Domestic Science Course.

The department of Domestic Science in the Atlantic County Vocational Schools will open the classes in Hammonton on Monday, Nov. 1st. Short courses will be conducted for six weeks.

As it is impossible, in any great measure, to treat the large subject of home economics in a six weeks' course, it is planned to take up a few definite and important phases of the work and study them thoroughly. An outline of the proposed work is as follows:

6 lessons on cooking of vegetables and staples—Mondays
6 lessons on bread, rolls, and pastry—Tuesdays
6 lessons in plain sewing, with use of machine—making of dresses—Wednesdays
6 lessons on infant feeding and diet for children—Thursdays
6 lessons in general science of home economics—Fridays

Classes will also be held in the evening for those who do not find it possible to attend in the afternoons.

This work is for all women who are interested and desire it.

Enrollment may be made on Monday and Thursday afternoons, from three to five, and Saturday evenings from seven to nine, in the Civic Club Rooms, on Bellevue Avenue, above Third Street.

Those who desire to take work in this department are urged to see Miss Forman at the first opportunity. Miss Forman will also be glad to assist in any problems of home management whenever they are presented to her.

I desire to thank the public for their kind and sympathetic help in my time of trouble.

Mr. and Mrs. Ernest L. Hopping and daughter, Irma, were visitors at the home of his brother Frank for a couple of days. He is chief draughtsman in one department of the General Electric Company, in Philadelphia.

At the Town Bond sale, on last Monday, there were ten bidders, from New York, Philadelphia and Camden, beside those of our own banks. The Security Trust Co., of Camden, were highest bidders, and received the award. Of course they made separate bids for the ten and thirty year bonds, but the average premium is about \$2.13 on each \$100 of the total \$117,000, giving the Town \$2492.60. It is conceded that this sale is a good one, decidedly complimentary to the Town.

SATURDAY, OCTOBER 9, 1915

The past week has been a good one for jitney owners. Only seven more week-days, after to-day, in which to hustle, after sufrage couriers.

Yes, it was a delightful visit, and our friend never tires of relating the unexpected pleasures which came to him. Attend the tax sale this afternoon, at two o'clock. There are quite a number of properties to go under the hammer.

Collector Davis will soon hold his "annual opening" of tax bills, and will issue a couple of thousand invitations to friends to participate. Mrs. di Fabrizio, one of our cultured Italian citizens, presents a good argument for woman sufrage; but if, as she says, our proposition to allow women to first vote on the question, "would result in some lively hair-pulling," we cannot help wondering what would happen had they full rights and were discussing some political problem.

In another column we have an article in regard to a course in domestic science. We believe this to be an excellent thing, and hope that many of our women and girls (age is not limited) will take advantage of the opportunity to learn, practically, how to cook, what foods are necessary to sustain life; also, the making of garments and general sewing. We will have more information, later.

The Presbyterians are receiving deserved contributions toward the purchase price of a pipe organ. The time of the old reed organ is rapidly passing. The Methodist people have been enjoying their pipe organ for the past few years, and naturally, the other Churches desire one also. The Baptist choir has been accumulating an account in the bank for at least five years, from dues and voluntary contributions of its own choir members, and they hope ere long to purchase the long-looked-for instrument. And we wish them all good luck.

Comrade Henry R. Andrews had a most delightful time during his trip to the National Capital, in attendance at the encampment of the G. A. R. Incidentally, he went down to Mount Vernon and visited the old Washington homestead, with its relics and curiosities. Returning, he stopped at Alexandria, and there found Frank Michelbach, whose father had been in his employ many years ago, on cranberry meadows. He received a royal welcome from the family, who held him captive for several days, taking him on automobile trips over historical fields in Old Virginia, and making him happy by loving ministrations.

During this time, the Comrade came across one Fountain Beattie, a prosperous real estate man, who was a member of the famous Moseby brigade (we used to call them guerrillas), and the two found that they had participated in various affairs during the war, on opposite sides. Their talk proved mutually entertaining, and each counted one more friend gained.

Hallow E'en Plans.

At the meeting held on Wednesday evening, there were many plans laid for a successful celebration this year. The date recommended is Friday, October 20th, as this would suit the merchants better than on Saturday, and would not encroach on the Sabbath.

Various organizations will be represented. The Civic Club will have a float; the P. O. A., Red Men, P. O. S. of A., and probably others, will participate. The starting hour will be eight-thirty, sharp, the line forming at eight o'clock, on Twelfth Street, in front of Terhoun's office. The line of parade will be up Bellevue to School Lane, to Vine Street, to Egg Harbor Road, to Bellevue, to Third, to Pleasant, to Egg Harbor Road, to starting point. Prizes will be given, by popular subscription. The Civic Club, it was reported, had agreed to serve lunch to the band, which will be in line.

