FALL and WINTER OPENING---1910---Bank Brothers Store

We present for your inspection a collection of the newest and best makes,—new creations made by America's leading and best manufacturers. Good quality is always our first aim,—low prices never tempt us to buy any goods unless they are up to Bank Brothers standard in quality. We add the lowest margin of profit possible, and turn over to our customers high grade goods at a great saving in price,—never at the expense of the goods. Every dollar's worth of merchandise we place on sale is doubly guaranteed,—by the manufacturer and by us,—thus assuring you of good quality at all times. We invite criticism and just complaints. Should any purchase made here prove a bad investment, your complaint will be intelligently dealt with and all just claims made right.

SPECIAL MEETINGS.

To-morrow evening, the three weeks of union evangelistic services will commence, — the first week being in the M. E. Church; the second in the Baptist; the third in the Presbyterian. They will be held every evening except Saturday. On Sunday evening, Dr. Countermine will preach, — song service commencing at 7:30. Rehearsals have been held two evenings this week, under the able leadership of Mr. E. Alonzo Casselberry, of Philadelphia, and a chorus of fifty voices will be on hand at the services, weather permitting. An excellent book, "Songs of Service," has been purchased for the use of all, and is full of bright and helpful songs. Solos are to be rendered each evening.

Everyone will be welcomed to the meetings. No one is too good or too bad to be helped. Attend as many evenings as possible, and bring some one with you.

Clearing the Lake.

The water is being drawn from Hammononton Lake, for the purpose of clearing out the basin. As Council has but five hundred dollars with which to do this work, we have a suggestion or so which will help to make this a thorough job.

It is already proposed by members of the Board of Trade to devote the money in their treasury to that improvement; and we heartily approve the suggestion.

Then, there may be many men who can and will give one to ten days work each to help extend the improvement. Fifty men working five days each, would add materially to what is done. Of course, the actual stump and water labor will be done by men hired for the purpose; but there will be much chopping, brushing, grubbing to do, along the shore.

There will be a great quantity of rich muck to take out. One man said: "I want seventy-five loads, and I am willing to haul it away." There may be others, and they are requested to notify Council of their wishes.

As we understand it, the intent is to begin at the County Road, open a wide channel to the present boat wharves, and continue as far as money and voluntary contributions of labor will carry it.

This Lake is an attraction worthy of care, and patriotism calls for every man's help. If you will do anything, notify J. N. Rogers, the chairman of Property Committee, or any member of Council.

Do it now!

An Answer by the Poor Losers

Let them talk about the pennant who don't win the games that were scheduled, or figure the percentage.

Who has ever seen the pennant of the Atlantic County Championship? If there is one, the County Capital Base Ball Team has guarded it well.

It is very easy to figure the percentage as it stands at the present time. The question is, how would the percentage figure if the Capital team, or Asst. Manager, had played the series as they were scheduled throughout the County?

The County Capital managers cancelled all games they had with Pleasantville, Egg Harbor and Hammonton. They also forgot that he shook hands Egg Harbor and Hammonton managers, agreeing that they would not play any men except local talent, and would not get any professional players, — which Pleasantville, Egg Harbor, and Hammonton have lived up to this season.

Mr. Stewart, Assistant Manager, said, "Let the disgruntled talk." It is up to the readers to form their opinion who the disgruntled ones are, — the ones who are willing to live up to their word of honor, or those who offer the excuse that their base-ball ground is full of sand-burs, and that they have run out of money (to hire Atlantic City batteries to get the lead). Then, after they have secured the lead, he cancels all dates for balance of this season, saying, "I have put up enough already this season. I will consider the games called off; trusting this will be satisfactory to you."

Obituary.

MCANNEY. Tender and impressive services were conducted by Rev. J. E. Shaw, over all that was mortal of Mrs. Susanna McAnney, at the M. E. Church, on Tuesday morning. He spoke eloquently of her sterling worth as a woman, her unselfish devotion as a wife and mother, her faithful life as a Christian for more than fifty years, and of her wide-spread influence, reaching far beyond her own home and family. Those who knew her most intimately knew best how true and consistent a life she lived.

And the flowers, from Ladies' Aid Society, W. C. T. U., Epworth League, neighbors and friends, gave expression of love and appreciation of her beautiful character and life.

Mr. Shaw spoke of the life beyond, and the meeting of loved ones, in most beautiful terms, and offered tenderest sympathy to the bereaved husband, children, grandchildren, great-grandchildren, and those who by law were her children and had endeared themselves to her by untiring devotion through the years of their relationship.

