Too Old for Kisses. My uncle Philip, hale old man, Has children by the dozen ; Tom, Ned, and Jack, and Kate and Ann How many call me "cousin ?" Good boys and girls, the best was Bess I bore her on my shoulder ; ____ A little bud of loveliness That never should grow older Her eyes had such a pleading way, They seemed to say, "Don't strike ! Then, growing bold, another day, I liked my cousin, early, late, Who liked not little misses :

She used to meet me at the gate.

Just old enough for kisses ! This was. I think, three years ago-Before I went to college: learned one thing there-how to row, A healthy sort of knowledge. When I was plucked (we won the race), And all was at an end there, I thought of Uncle Philip's place And every country friend there. My cousin met me at the gate ; -She looked five, ten years older-A tall young woman, still, sedate, With manners cover, colder. She gave her hand with stately pride, Why, what a greeting this is ! You used to kiss me." She replied, "I am too old for kisses."

I loved. I love my cousin Bess : She's always in my mind now;

The Republican. H. E. BOWLES, M. D., EDITOR & PROP' BATURDAY, UCTOBER 3. 1674. HAMMONTON, ATLANTIC Co., N. J. REPUBLICAN TICKET. For Governor, GEORGE A. HALSEY. For Congress SAMUEL A. DOBBINS. For State Senator, WILLIAM MOORE, SR. For Assembly, LEMUEL CONOVER. * ** For Sheriff, SAMUEL V. ADAMS. For Coroners, ROBERT T. EVARDS, Atlantic City. DR. EDWARD NORTH, Hammonton ELIAS SMITH, Weymouth. ew know the extent to which the manufacturing interest is represented in Newark. We did not until we visited the Newark Industrial" Exhibition Monday rening of last week. We spent an bour very pleasantly and profitably in examining as far as one could in that time, the curi ous, yet wonderful machinery here in tall peration and the vast stores of goods here on exhibition. Among the most wonderfus-machinery, the most beautiful and useful as we think, was the nail outter, and the paper box manufacturer. It is the "Mansfield Box Machine," and we were informed it would turn out fifteen housand boxes in a day of ten hours. glucing, folding, and finishing, and can be arranged for any size or shape. The nail cutter seemed to be simply a plaything, yet it cut up iron into nails faster than a hen can pick up corn. A curious machine was shown us, like a pegger, but using cable screw wire instead of wood, for fastening bottoms of shoes. This struck us as a valuable improvement over the wooden pag. Our shoe men might find in it something to their advan-There were numerous useful and won derful machines, which we saw, but have not room to speak of now. We can only say to those who have mechanical dustes, and a desire to knew something of what Newark is manufacturing, go and see for rselves. There it is, all in on ing; at least a representative of it. We dou't wonder Newark grows, neither do we wonder that such men as Geo. A Haisey should rise to be representative

men, for it requires the purest, noblest and best brains to conduct and control th highly toyentive, intelligent type of mind that can produce such wonderful results, and gain and retain the respect and esteem which we there found for Mr. Halsey And these are men who are the chooser of public servants, and they are not to b caught with chaff.

Mr. Dobbins knows and feels the want of the laboring classes, and therefore, h would not be likely to vote for or sustain any public measures that would not b for their interest, having been a toiler, hard handed farmer, and knowing he it is himself, their interest can be safel trusted to him and is the man for th place in which we propose to put him. Farmers, Mechanics, Laborers, he is the class of mon we want to do our bus ness. Lawyers have had their day. Fa mers, business men, and mechanics ar coming to the surface, and it is your dut to support such a man as Dobbins. egar Bitters are a purely Vegetable preparation, made chiefly from the nae herbs found on the lower range the Sierra Nevada mountains of Cs. of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAE BIT-TRES ?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator a perfect Renovator and Invigorator of the system. Never before in the bistory of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They ure a gentle Purgative as well as a Tonio, relieving Congestion or Inflammation of the Layer and Visceral Organs, in Bilious Disease.

The properties of DR. WALKER'S The properties of DR. WALKER'S VINGAR BITTERS are Aperient, Disphoretie, Carminative, Nutritions, Laxative, Diuretie, Bedative, Counter-Irritant, Sudorific, Altera-tive, and Anti-Bilious.
