It is well to remind the people of New Jersey that while Judge Werts, who on Monday accepted the nomination for Governor on the Democratic ticket, is personally a very great improvement on Abbott, yet the Democratic party stands pledged by its platform to uphold those acts which have made the Abbott administration so particularly odious. The recent Democratic State Convention was dominated by an element in full accord with the abominable legislation of the past three years, as was clearly shown by the unqualified endorsement of the party's acts during that time. The multiplication of offices, centralization of power, increase of salaries, and disregard of old established rights and customs were justified and upheld, and the voters are asked to express their approval of the same. Such is the platform upon which Judge Werts is placed, and such is the record on which the people must base their judgment in the exercise of their franchise next month. The only way to reform the politics of New Jersey is to oust from power the party which has so wantonly betrayed its trust, and which now brazenly puts itself on the back for the evil it has accomplished. The election of a Republican Governor and a Republican legislature is the prime need of the hour. While it is impossible to gain control of the Senate this year, yet it is possible to elect John Kean, Jr., Governor, and that of itself will be a long stride toward restoring a safe political equilibrium in New Jersey affairs.

An illustration of the difference between a free-trade editor when talking free-trade and a free-trade editor talking sense is given by the following extract from a Labor Day editorial in the Philadelphia Times, of which Col. A. K. McClure is the editor:

The cold facts are that the working classes in this country are so much better off than elsewhere that the working people of other countries crowd every immigrant ship to share in their prosperity. The working people enjoy more privileges and enjoy more prosperity in this country than in any other, and enjoy them in greater measure now than at any former period.

We wonder if Colonel McClure would have talked in this vein had he been given the chance to engage in joint debate with Governor McKinley.

The official party who prepared the Democratic platform for the Presidential election at Chicago did not dare in their programme to go in fully for free-trade, and they drew up a halting resolution for adoption, which the Democratic Congress [Convention] would not accept. The Congress [Convention], after discussing the subject, formed another committee and unanimously adopted a platform which should warm the hearts of every free-trader, because it is quite free-trade in principle. It is upon this platform that the fight will take place next November. —Speech of Sir Lyon Playfair at the Annual Dinner of the Cobden Club.

Last year over 20,000 of the old Union veterans answered their last roll call. The Inter-Ocean is in receipt of the roster of one old veteran regiment which started in with 1000 men in 1861, and was from time to time recruited with 1,500 more men, and it now musters just 147. If the growlers about "pauper pensioners" will be patient the rolls will soon begin to shorten. The millions of patriotic people will continue to grudge no good thing to the veterans of the old Union army. —Chicago Inter-Ocean.

New Jersey also adds its testimony that prosperity has blessed the working people since the McKinley tariff came. According to the annual report of the Commissioners of Banking and Insurance, the amount due depositors in the savings banks of that State on the first day of January, 1889, was \$29,091,203. On January 1, 1892, the amount had increased to \$33,897,634, a gain of \$4,713,431. The number of depositors rose from 109,752 to 131,739 in the same time. Merely another chapter in the story of protection. That's all.

In its issue of July 29 for the current year, the London Colliery Guardian says in an editorial article:

The protection policy which the Republican party in the United States has so successfully maintained, in spite of the determined attempts of the Democrats to put an end to it, has permitted of so great an extension of their iron and allied industries that that country has taken the place hitherto held by Great Britain as being the largest producer of pig iron and also of Bessemer steel in the world.

Is it not strange that by common consent of campaign-equipment-manufacturers the emblem of the Republicans in the present campaign is the American flag, while the Democrats are forced to content themselves with no flag whatever?

The Best Remedy in this world, says J. Hoffman of Syracuse, N. Y., is Pastor Koenig's Nerve Tonic. My son, who was partially paralyzed three years ago and attacked by fits, has not had any symptoms of them since he took one bottle of the remedy. I most heartily thank for it.

Nervous Prostration, Sleeplessness, and Weakness.

West Haven, Conn., October 1, 1901. The Pastor Koenig's Nerve Tonic ordered was for a young lady of my household, who was almost useless to herself and others, owing to nervous prostration, sleeplessness, weakness, etc., etc. Today there is quite a change. The young person is much better, stronger, and less nervous. She will continue to use your medicine. I think it is very good.

PAINT! PAINT!

—THE—  
**HAMMONTON.**

When you buy the Hammonton Paint, you do not buy seven-eighths of a gallon for a gallon, or three pints for a half-gallon; nor do you get one of those packages that weigh 12 to 14 pounds, and containing so much alkali that it appears to be so thick that it is impossible to use it without thinning; but in buying the Hammonton you get a full standard gallon of paint, weighing 14 to 16 pounds to the gallon, made from the best materials known to the trade, and costs the consumer from \$1 to \$1.50 per gallon for honest paint.

If the purchaser doesn't want honest paint, and wants to be honest to himself, then be sure to buy the Hammonton Paint, and the manufacturer will give a receipt with every gallon sold telling you how to make two gallons of paint out of one of the Hammonton. It will cost 33 cents for the extra gallon.

**One Dollar.**

And then here comes Commercial Paint, in 30 shades, — the best wearing paint ever put on the market for so low a price as \$1 per gallon, and guaranteed to be a first-class wearing paint. If any one should not want to pay so high a price for a good exterior paint, then work the 33 cent racket, and get two gallons for \$1.33. Manufactured at Hammonton Paint Works.

