Hallowe'en plans are being perfected, and will be announced in detail next week. There will probably be three bands, and more and more valuable prizes offered. The line of march will be changed. They ask all to co-operate.

Readers can readily appreciate the pleasure with which two town boys—Harry Croasdale and John Lucas, accidentally met in the V. M. C. A., "somewhere in France," recently.

The Columbus Day parade was pulled off yesterday afternoon, and creditably, too. Several interesting addresses were made, during the rain, at Park Hall. Of course the fireworks were postponed until this evening,—if it doesn't rain.

Daminger Brothers were awarded the Rotary Club prize of \$50 in gold, for the best looking orchard of over two acres in the county. Naturally, the enterprising young peach growers are pleased; but they give much credit to instruction received at the Vocational School.

A white frost, Saturday night, did considerable damage to dahlias and other fall flowers.

A pretty church wedding was solemnized on Tuesday evening, Oct. 9th, in St. Paul's Episcopal Church, Paterson, N. J., when Mr. Charles D. Loveland was wedded to Miss Florence H. Bell. The bride was attended by bridesmaids and the groom by best man and groomsmen, relatives and college mates of the popular young couple. A large reception followed the ceremony, after which they left by auto for a week's trip. They will go to housekeeping at Pittsburg. Charles was a graduate of Hammononton schools, and one of the most highly esteemed. All unite in extending best wishes.

Frederick Measley, Sr., one of Hammononton's oldest and most highly respected citizens, passed to his eternal reward on Sunday morning last, from his home on Oak Road, after an illness of about five months, aged 66 years. A native of Switzerland, Mr. Measley was brought to this country when a small boy, and after a change or two settled on the Oak Road farm where he died. His wife and two sons and three daughters survive him. Funeral services Thursday afternoon, conducted by Pastor vanDright, assisted by Rev. W. L. Shaw. Interment in the family plot, Oakdale Cemetery.

**SATURDAY, OCTOBER 13, 1917**

Get busy with those Hallowe'en togs. The committee intends to pull off the jolliest time Hammononton ever had.

Well, the State Normal question has been settled. Atlantic County students will have to go around Robin Hood's barn to get to the new location, Glassboro.

The Red Cross workers need a new sewing machine in their work room; and for the purchase of "same" girls are canvassing for money. Help them, as the need is urgent.

Do you realize that after Nov. 1st you will have to pay three cents postage on every letter going out of town, and two cents on each postal card? That means that an extra one cent stamp will have to be placed on each postal, until the present stock of penny ones is exhausted. Souvenir cards will require two cents if any message is written thereon. For other "war taxes," read article on second page of this issue.

The Home Guards certainly presented a fine appearance, yesterday. An article "Food will Win in the War," on second page, will be found of interest. Wm. F. Hanstein, well known throughout Atlantic County, is the Director for this county, and we trust that our people will aid in every way possible in the education canvass to Oct. 24.

**The Drink or the Job.**

You young men, or middle-aged men, or old men, had best take note of the signs of the times, and make up your minds to the fact that in this day and generation it is your drink or your job. You may compromise with your conscience, or laugh at the oracular temperance orator, but you cannot fool the man with your job in his hand. Nor can you sign a truce with the growing ostracism that separates success from the man who habitually crooks his elbow.

—Atlanta Constitution.

**HELP BUILD A BIGGER, BETTER HAMMONTON.**

The platform on which I seek your support is composed of seven planks, all of which are intended to promote Better Government for the people of Hammononton. I want no man's vote because I am the candidate of a certain party, and I hope no man will refuse me his support because I am not the candidate of his particular party. I solicit your vote, and will truly appreciate your support if you will cast your ballot in my favor for the reason that you believe I am sincere and earnest in my attempt to promote the welfare of the people of Hammononton, in which I have spent 15 of the best years of my life. I have little in worldly goods to show for these years of work, but a rich fund of experience.

And after a careful, prayerful study of the situation, I have no hesitation in stating that to have better government, and a lower tax rate, the people of Hammononton must first settle the liquor question. How to do this, and not increase taxes, I will explain in the next issue of this paper. Read the explanation, weigh it carefully, judge me accordingly.

The other six planks in the platform are all based on the experiences of men who have served in Council, and while some of these not conversant with the conduct of municipal affairs may not view them with approval at the outset, we feel that after the explanation which the writer will give, covering each point, that if the voter will question those Councilmen who have been on the alert for the good of the town that they will find the writer of this open letter is correct, and that the application of the principles to be enunciated will insure to the benefit of the town. Lack of space will not permit further details this week. Read, think—reserve your judgment until all these letters are concluded—then act for the best interest of yourself and your friends.

Yours for Good Government,

THOMAS B. DELKER.

**From Credit to Cash!**

Extended Credit is no longer a necessity. Changes during recent years often make charge accounts undesirable. Larger mark-ups needed to carry accounts!

Some years ago we made a change in the basis of our business, and we feel certain that it has been heartily approved by our customers. Years ago, credit was a necessity; first, because custom demanded it; second, because when business began transportation and banking facilities were limited. But it is no longer a necessity; it has even become a burden on the customer, as well as on the dealer. Money is more plentiful; the laborer gets his pay as soon as he earns it, and the farmer may sell his produce when he wishes. It is more expensive to the buyer. Every time you buy a pair of shoes of us as a credit firm, you pay more for them than you would on a cash basis. We need less profit to keep our business on a sound business basis if you pay us cash, than if we must charge what you buy for six months or a year. Could a bank loan its money without interest, and be stable? Not very long. The principle is the same in our case.

