base-ball Park). The future of our schools depends very largely upon the action of this meeting. It is the duty of every member of the association to be present and help give the Board an expression of public opinion. Now is the time for real Association work. JAS. W. COTTRILL, President.

## BANK BROS.

When you are ready to invest your money in Fall and Winter wearing apparel, just remember one thing about this store,—that we are really a lot more interested in what we can give you for your money than in what you pay us.

Good service is the thing we are trying to give you, and that means knowing what you ought to have in matters of quality. It also means seeing that you get the best possible value for your money; and that means, of course, pricing the goods so that we can give that sort of service.

### Hemingway's Schubert PIANO Ware-rooms

#### Does \$100 Look Good to You?

I will save you that much and more if you are looking for a piano or player piano. What's the use of buying a second-hand piano when you can have a new one of better grade at the same price. What's the use of buying cheaper quality, when you can have the best direct from the factory at the same cost, or less?

Don't be old-fashioned and say, "I don't see how it can be done." Look into my proposition and see for yourself. Just because pianos have never been sold here before, this plan and at such low prices, is no reason they cannot be. I save you the middleman's profit.

SATURDAY, SEPTEMBER 27, 1913

The "Republican" entrance was blockaded much of the day, Wednesday, by men anxious to consult our type-written report of votes cast at the local primary election, on Tuesday. Perhaps some people will appreciate said report the more when we tell them that after a couple of hours' work preparing convenient schedules, our Junior Editor was kept hustling from the time polls closed, at nine o'clock, until three o'clock Wednesday morning, going from one precinct to another, securing and copying official figures, arranging them in proper order, tabulating, and type-writing the whole in understandable shape. But we feel well repaid for it all if our patrons gain the information desired, and learn that the "Republican" desires to be recognized as the reliable purveyor of news.

According to Wednesday morning papers and a telegram received the previous evening, our townsman John A. Burgan is to be United States Internal Revenue Collector for the first New Jersey district, in place of David A. Moffat, of Camden.

There have been three prominent aspirants for the position, which pays \$3500 per year, and each man had his adherents; but Senator Martine recommended Mr. Burgan, and his name will be sent to the Senate by President Wilson. He was a member of the famous elisor grand jury, which did so much toward cleaning up Atlantic County, and has always been an ardent supporter of Mr. Wilson.

Locally, Mr. Burgan is highly esteemed as a man of uncommon ability and culture, and his appointment is gratifying to all.

Primary election is past, and we presume everybody is satisfied until Nov. 4th. We are not at all displeased that Dr. Godfrey came through with flying colors. He was our choice, but had told us that he didn't desire further Councilmanic honors, and hoped he would be permitted to retire. But the people wanted him, said so by their votes, and we believe he will serve if elected.

In the County and State, Stokes won the Republican nomination for Governor by a big plurality. Governor Fielder won easily over Katzenbach, on the Democratic ticket. In the County, Parker, for Clerk, defeated Glenn by about 325 votes.

The Republican Field-Day, at Egg Harbor, was postponed until to-day, on account of stormy weather.

There is talk of resurrecting the old Board of Trade. Good; we hope it will be done.

Primary is over; we'll see who's who on Nov. 4th.

### A False Statement Contradicted.

One of last Sunday's city papers contained an article in which was a statement that charges of intoxication had been preferred against Messrs. Pedigree and Campbell, motor inspectors, who have been working at Elm, and that they had been removed. State Commissioner Lippincott's attention was called to it, and he wrote the following:

September 23, 1913  
Mr. Chas. D. Pedigree, Camden.

Dear Sir: I acknowledge the receipt of your letter of 22nd inst., enclosing clipping which alleges that you were removed from the work on White Horse Pike owing to charges of intoxication.

I am glad of this opportunity to write and assure you that no charges of any such nature have ever been made against you, and that your work in behalf of the State Department has been entirely satisfactory.