The next meeting will be on Friday evening, 15th, at Secretary Johnson's. It is desired that all who are interested in a good old-style Hallowe'en fantastic parade should attend. Messrs. Delker, Hearing and Goddard will be pleased to receive suggestions and give out any information desired.

Charles Kendall has re-enlisted in Uncle Sam's service, and will be found on the "North Dakota." While on the Kansas, he received prizes as best bugler and for his marksmanship; and while here recently, received a medal-button and commendation from President Wilson, for his excellent record. All Hammoncton wish him continued success.

The annual meeting of the Methodist Men's Association will be held in the Church next Wednesday evening. The semi-annual election of officers will take place. Refreshments will be served.

You are invited to a recital given by the pipe organ committee of the Presbyterian Church, in the lecture room, Friday evening, 15th, at 8:15. This is the closing night of ten days campaign which opened so successfully on Tuesday.

Music as an Elective Course in the Public Schools.

Dr. P. P. Claxton, Commissioner of the National Bureau of Education, in Washington, in submitting to the Secretary of the Interior a report on Music in public schools, says: "Sooner or later we shall not only recognize the culture value of music, but also begin to understand that after the beginnings of reading, writing, and arithmetic, music has greater practical value than any other subject taught in the schools."

When it is understood that Dr. Claxton is supported in his contention by educational authorities throughout the country, then we are awakened to the fact that there must be good cause for so positive an assertion. After examining Dr. Claxton's quotation from various sources, the reason why music has not (excepting in very few cases) been given serious consideration and definite recognition as applied to the public school curriculum, are two-fold. First reason is, the attitude of the general public towards the art. The second is (and to relate the chaotic condition of music teaching as a profession.

In relation to the former, the average citizen looks upon music as a surface gloss, as something with which to while away an idle moment, or at best, as what is broadly termed an accomplishment. This can be accounted for by the competent teaching and consequent inability to understand and thoroughly appreciate the fundamental principles of the subject as a study. Rightly taught, the possibilities of music as a training in mind discipline, as a medium for quickening the power of perception, and as a means of strengthening the retentive faculties are remarkable, for it is a well known fact that the basic principles of music are founded on science and logic. The branch of mathematics is more exacting. No subject possesses greater breadth, nor is there any division of a scholastic course having greater cultural value.

Realizing all this, and the necessity for definite action in the matter, Mrs. Clara A. Brown, of Hammoncton, brought the question of school credit for music before the Board of Education with flattering results,—one result being that the Supervising Principal, N. C. Holdridge, has written a letter endorsing the movement, which, along with other communications, of similar nature from a majority of the cities and towns throughout the state, will be laid before the Commissioner at Trenton in the near future, in order that the plans as formulated may be approved, and arrangements made to have the necessary recognition given.

The idea is to have a music teacher's qualifications examined, and those qualifying to have the privilege of marking the student's musical progress,—such marking to be recognized and authoritative by the "Reduct Board." The text material to be used, and progress of the pupil, to be as high in efficiency as the "Progressive System of Music" of G. Schirmer, or a work of similar nature. It is proposed to request twenty-five per cent of the total credits for graduation be allotted to music. It is further more understood that music shall be elective.

Aldo from Hammoncton, towns in South Jersey who have entered into this plan and promised their assistance at the Atlantic City, Glassboro, Woodbury, Camden, Com.

At the Board of Trade meeting, Tuesday evening, the subject of a Hammoncton semi-centennial was agitated, for next year, and Messrs. Delker, Cottrell and Hearing were appointed a committee to keep the matter stirred up.

A resolution was passed, at a meeting of the Woman's Political Union, held Sept. 28th, extending thanks to the Hammoncton Band for their courtesy shown to the occupants of the sufrage automobile, in playing to gather a crowd for their speakers at the carnival at Egg Harbor. Their courtesy was very much appreciated by the members of the Union.

Friends of Mr. and Mrs. Carson regretfully bade them good-bye, on Saturday, when they moved back to Atlantic City, leaving "The Cedars."

FORD, the UNIVERSAL CAR.

ANNOUNCEMENT.

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout	\$390
Ford Touring Car	\$440
Ford Town Car	\$640

No Speedometer Included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915, we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September, and October, 1915.

WHEN driving a binder it's aggravating to have to stop because "the twine went wrong."

Sometimes the trouble is a bad spot in the twine—sometimes a tangled ball. Such delays are the real price you pay for cheap twine.

PLYMOUTH TWINE

speeds up the work—cuts down the costs. Plymouth is stronger and ties more bundles than any other brand. The quality never varies and the balls don't fall down. If you want an easy and economical harvest, get your twine from us. And take our advice, order Plymouth EARLY.
