DR. JOHN BULL'S

FEVER and AGUE Or CHILLS and FEVER,

AND ALL MALARIAL DISEASES. :7

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the EAFE, CERTAIN, SPKEDY and FREWAMENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fall to cure if the directions are strictly followed and carried out. In a great many cases a single doss has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any sid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE PARILY FILLS will be sufficient. The proprietor of this celebrated medi-

The Trenton Times, though an independent paper, vigorously opposed the nomination of Leon Abbett by the Democrats, and warned them before their Convention. Now it consistently opposes him, and is doing excellent work for Judge Dixon. In last Monday's issue is an article showing what Mr. Abbett did wirde Speaker of the Democratic House of Assembly, in 1879, to defeat a bill which has since saved many thousands of dollars to the people of this State. Having been called by Mr. A. to show one case where his vote constituted with the interests of the people,

A non-partisan committee prepared a

non-partisan bill, which was passed in the Senate by a non-partisan vote, and which was intended to abolish, and which afterward did abolish, the outrageous and scandalous abuses which had resulted from the loose, extravagant corrupt and partisan administration of the affairs of the State Prison. This bill was demanded by a non-partisan public, and was opposed by a lobby in the interests of the scores and hundreds who had fattened at this part of the public crib-of butchers who had received thirteen cents a pound for meat they were glad to sell for six when the new law went into effect, of dealers in supplies of all sorts who had received double pay for all goods furnished the State, of contractors who had grown rich from the plunder of the earnings of the State's prisoners. It was also op-posed by Leon Abbett, and he alone, of all the seventy-five members who voted against the bill, had the fice to stand up and put his open and maligmant opposition on record. It was a "Republican bill," he said; it would curtail the power of Democratic officials; it would give the "overnor and Chief Justice and Chance for and Comptroller a power which they ought not to have; its constitutionality was doubtful, it might make trouble for the Democratic caucus nominees in the joint meeting and it would do this and it wouldn't do that. Subsequent developments showed that not a single argument of Mr.
Abb.tt's against the bill was well
founded. It accomplished all it aimed
to accomplish, and it has saved the State

millions of dollars since it was passed Did Mr. Abbett really believe all he said against that bill? If he did he doesn't know enough to be the Governor

of New Jersey.
Or did Mr. Abbett oppose the bill for one reason and adduce other reasons in his argument against it? In short, did Mr. Speaker Leon Abbett leave his official and proper place and oppose the State Prison reform bill as a representative of the people or of the lobby? Was he a legislator or a paid attorney? For whom did he appear, the people or the butchers, the bakers and candlestick makers?

Mr. Caudidate Leon Abbett knows whose attorney he was in that case. Ine other *living* man knows Mr. Candidate Leon Abbett's clients at that time. It is Mr. Candidate Leon Abbett's turn to speak-jirst.

Anyone knowing the above varieties, orany experience with any of them, will confer a favor by letting me know, as I intend to try them.

Caution to Apple growers. On Monday last I found a new enemy, in the from_of_the genuine fat-headed bover, which is so very destructive to Western apple-trees. Better watch for him; he makes his entry, usually where the bark is broken or slightly decayed, and throws out little or no dust as he works. His head is flat and large-proportioned much like a tad-pole. If any reader knows this fellow's habits, he would conter a public benefit by telling all about it. WM B. POTTER, M. D.

No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron Bitters is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881. Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hun-dreds who resort to saloons for temporary recuperation.

Brown's Iron Bitters has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

MARGARET SANGSTER. In the bound of mine own inclosure
The flowers are fair to see:
But the rose in my neighbor's garden
Is fairer than all to me.

So white and tender and stately,
So gemmed with sparkling dew.
This rose that blooms for another
Le the sweetest ever that grew. My heart to its grace and beauty
Goes forth as to a shrine;
And I sigh to its mystical fragrance—
"If it were only mine?"

And yet if not my neighbor, But I, in fee and thrail,

Held all that marvelous glory
On the other side of the wall. I might, perhaps, grow weary Of its royal pomp and grace.

And love with my love some daisy
With a shy, uplifted face.

For since the gates of Eden Were shut on Adam and Eve, The flowers we have are never So sweet as those we leave; And rich within my garden Though many a flower might be. The rose that bloomed for another Might seem the best to me.

