As Council was not prepared to make reply, it was voted to meet with the Commissioners on Tuesday evening, Sept. 30th, to consider the matter.

Petition for opening Eleventh Street across Pennypot stream referred to the Highway Committee.

Ordinance requiring railroad companies to maintain safety gates at certain crossings introduced, and passed first reading.

Ordinance prescribing a penalty for leaving horses unhitched in the public streets, also passed first reading.

Voted, that an ordinance be prepared for the acceptance of Ida Street, from County Road to First Road; Pratt St., from Railroad Avenue to Third Street;

Second Street, from Platt Street to Fairview Avenue.

Solicitor reported no reply from heirs of Mrs. B. J. Byrnes, hence cannot approve purchase of gravel lot,—no title being procurable. Approves title to lot for pumping station.

No satisfaction given by railroad companies in regard to safety gates. Reading company informally offers to build bridge over its tracks at Eleventh Street, provided Town will close all crossings between Eleventh and Twelfth Streets. Chairman was authorized to confer.

Adjourned.

A special meeting was held Tuesday evening, 30th ult., all members present; also Messrs. Wm. Bernhouse, J. L. O'Donnell, and J. E. Watkins, Water Commissioners.

The object of the meeting was to consider ways and means for completing the water plant.

Details were given of contracts so far awarded, with estimates of what will still be required. It was found necessary to sink four wells, a total of 1092 feet, instead of three, 900 feet, as estimated,—increasing the cost \$578. Then, contrary to expectation, the water in these wells did not rise sufficiently near the surface to be pumped by suction, which will make necessary a compressor, costing about \$3000. Besides, there were contingent expenses,—preparing bonds, advertising, broker fees, Commissioner's salaries, etc., etc., which our inexperience did not foresee. The extent of water mains is larger than was at first contemplated, and a strong move is made to have said mains extended from their present terminus at Bellevue Avenue and Liberty Street, to Main Road. Everything costs, and it is estimated that nearly \$10,000 additional will be required. We will then have a water plant complete in every detail, and first-class in every respect.

But here comes the problem which confronted the Council,—how to provide the money. It must be done, or no further contracts will be given, the plant cannot be completed, and all that has been spent will be wasted,—the wells, stand-pipe, and four miles of piping be entirely useless.

After a lengthy conference, Council instructed Chairman Boyer to ask the Solicitor several questions, to about the following effect: Is there any way in which Council can raise the money still needed? If a second issue of bonds is necessary, can a special town meeting authorize them? or will we be required to hold a special election?

One bill was ordered paid,—E. G. Bernhouse, \$4, for moving two of the Town's poor to better quarters for the winter.

Adjourned to Thursday evening.

At Thursday night's meeting, the Chairman reported from the Solicitor that a special election would be necessary; Council could call it, but that might not prove satisfactory. Further, that he found no legal reason why the Town should not have its own electric lighting plant.

It was then voted to call a special town meeting on Thursday, Oct. 16th, at three o'clock p.m.

Orders were voted to pay contractors 75 per cent of the amounts due for the work completed, as follows:

Wm. John Smith, pipes	\$635.45
Kliner & Co., wells	2157.00
Engineer Hutton	615.98

John A. Hoyle's bill of \$3.40, as a special officer on Labor Day, ordered paid. Also street light bill for Sept., \$150, paid. Adjourned.

Messrs. Lewis & Co., extensive shoe manufacturers at Burlington, are considering a move to Hammonton. After correspondence, they have visited the place, and were well pleased. The old hosiery factory seems to suit their purpose. More the merrier, say we.

DANIEL WATERS, Chairman.
Attest: E. C. SHARP, Sec'y.
Absecon, N. J., Sept. 22, 1902.

The Coming Ticket.

Hon. John J. Gardner has been re-nominated for Congressman. He has served with signal ability, has brought honor to the district he represents, and will no doubt be re-elected, as he should be.

It is admitted that Thomas C. Elvins will be re-nominated for Assemblyman, according to custom. Hammonton will be pleased to honor one of her own sons.

For Sheriff, Samuel Kirby seems to be the favorite. That's right; he served one term, and made a good officer.

For Surrogate, John S. Risley, tried and true, is a candidate for re-nomination. There are those who say he has held the office long enough; but we cannot agree with that sentiment. Without saying one word in disparagement of any other aspirant, we believe that the position of Surrogate is most satisfactorily filled by a man of experience. Mr. Risley has certainly been the best Surrogate Atlantic County ever had,—efficient, courteous, prompt, obliging, we have yet to hear of a serious error made by him, or a case where his services have been unsatisfactory.

It is not a question of rewarding party service, but of continuing in office a worthy man, whose knowledge has and will enable many a man to conduct the management of an estate and close accounts with the minimum of trouble to himself and expense to the heirs. We sincerely hope he will be re-nominated.

The ladies have taken this space by the year, and are responsible for all that it may contain.

A woman facetiously remarked, when told that alcohol is good, and has legitimate uses, "Yes, I know; it is a good thing in which to preserve toads and snakes." The time will come when the use of alcohol will be confined almost entirely to scientific purposes. Physicians are coming to realize that they cannot afford to prescribe alcohol in any of its forms if they expect success.

Proprietary medicines are almost all largely alcoholic, and should never be taken on home prescription. Many drunkards are the result of the taking of alcoholic medicines; but the medical profession cannot be held responsible for it all.