REPUTATION FOR REDUCED WEIGHT. Mrs. M. Campbell, Ayrton, Wis., writes: "The accompanying certificate shows the results of my weight and measure before and after the use of Dr. Williams' Pink Pills. I have gained 25 lbs. in weight and 10 in. in measure. I feel much better and am able to do my work." PATIENTS TREATED BY MAIL. CONFIDENTIAL. For particulars, address, with 6 cents in stamps, DR. C. **HE MISSED HIS OPPORTUNITY! DON'T MISS YOURS, READER.** The majority neglect their opportunities, and from this neglect live in poverty and die in despair. Narrowing despair is the lot of many, as they look back on lost, forever lost, opportunity. Life is passing! Reach out, be up and doing. Improve your opportunities, and secure prosperity, prominence, peace. It is said by a philosopher, that "the wisdom of fortune offers a golden opportunity to each person at some period of life; and if this chance, and the power to seize it, be lost, the golden opportunity is never to return." How shall you find the golden opportunity? Investigate every chance that appears worthy, and of fair promise; that is what all successful men do. Here is an opportunity, such as is not often within the reach of laboring people. Improved, it will give, at least, a grand start in life. The golden opportunity for money is here. Money to be made rapidly and honorably by any industrious person of either sex. All ages. You can do the work and live at home, wherever you are. Even housekeepers are easily earning from \$25 to \$100 per day. You can do as well if you will work, not too hard, but industriously; and you can increase your income as you go on. You can give yourself time, or all your time to the work. Easy to learn. Capital not required. We start you. All is comparatively new and really wonderful. We instruct and show you how, free. Failure unknown among our workers. No need to explain here. Write and learn all free, and return mail. Write to-day. Address at once, H. H. Hallett & Co., Box 500, Portland, Maine.

## Best Republican Newspaper.

The TRIBUNE for 1892.

By H. G. HARRIS on the Tariff.

The Republican party, triumphant in 1891, whereof national issues were at stake, renews, aggressive and bravely, the fight for 1892. The New York TRIBUNE, the oldest, most reliable, and best of all Republican papers, leads the way. During 1892, H. G. HARRIS, of Michigan, the witty orator, will continue in the Tribune his remarkable articles on the Tariff, Reciprocity, Currency, and the Currency. These topics are all understandable; the Republican policy with regard to all of them is right, patriotic, and honorable; but has been thrown in the people's eyes, and the air has been filled with fog by young and tricky Tariff-Mongers. The Tribune's policy is to give, as it has done, a series of articles every week, explaining these questions. Mr. Harris begins at the beginning of every subject, and makes it so clear, that every one can understand and no one can answer him. Ask your neighbor what he thinks of Mr. Harris's writings. He will tell you that they are genial, clear, entertaining, and perfectly unimpeachable. A specialty is made of answering all questions, asked in good faith, on the Tariff, on the Tariff Reciprocity, Currency, and the Currency. The Tribune is the best national Republican paper to supplement your local paper during 1892.

How to Succeed in Life.

The Tribune will also continue the series of articles to Young Men and Women, penned by men who, by their life themselves, with few advantages, have nevertheless succeeded, honorably and brilliantly. It will also reply to questions as to what young men and women should do to succeed in life, under the particular circumstances in which their lot in life is cast. The replies will be written under the direction of Mr. Harris, whose familiarity with American life and opportunities, and whose deep and cordial sympathy with all who are struggling under adverse circumstances, promise to make the replies practical and satisfactory.

Vital Topics of the Day.

Many special contributions will be printed, from men and women of distinguished reputation. Among the topics are: Silver Coinage, the latest views; Proper Function of the Minority in Legislation; to include on a paper each from a Democrat and a Republican, prominent in public life; Harmful Tendencies of Trusts; And Last of the United States; Millionaires of the United States; Free Postal Delivery in Rural Communities; Better Pay for Fourth Class Postmasters; Importance of the Nicaragua Canal; Village Improvement; Our German Fellow-Citizen in America; and many others.

Agriculture.

In addition to the regular two pages a week of how to run a farm and make it pay, there will be, during 1892, special papers on: Hot House Lamb; Model Farms; Tobacco Raising; Sugar Beets; Fancy High Priced Butter Making; Care of Bees; Market Gardening; Live Stock; and a variety of other equally important branches of American farming.

For Old Soldiers.

For veterans of the war, there will be a page a week of war stories, answers to questions, news and gossip. Mrs. Annie Wittenmyer will supply an interesting column of news of the W. R. C. The Tribune's War Stories of the past year have never been surpassed for thrilling interest.

For Families.

Families will value the pages devoted to: Questions and Answers; Household Decoration; Home Interests; Cooking; Knitting and Crochet; Young Folks; and So Forth. A great editorial page will be printed, and fiction, foreign letters, book reviews, travels, etc., and these and fun abundantly supplied.

Premiums.

Descriptive Circular will be sent free. Over \$2000 in Cash Prizes. Send for terms to agents, and raise a club for the Tribune.

Our plans for 1892 contemplate an enlargement of our news department, a perfecting of the other departments, and the bringing up of the entire paper to a still higher standard of efficiency.