Mr. Abbett said Friday night that he was pledged to no man. What did he mean, then, in Jersey City when he said "those who do the work are the men who will be rewarded?"

Congressman McAdoo said that Leon Abbett believed in the under dog in the tight. That probably accounts for the interest Mr. Abbett takes in his own

The short of it is that Mr. Abbett pretends to be what he is not. He claims to be a candidate of the people, and he is only a candidate of the liquor saloons and the political strikers. He claims to be an opponent of cornorate aggressions, and he is only a very convenient railroad lawyer, whose election as Governor of New Jersey would just now suit any great corporation inclined to crooked dealing .- N. Y. Tribune.

Judge Dixon's Acceptance. Senator Stainsby, of Newark, Chairman of the committee appointed to notify Judge Jonathan Dixon of his nomination for Governor by the Republican Convention of New Jersey, received the tollowing reply:

Messrs. William Walter Phelps, Albert
Merritt, Benjumin F. Harvey, William
Stainsby, James Buchanan, B. A.
Vail, J. Frank Fort, John J. Toffey,
John W. Herbert, Jr., and John Y.

GENTLEMEN: Your letter is at hand informing me of my nomination for the office of Governor of New Jersey, by the spontaneous and unanimous voice of the Republican Convention, held at stating that you were appointed a com-

mittee to ask my acceptance.

I am deeply sensible of the hone which this action of my fellow-citizens confers. I have not, directly or indirecty, sought to bring it about, nor de personal considerations now awaken in me any desire for the high office for which I am named. But it has always been my opinion that, under our form of government, every citizen was bound to assume that public station to which the reople called him, unless imperapersonal reasons prevented, and it is not for me now to shrink from the guidance of my convictions. There is not and has not been any personal reason strong enough to justify my declining, and therefore, if elected tovernor will undertake the functions of the office and endeavor to perform it

I have considered the views and principles expressed in the platform of the Convention, and I approve them all. The Convention found me holding a public office second to none in the State for opportunities of usefulness and con-sequent esteem. It did not request me to abandon that position for the purpose ot seeking another, and I have therefore concluded, after weighing anxiously the varying counsel of friends, and influenced perhaps (though I trust not unduly) b my own preference, to a wait where am the decision of the people on the choice which the Convention has made. Yours very respectfully, JONATHAN DIXON.

youth, faded or gray hair to a natural, rich brown color, or deep black, as maybe desired. By its use light or red hair may be darkened thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimu-lates a weak and sickly growth to viger. It prevents and cares seurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is uncounled: it contains neither oil nor-dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate,

agreezble, and lasting perfume. MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced failing out, and in a short-time 1-became nearly bald. I used part of a bottle of Aven's HAIR VIGÓE, which stopped the falling of the hair, and started a new growth. I have now a full head of bair growing vigorously, and am convinced that but for the mee of your preparation 1 should have been entirely bald."

J. W. Bowen, proprietor of the McArthur (Ohio) Empuirer, says: "AYER'S HAIR, VIGOR is a most excellent proparation for the hak. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give silvery evidence of the change which decting time procureth, it have used Ayen's Haut Vigor, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 Elm St., Charlestown, Mars., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIOU the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. 4-regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing." a dressing."

We have hundreds of similar testimonials to the efficacy of Aven's Hair Vigor. It needs but a trial to convince the most skeptl-

SCROFUL

las, Eczema, Blotches, Ringworm, Tu-mors, Carbuncies, Bolls, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by emi-nent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores. A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with
scrofulous sores (ulcers) on my legs. The
limbs were builty swollen and inflamed, and
the sores discharged large quantities of
offensive matter. Every remedy I tried
failed, until I used AYER'S SARSTARILLA,
of which I have now taken three bottles,
with the result that the sores are healed,
and my general health greatly improved.
I feel very grateful for the good your
medicine has done me.
Yours respectfully, Mrs. Ann O'Brian."

IFF All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayor's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N.H., writes, June

"Having suffered severely for some years
"Having suffered severely for some years
with Eczenia, and having inited to find relief
from other remedies, I have made use, during
the past three months, of Aven's SansapaHILLA, which has effected a complete cure
I consider it a magnificent remedy for D t
blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weak-

It is incomparably the cheapest blood medicine, on account of its concentrated strongth, and great power over disease.
