

HAMMONTON!

Best Opportunity to Secure

A HOME To All Wanting Farms.

In the great Hammonton Fruit Settlement, the best inducements are offered to all wanting farms in the most delightful and healthy climate, with a good productive soil, being among the best in the garden State of New Jersey; only thirty miles from Philadelphia on the Camden and Atlantic Railroad, and but few miles to the New York Railroad. These lands are sold to the actual settlers at low prices and easy terms. In five, ten, twenty acres and upwards to suit. The title perfect, warranty deeds, clear of all incumbrances, given when all the purchase money is paid.

The Soil

Is a fine sandy and clay loam, suitable for all grains and grasses, and is pronounced the best quality for gardening and fruit raising. It is a marine deposit, with a heavy subsoil mixed all through it in a very compacted form, and in the exact condition to support plants with proper farming. It is very productive and profitable, easily worked, and warm and early. The lay of the land is slightly undulating, and is called level; it is free from stones or rocks. It is the best fruit soil in the Union. Peaches, Apples, Quinces, Cherries, Blackberries, Raspberries, Grapes of all kinds, and all other fruits are raised here in immense quantities, and they are sought after by the dealers and command the best prices in the market. Hammonton is already celebrated for its fine fruits and wine.

The Market

Is unsurpassed; direct communication twice a day to Philadelphia, New York, and Atlantic City. The Railroad Company leaves cars here to be filled with fruit every day in the season; they are filled at the afternoon, and the same night or next morning by daylight are in the market, where the highest cash prices are obtained, without any other trouble to the producer than delivering the produce to the car. None of the land now offered is over one and a half miles from the Railroad.

The Climate

Is mild and delightful; the winters being short and open, out-door work can be carried on nearly all winter, whilst the summer is no warmer than in the north. Persons wanting a change for health will be satisfied here; the mildness of the climate is soon beneficially felt by delicate persons and those suffering from Dyspepsia, Pulmonary affections, or General Debility, as hundreds here will testify. This section has long been known for its health, and during the summer months tens of thousands flock for health. No Malaria, Chills and Fevers in this section.

The Water

Is pure and soft, of the best quality. It abounds in steam and is found by digging from ten to thirty feet. Wells are cheaply made here, as there is no rock to go through. We have the best stores in the country, where goods are sold at cheap prices as they are in Philadelphia or New York. Good schools with competent teachers. Clergymen of all denominations reside here, some of them in charge of congregations, others—evangelists, the Methodist, Presbyterian, Baptist, Universalists, have their services regularly. Mills convenient. Reliable practical nurserymen who furnish all kinds of trees, plants, and vines at the lowest prices.

The population of the settlement is large and rapidly increasing; it is composed of the best class from New England, the Middle West, and Western States—intelligent, industrious and moral. The buildings are neat and handsome, and some of them fine. All instruments for building, improving, etc., at hand; also reliable mechanics who will give satisfaction. Every convenience to be had that can be found at any other place. Persons owning property here obtain tickets of the Railroad company to and from the city at a discount of twenty-five percent on the regular fare.

The lands here have been examined by some of the best agricultural and fruit growers in the country, who pronounce them the best in the U. S. for fruit growing. Mr. Salom Robinson, the agricultural editor of the New York Tribune; Dr. L. P. Trimble, the State Entomologist; Mr. John G. Bergen, member of the American Institute of New York; and others, reported that these lands were the best they had ever seen, and that they were well adapted for fruit raising, by all the soil, for pleasure or profit. The lands are being rapidly sold, and from the rapid and extensive improvements property will certainly increase in value. Inquiries for R. J. BYRNES, the founder of the settlement, who will show the lands free of expense. For further information inquire or address.

R. J. BYRNES,

Hammonton, N. J.

All letters answered. Several very desirable improved fruit farms for sale.

SCHECK'S MANDRAKE PILLS

FOR LIVER COMPLAINT.

A SUBSTITUTE FOR CALOMEL.

If your bowels are costive, TRY THEM.

If you have worms, TRY THEM.

If your breath is foul, TRY THEM.

If you feel drowsy, TRY THEM.

If you are low spirited, TRY THEM.

