### Electric Lights in Hammonton.

ED. REPUBLICAN:—Owing to the difficulty of fairly considering a subject in detail where the time is limited, as was the case at the town meeting last Saturday, the plan suggested by the gentlemen who offered to light the town is perhaps not well understood.

At present we are paying about \$500 per year for very poor light, yet to abolish them would cause total darkness, a very undesirable condition in these days of burglaries and night assaults. We have no police system, and with partial light, it is unsafe to go on roads that are dimly lighted, the sidewalks being shaded with hedges and trees.

Outside citizens, instead of opposing electric light, should insist upon arc lamps along Main Road, at the intersections of Middle, Basin, Pine, and Oak Roads, and at Elvins', which would illuminate Main Road and also well into the roads named. This may cost a little more, perhaps, but after expending the sum voted, could not be considered excessive. What the farmers should now do is to insist on receiving some of the advantages, as compensation for their share of taxes paid.

If the town established its own plant the first cost (for engines, etc.), assuming \$1200 to represent the interest on the bonds necessary to procure the money, would amount, at five per cent., to \$24,000, which sum would be a mortgage on the town. Under the arrangements adopted we pay \$700 per year more than at present, with better lights, but the town is not bonded.

Another point is that there never has, in any town, been an enterprise proposed where individuals were responsible for large sums, that someone did not secretly accept a bonus for favoring certain parties, or were unjustly charged with so doing. If you keep the subject of light open, and defer enterprise until a more favorable opportunity appears, you leave the door wide open for the gratification of the desire of some selfish official whose personal interests must first be subserved; and when you can avoid such a condition one-half of your battle is won. In making this assertion I reflect on no one particularly. Every community has good and bad among its members, and the wheat is not separated from the chaff until blown through the fanning-mill.

The gentlemen who propose to light the town expect to live among us and identify their interests with ours. They furnish the capital and do the work, expending their income in our stores and among our workmen. The town is not bonded, and if they violate their contract they lose their franchise. They are certainly entitled to some privileges and advantages. They are not expected to do these things for pleasure, or for nothing.

I am sufficiently bold to assert that if the lights are operated for six months they will be appreciated. In fact, I believe that, at the end of that time, should an effort be made to dispense with them, there would be a vigorous protest from all our citizens.

It is the best opportunity to secure light that we ever had, and all splitting of hairs, legal quibbles, and hypocritical pretences of getting something better, are but entering wedges for bonding the town, and opening the door for speculation at the expense of the people.

Vote down every measure which hands your money over to individuals to dispose of as they see fit, as you can get water and light cheaper by paying cash for it than to pay interest every year and never reduce the principal of a bonded debt.

It will be fifty years before the town will get water and lights if we wait for something to suddenly appear, yet it is only the matter of a few postage stamps to receive propositions. Already I have received, since making known to outside parties that the town was considering a water supply, three propositions, each being one-half the estimated cost proposed here. Others can also make an effort to secure offers. I am not on any committee, or have anything

to offer, but I do not desire that this town shall be bonded for \$25,000 for water as long as there are parties who will do the same work for one-half that sum.

We have adopted a proposition for light. Unless the people (who voted almost unanimously for it) stand firmly for the proposition, selfish parties may use every quibble possible to prevent a consummation of the enterprise.

P. H. JACOBS.

### ELECTRIC LIGHT MEETING.

The special town meeting, called to receive and consider the report of the Council's Committee on Lights, was held last Saturday afternoon, Oct. 10th. Called to order by Town Clerk O'Donnell, at 2:12.

Wm. Cunningham was chosen chairman; J. L. O'Donnell, Secretary.

Call for meeting read. Chairman read extract from minutes of last annual town meeting, authorizing the investigation which resulted in the report to be presented.

Secretary then read a communication from Messrs. John D. Ball and W. J. Sheetz, in which they proposed to light the streets of Hammonton, 365 nights per year, from dusk to midnight, with electricity, for the sum of \$1200 a year, the lights to be twenty-four 1200 candle power arc lights or their equivalent in part arc, part incandescent lights, distributed as Council may direct.

Clerk also read communication from the Penna. Globe Gas Light Company, of Philadelphia, proposing to light the streets with naphtha lamps at prices varying from 18 nights per month at \$16.25 per lamp per year for plain burner to \$25 for improved (Welbach) burner; or 20 to 22 nights per month \$19 or \$29 per lamp.

On motion reports received. Moved by P. H. Jacobs, that Council be authorized to enter into contract with Messrs. Ball & Sheetz, trading as the "Hammonton Electric Lighting and Power Company," to light the streets of Hammonton, as proposed by them.

J. C. Anderson offered an amendment, to insert the words "or any responsible company that may be formed." Amendment lost; vote 28 for, 57 against.

H. M. Phillips moved to amend by inserting the words "for five years." Lost.

Original motion adopted,—for, 80; against, 5.