Two of Mrs. McAnney's favorite hymns were sung, tenderly and sweetly by Mrs. Cunningham and Miss Nettie Monfort. Mrs. H. L. Monfort, at the organ, put love and tender sympathy into the strains of "There's a witness in God's mercy," and "The Lord our God is clothed in might."

At Pleasantville, where interment was made, Rev. Mr. Wells spoke with great power and feeling of the far-reaching influence of the beautiful life so recently gone out, and of the great reward, the eternal rest, and of the happy meeting and re-union with her loved son Charles, and others who have gone before.

"Jesus, Saviour, pilot me," was beautifully sung by a quartette, and Mrs. Wells sang, for the comfort of the bereaved and broken hearts, "God will take care of you," every note coming from the depths of a heart of love and sympathy, every line coming as a message from the loving Father.

Many friends were there to weep with those who wept when they saw the loved form laid away in the last resting-place, beneath a mound of beautiful flowers.

The loved clay was tenderly borne by the loving hands of her two sons, J. Al. and David A. McAnney, two sons-in-law, George Carson and Wm. A. French, and two grandsons, Olcott McAnney and David McAnney Adams.

Mrs. McAnney was born in Burlington, Co., N. J., June 8, 1837; departed this life Oct. 1, 1910, in Hammoniton, N. J. She leaves to mourn her loss, her husband David H. McAnney; two sons, J. Al. McAnney, of Pleasantville, N. J., David A. McAnney, Philadelphia; three daughters, Mrs. Williams Craig, Ohio; Mrs. Geo. W. Carson, Atlantic City; Mrs. Wm. A. French of Hammoniton. Also nine grandchildren and three great-grandchildren, besides a host of relatives and friends.

Her work on earth is done, and she has entered into that eternal rest, where sorrow never comes, and where God shall wipe away all tears.

Miss Nettie M. Monfort has resigned her position in connection with the Osgood-Whiffen Conservatory of Music, and will continue, as usual, to give instruction in voice culture, at her home, on Bellevue Avenue.

Prevention Better than Cure.

So many reports have been spread
since last Monday, when Mr. D. C.
Bowen, State Sanitary Inspector,
made an investigation regarding
the cause of the ten cases of typhoid
fever which have been reported
since the beginning of the present
year, I wish to make a statement
to contradict the rumors that are
prevalent.

I was with Mr. Bowen in his
cavass. Every case of typhoid
fever was investigated. Several of
them were contracted away from
Hamonton; some, no doubt,
originated here; and this will con-
tinue to be the case until there is a
sewerage system in town. Some
of the out-houses are in a very un-
sanitary condition, the filth being
open to flies, which are liable to
carry infection to the food on our
tables. Until this is corrected, it
is urged that every householder
procure fresh lime and cover the
excrement, which will kill all the
bacteria therein.

The rumor regarding the milk of
one of our dairies being contami-
nated; also, another to the effect
that a dairyman was found using
formaline to preserve his milk, are
both groundless. The milkmen
have been notified not to leave
milk bottles at residences where
there is a case of any contagious or
infectious disease; and no bottles
are to be taken therefrom until
instructed to do so, in writing, by
the Board of Health. In such
cases the bottles are to be thor-
oughly disinfected before they are
again used.

The official report has not yet
been received, but it is expected in
a few days. Respectfully,
J. C. BITLER,
Sec'y Board of Health.
Oct. 6, 1910.

Good Suggestions.

MR. EDITOR:—Will you kindly
allow me to make a suggestion to
the Board of Health, or whoever it
may concern?
Piles of trash on the sidewalk
spoil the beauty of our streets, but
it is a great convenience to have
the stuff removed. Could there
not be a sign agreed upon, whereby
the collectors might know where
to stop? A card of specified color
might be displayed, or perhaps
someone can suggest a better plan.
The printer could probably furnish
such cards at reasonable cost.

Dr. Cunningham's letter was
timely and re-assuring; but has
there been an investigation to de-
termine the cause of those typhoid
cases where the patients have not
been out of town?

I believe cess-pools are danger-
ous, for the gases escaping from
them mingle with air we breathe.
As we cannot, at present, have
sewerage, we ought to learn the
best way to make these cess-pools
sanitary. If the use of disinfect-
ants will do this, cannot some one
tell us what to use; how much
and how often to use it, and reason-
ous therefor? If the "Republican"
would print such directions, it
might be of great benefit to the
town. A TAX PAYER.

THOS. O. ELVING, P.M.

There is a movement among
good citizens to compel certain
business men to keep their shops
closed on Sundays. This violation
of moral and civil law is becoming
too prevalent in town and should
be stopped; also the gatherings in
front of pool-rooms, etc. Screens
should be removed from bar-room
doors and windows, and not be
replaced at late hours, as some say.