If you have the headache, TRY THEM.

If you have taken a drop too much, TAKE A FULL DOSE.

They only cost 25 cents a box, TRY THEM.

Blue Mass, and other preparations of Mercury, produce more suffering and death than the disease which they are intended to cure. And yet this medicine is brought to the test of a fair experiment. SCHECK'S MANDRAKE PILLS do not produce any nausea or sickness of the stomach; but when given for Dyspepsia, it may be used with safety. In connection with SCHECK'S SLAVES' TONIC, by this judicious treatment the digestive faculties are especially restored to their full vigor and the worst cases of indigestion may be cured.

When we reflect that the liver is the largest internal organ of the body that it is charged with the important duty of filtering the blood and preparing the bile, that it is subject to many diseases, and that when it is diseased or inactive the whole body suffers sympathetically, it is not surprising that a medicine that can restore the healthy operations of the liver should produce beneficial changes in the general health, and effect cures in many cases of indigestion, headache, loss of appetite, nervousness, and other ailments, and distressing symptoms, indicative of imperfect or diseased action of the liver are speedily removed by the use of SCHECK'S MANDRAKE PILLS.

Constipation, piles, bitter or sour eructations, and that indigestible feeling of oppression, mental anxiety, languor, lethargy, and depression of spirits which attend a weak or diseased liver, and the enjoyment of life are all relieved by the use of SCHECK'S MANDRAKE PILLS.

DR. SCHECK—Dear Sir: I take pleasure in saying you a cordial welcome to this city. I have been very much interested in your advertisement. I can scarcely find language sufficiently strong to express my heartfelt gratification of the wonderful cures your MANDRAKE PILLS and SLAVES' TONIC have effected in the cure of one of the most stubborn cases of indigestion of the liver. For three years I suffered beyond description all my friends, as well as myself, came to the conclusion that this life was a burden. I was reduced to a state of indigestion, and I could not eat, I could not sleep, my whole body was filled with pain, swelling would arise in my arms and ankles, and I was unable to move. On several occasions I was attacked with a rush of blood to the head, which would fall for dead. I applied to several eminent physicians of our city, who administered all the medicines that they thought would teach my case, but of no avail.

One of them said he could do no more for me, and advised me to use a hot water bottle, to drink cold water, and to get out of the city. I declined to do this. I called on you, you examined me and told me the nature of my disease. You then ordered me the Pills and Tonic with an assurance on that, pledging your word that in one week I would feel like another man. I followed your advice, and as you predicted, a new feeling came over me. I continued your Pills and Tonic for some time, and now thank God for his good and your valuable medicine. I am restored to perfect health, and I most earnestly recommend those who are suffering from indigestion of the liver to give your Pills and Tonic a fair trial, and a cure will be effected. I have sent many persons to you and they have been cured. Any further information my fellow citizens may require will be freely given by the subscriber at his residence, No. 512 Federal street, between 8th and 9th and 10th streets.

CHARLES JOHNSON, JR., Formerly Printer's Ink Manufacturer.

DR. SCHECK will be professionally at his principal office, No. 14 North Sixth street, at the corner of Philadelphia, every Saturday, from 9 a. m. until 4 p. m.; No. 32 Third street, New York, every Tuesday, from 7 to 9 a. m.; No. 29 Broadway, New York, every Friday at 108 Broadway, New York, M. A. All advice free, but for a thorough examination of the lungs with his Respirometer the charge is three dollars.

Pills of the Pulmonic Syrup and Seafood Tonic, each \$1.00 per bottle, or \$7.25 per half dozen. Mandrake Pills, 25 cents per box.

For sale by all druggists and dealers.

Peruvian Guano Substitute.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME.

OF LIME.

TRADE MARK

After more than twenty years of constant use, this highly concentrated manure has attained a wide spread reputation as a

SUBSTITUTE FOR PERUVIAN GUANO.

Being found active in its operation, and of great durability. It does not exhaust the soil, but on the contrary, permanently improves it. The increasing value of this manure, and the high popular value of this manure, and the fact of its being relied upon by a wide circle of agriculturists to supply all wants in the direction of manures for every crop.