Moved by C. F. Osgood, that this meeting approves of the company's third proposed system of lighting,—part arc, part incandescent lamps. Carried.

Several motions were offered about this time, in regard to publishing details as proposed by Council; to lay on the table; to employ attorney to draft ordinance, etc., but the real business being completed, a motion to adjourn was made and carried.

In order to ease the minds of a few of our friends, we wish to say that the publishers of the REPUBLICAN have not and will not receive any consideration whatever, of any character, for the part we have taken in the present electric light agitation. Our sole incentive in bringing Messrs. Ball & Sheetz to Hammonston was the felt need of improved lighting, and the conviction that the present was a favorable time to introduce the electric system, as stated in our issue of Sept. 19th. That our judgment was correct was amply proven by the handsome vote given at last Saturday's meeting. Now, unless some underhanded work is done, we shall soon see our streets illuminated, and stores and houses relieved of the labor, dirt, and smell of kerosene. The REPUBLICAN will be satisfied to share in these benefits, with others. This will be our reward for introducing and advocating the scheme.

A well known Italian farmer has for some time made a practice of pasturing a small herd of cattle along Main Road much to the annoyance of people using that street. The other day a lady and her children were detained for half an hour, fearing to pass through the drove, until a gentleman kindly took them into his wagon toward their destination. School children are forced to leave the road and take a roundabout course through the fields. The town authorities should at once put a stop to this practice, of which this instance is but one of several.

The Sons of Veterans held a very enjoyable and important business meeting on Wednesday evening. H. C. Leonard was appointed Quartermaster in place of M. S. Whittier, resigned. The boys will at once incorporate the Camp. Their new room in Mrs. Blum's new building, is to be nicely furnished in a few days, and they are the first organization to arrange for electric lighting. No meeting will be held next week. A dedication celebration is in the hands of an able committee. The G. A. R., Post and Woman's Relief Corps will participate.

The W. C. T. U. of Atlantic County, at the recent convention, condemned by resolution the posting of beer advertisements in the Reading depot at Atlantic, and also sent a protest signed by the county officers to the receiver of the road, asking that the signs be removed or their patronage would be withheld. We note with pleasure the following item from the Atlantic Review of last Saturday:

"The conspicuous signs, advertising a certain brand of beer, which have ornamented (?) the depot of the Reading Railroad, have been removed, owing to unfavorable comments by numerous patrons of the company."

Now that this is accomplished, cannot we ask our Council that they remove a sign situated at the corner of Twelfth and Railroad Ave., saying to the good people of this local option town that within two and one-half miles they may find on tap that which if indulged in will lead our young men and boys to ruin and disgrace.

**FIEDLER'S.**

A certain party who failed in his efforts to introduce a diminutive electric plant of his own, now cheekily claims the entire credit of the present movement for lights. The fact is, neither that individual nor any of his associates know whom the proposition was taken from, nor ever met either of the gentlemen, until after they had twice visited Hammonston, and the matter was well understood. Mr. Ball has been a personal friend of two members of this firm for several years, and in this way it all came about. This is the Republican's move, and we are well pleased with its success.

As Will, Parkhurst and a hired man were at work on their cranberry meadow, near Sandy Crossway, they saw a peculiar bundle in the water near the bridge. Baking it out, they found the corpse of a babe a few days old, with a cord tied about its neck, wrapped in an apron and an old coat. Constable Berenshouse and Undertaker Hood brot the body to the station, the County Physician was summoned, viewed the body, and ordered it buried. It looks like a case of infanticide.

"The worst storm since 1887," say the old folk at Atlantic City, meaning that of Sunday, Monday and Tuesday last. The inlet pavilions and car tracks were all under water; the iron pier wrecked; a portion of the old board walk yielded to the pressure; buildings near the beach suffered much; the meadows were covered so deeply that no trains ran into or out of Atlantic on Monday or until Tuesday afternoon. All along the Atlantic coast extensive damage is reported.

Rep. Col. Chas. R. Pope, of Missouri, under the auspices of the McKim & Hobart Club, addressed what was, considering the storm, a good sized audience last Monday evening. He treated the national issues in a manner very different from Mr. Fairman, of the previous week, dwelling less upon the silver and tariff questions and more on the personal fitness of the leading candidates for controlling the affairs of our nation in this so critical a time.

### The Discovery saved his Life.

Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken in a gripe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store, I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It's worth its weight in gold. We won't keep store or house without it." Get a free trial at Croff's.