I regret that such stories should be circulated, and would be very glad to have you use this letter in contradiction thereof, and would suggest that you make the same public.

## Waking Up.

As a result of Mayor Brearly's  
letter a few weeks since, and the  
"Second the Motion" articles of  
the undersigned which appeared last  
week and week before in your paper,  
it seems likely that things will soon  
begin to move in Hammonton.  
From many sources it comes to me  
that the matter is being quietly  
discussed, and that there is a very  
general desire to re-organize the old  
Board of Trade and go to work in  
earnest to put Hammonton at the  
head of the list of South Jersey  
towns where it rightfully belongs.

Old Rip Vanwinkle is actually  
beginning to bestir himself, and  
show some signs of real life. Did  
you ever see a little "Kid" stick  
his fists into his eyes trying to wake  
out of a deep sleep, and try his very  
best to rub them open? Old Rip is  
just now at that stage of the game.  
He is rubbing his eyes with his two  
little fists and the hope is that he  
will soon have them wide open.

During the week it has come to  
me from a "source or two" that  
Hammonton business men are not  
so much asleep after all, that they  
are equipping the town with side-  
walks, sewers and a lot of other  
things which go to make Hammon-  
ton a mighty fine place to live in.  
In certain directions, Hammonton  
business men are doing well, doing  
a work to be proud of; but side-  
walks and sewers are not the things  
that will make Hammonton grow  
into a modern, wide-awake, up-to-  
date, American town. It takes  
Chautauquas, State Normal School,  
big factories, which give the people  
a chance to earn an honest living,  
and an enterprising citizenship to  
do that; and unless we get out and  
hustle for these, the sidewalks and  
sewers will not amount to much.  
We might pave our streets with gold  
and build forty instead of eleven  
miles of sewers, and it would do  
us little good so far as making  
a real live American city is con-  
cerned, unless in some way we let  
the outside world know what we  
are up to.

The thing that worries many  
good people of Hammonton is, that  
from the trend of events here during  
the past few years they feel that  
this will soon be a discredited town,  
and that all these nice things will  
simply go for naught unless all go  
to work to make Hammonton a real  
live progressive American City.  
Oh, the chagrin, and shame, and  
disgust that many of the Hammon-  
ton people will feel if for lack of  
real enterprise, on the part of those  
whose duty it is to lead, Hammon-  
ton goes to the foot instead of the  
head of the list. Would it be very  
much out of the ordinary if some  
of them should commit suicide,  
rather than live to see it.

Not long since, a big factory de-  
sired to locate in Hammonton.  
The management proposed to give  
steady employment to at least 500  
people. Representatives of the  
concern came to see what they could  
find. At the time, the Board of  
Trade was too dead, too far along  
in the process of dissolution even to  
"stink," and there seemed to be no  
one to take any interest whatever  
in giving them a chance in Ham-  
monton, and they went to another  
town. Will some of our readers  
who are good at figures please figure  
out and report about how much  
Hammonton lost in that one  
transaction.

If Hammonton aspires to be a  
live American city, we must organ-  
ize and go to work. The wag had  
it about right when he said—

"If you have anything to sell from which  
to obtain a dollar,  
Don't whisper it down a well, but climb a  
tree and holler."

Hammonton must climb a tree and  
holler for Hammonton; and one  
thing is mighty certain,—if Ham-  
monton does not do this for herself,  
no one else will do it for her.

J. A. VANFLERT.

Mrs. E. McClelland, Railroad  
Avenue, reports that a covey of  
ten quail have made their home in  
a shock of corn in her garden, and  
come up near the house when hun-  
gry. They flew away when she  
threw a handful of feed from the  
kitchen window, but soon returned  
to eat. One of the birds was seen,  
Tuesday morning, on the roof of a  
store building. It is unusual for  
these shy birds to become so nearly  
domestic, and people are wondering  
whether their actions do not foretell  
a severe winter.