Here is the way the cash basis applies to our business: Out of every dollar you spend for footwear, that part of it which would be required to carry the book account is handed back to you; and let us state that that part is five per cent.

A cut of five per cent on our stock, at its present low prices, make us the lowest price shoe store in the vicinity, quality considered. This store may congratulate itself on your steadfastness in its support.

Our stock is fresh at all times. We carry more styles, and are better equipped to handle them; and best of all, we give better service. It will mean new blood in the veins of our business.

If we give better shoes, a larger stock to select from, fuller equipment, better service, and all at lower prices, will it not be worth while?

### HOW TO USE THE FLAG

Congressman Bacharach  
sends the following rules  
in regard to the proper  
use of the Flag. Laws do not  
cover the matter, but these rules,  
formulated by the D. A. R., are  
approved by Government officials:

1. The Flag should not be hoisted  
before sunrise, nor be allowed  
to remain up after sunset.

2. Whenever possible, the flag  
should be flown from a staff or  
mast, but should not be fastened  
to the side of a building, platform,  
or scaffolding. It should not be  
used as a cover over a table, desk,  
or box, nor where anything can be  
set or placed upon the flag.

3. When the flag is used as a  
banner, the union should fly to the  
north in streets running east and  
west, and to the east on streets  
running north and south.

4. When flags are used in unveil-  
ing a statue or monument, they  
should not be allowed to fall to the  
ground, but should be carried aloft  
to wave out, forming a distinctive  
feature during the remainder of  
the ceremony.

When the American Flag is used  
out of doors, it should always be  
allowed to fly to the breeze.

When the flag is used in a fixed  
position, the union should be on  
the left as you face the flag.

When the flag is used as a ban-  
ner, but in a fixed position, the  
union should be on the right as you  
face the flag.

For indoor decorations, the flag  
may be caught up in many artistic  
fashions, and used with bunting,  
garlands, plants and flowers, but  
should never be placed below a  
person sitting.

When clusters and draping of  
colors are desired, bunting or cloth  
should be used, but never the flag.

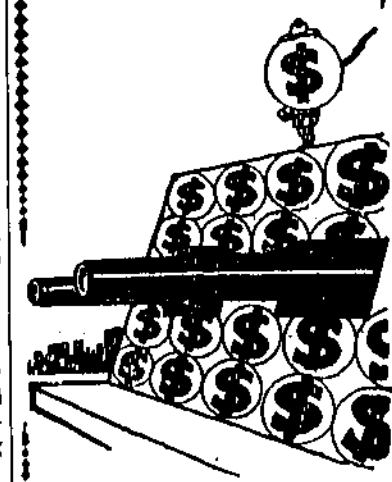

When the flag is flown at half  
staff, as a sign of mourning, it  
should be hoisted to full staff at the  
conclusion of the funeral.

When used on a bier or casket,  
at a funeral, the stars should be  
placed at the head. In no case  
should the flag be allowed to touch  
the ground.

During the period of the war,  
there is no better way by which we  
can show our patriotism than by  
flying the Stars and Stripes from  
our residences or business houses  
every day.

## Hammonton Cranberry Company Notice.

To the Stockholders of Hammonton Cranberry Company:

GENTLEMEN: The following is a copy of a resolution duly  
adopted at a meeting of the Board of Directors of the Company, duly  
convened and held on the fourteenth day of September, 1917:

"RESOLVED, That in the judgment of this Board it is  
advisable and most for the benefit of the Hammonton  
Cranberry Company that the same should be forthwith  
dissolved; and to that end it is ordered that a meeting of  
the stockholders be held on Thursday, the eighteenth day  
of October, 1917, at ten o'clock A. M., at the office of the  
Company, at the east corner of Bellevue and Central  
Avenues, Hammonton, N. J., to take action upon this  
resolution; and further, that the Secretary forthwith give  
notice of said meeting, and of the adoption of this  
resolution, within ten days of this date, by publishing said  
resolution, with a notice of its adoption, in the South Jersey  
Republican, a newspaper published in the Town of Ham-  
monton, for at least four weeks, once each week succes-  
sively, and by mailing a written or printed copy of the

## We have only a Few Hudsons to Sell

There is a scarcity of Hudson Super-Sixes at the  
Present Low Prices. Our shipment is  
nearly exhausted

You can make a substantial saving  
on Hudsons now. Do not put off buy-  
ing yours until it is too late.

You know the popularity of the  
Hudson. When former cheaper cars  
could be bought at \$200 and \$300 less  
than the Super-Six, no two of them had  
sales equal to those of the Hudson.  
Now over fifty other makers of automo-  
biles have advanced their prices from  
\$100 to \$700 since the first of January,  
and the Hudson price remains the same.

Is it any wonder that Hudson sales  
are larger than ever—that the demand  
is so great.

The schedule of production for an  
automobile factory calls for a definite

output for a year. Materials are pur-  
chased and the cars allotted to dealers.  
When these cars are sold, materials  
bought on a later market go into the  
next production.

Materials to-day cost considerably  
more than they did a year ago, and so  
Hudsons will cost more. Other makers  
have had to increase their prices—but  
their materials were exhausted long ago.  
Hudson was more fortunate.

This is an opportunity to buy a car  
that has a world record for performance  
and endurance. Over 40,000 now drive  
Super-Sixes. It is the largest selling  
line car.

We can fill a limited number of  
orders for immediate purchasers.