## FOOT-BALL.

The foot-ball faces smiled auspiciously on the H. A. A. in the first game of the season, last Saturday, when Hammononton won from the strong Warren A. A. with the score of 8-0. Notwithstanding the gloomy forebodings of overly anxious friends, the team showed up well and manifested their superiority in almost every particular. There were no long runs, which the crowd like to follow almost breathlessly from one end of the field to the other. On the contrary, no player on either side can be said to have broken away from his opponents, and almost all the gains were made through (or perhaps we had better say against) the opposing line. Parkhurst would no doubt have gotten in some of his 1:20 work, but he was pretty badly hurt in the first of the game, though he played until near the close, and was given the ball but once. Jones, Langham, and Farrar slugged the line (at the tackles, principally) for five, seven, or even ten and fifteen yards, time and again, while our line kept the visitors from making any considerable gains. Langham and Treat, as well as Jones, were especially in evidence as tacklers.

Hammononton won the toss, and took the north goal, the visitors taking the ball. Vanleer kicked to Langham on the twenty yard line. The latter advanced it eight yards, when he was downed with a foul tackle. After some loss, Farrar kicked for thirty yards, and Parkhurst secured the ball on a fumble. Losing the ball on fourth down, our boys secured it again on a kick, making successive good gains until within three yards of their goal, when Jones went through right tackle making the touch-down about the middle of first half. No goal. Score, 4-0.

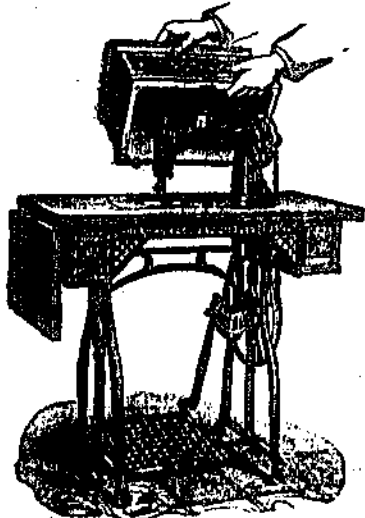

Vanleer kicked to Sutton, on our twenty yard line, who returned it by a splendid kick from a crowd of opponents to a few feet from the visitors' goal, where Davison dropped on it in an off-side play thus saving it from crossing the goal line, and bringing us back only fifteen instead of twenty-five yards. About this time Vanleer was hurt and King substituted. The latter made a good gain around the right end, but Langham soon broke through this line and made a touch-down. No goal. Score, 8-0.

In the second half, the ball was pushed back and forth without very dangerously threatening either goal, and without material advantage to either side.

The line-up was as follows:

Hammononton.	Warren A. A.
Lindsay.....	L. T. Harris
Baker.....	L. G. Hamford
Davison.....	R. C. Hamberg

## NOTICE OF REGISTRATION AND ELECTION.

Notice is hereby given that the several Boards of Registry and Election of Atlantic County will meet on

Tuesday, Oct. 13th, 1896,

at the place where the next election in their district will be held, at ten o'clock in the morning, and remain in session (except from one to two o'clock) until three o'clock in the evening, for the purpose of making up from the canvassing books two lists or registers of the names, residences and street numbers, if any, of all persons in their respective election districts entitled to the right of suffrage therein at the next election, or who shall personally appear before them for that purpose or who shall be shown to the satisfaction of such Board of Registry and Election to have legally voted in that election district at the last preceding election therein for a member of the General Assembly, or who shall be shown by the affidavit in writing of some voter in that election district to be a legal voter therein.

And notice is hereby further given that the said Boards of Registry and Election will also meet on **Tuesday, October 27th, 1896**, at the place of their former meeting, at the hour of one o'clock in the afternoon, and remain in session until nine o'clock in the evening, for the purpose of revising and correcting the original registers, or adding thereto the names of all persons entitled to the right of suffrage in that election district at the next election who shall appear in person before them or who shall be shown by the written affidavit of some voter in said election district to be a legal voter therein, and of erasing therefrom the name of any person who, after a fair opportunity to be heard, shall be shown not to be entitled to vote therein by reason of non-residence or otherwise.

And notice is hereby further given that the County Board of Elections will be in session in the Court House at May's Landing, on **Saturday, Oct. 3rd, 1896**, for the purpose of revising and correcting the aforesaid register of voters, by ordering erased therefrom the names of any person who shall be shown to the satisfaction of said Board, for any cause, not to be entitled to vote at the next election in the election district where he is registered, and of adding to said registers the names of any person or persons who shall prove to the satisfaction of said Board, by affidavit or otherwise, his right to vote at the ensuing election.

And notice is hereby further given that the next General Election will be held on **Tuesday, November 3rd, 1896**, commencing at six o'clock in the morning and closing at seven o'clock in the evening.

And notice is hereby further given that on the aforesaid day of the General Election, November 3, 1896, the County Board of Election will be in session at the County Court House, in May's Landing, from eight o'clock in the forenoon to five o'clock in the afternoon, for the purpose of ordering added to the registration lists the names of such persons as shall then satisfy the Board of their right to vote on that day.

Done in accordance with an Act of the Legislature of the State of New Jersey, entitled "A further supplement to an act to regulate elections," approved May 27, 1890, and the amendments thereto.
