The Republican County Convention was called to order, last Saturday, by John T. Irving. Chauncey P. English, of Galloway, was chosen Chairman, E. C. Shaner and Jos. Anderson, Secretaries. The usual committees were appointed, and a recess taken until afternoon.

At 1:30, called to order. The Committee on Credentials reported everything satisfactory. Committee on Rules reported as follows:

1. The towns, townships, wards, and boroughs shall be called in alphabetical order for nominations.

2. Nominations for Senator, Assemblyman, Surrogate, and Coroner shall be taken in the order named.

3. The delegates present from each town, township, ward and borough shall cast the vote which said town, township, ward or borough is entitled, which vote shall be announced by the chairman of the delegation.

4. The basis of representation to which each town, township, ward or borough shall be entitled, in the next convention, shall be one delegate for every fifty votes or fraction over thirty cast for Coroner at this election; also, every town, township, ward and borough entitled thirty Republican votes or over shall be entitled to two delegates at large; provided that each town, township, ward, and borough shall have at least one vote.

5. After the second ballot, the candidate receiving the lowest number of votes shall be dropped, until the nomination is made. The candidate receiving a majority of votes to be the nominee.

Report adopted.—Committee on Resolutions reported the following, which was adopted:

This Convention endorses with great pride the wise and patriotic administration of our national affairs by the Hon. Benj. Harrison, President of the United States, who by his acts in enforcing laws, in diplomatic relations with other nations, and in protecting the rights of American citizens everywhere, has established himself in the estimation of all civilized nations among the wisest and most patriotic statesmen of all times.

We heartily endorse the valuable services rendered this district by the Hon. James Buchanan, in Congress. He was true to his constituents and his country.

We also endorse the valuable services rendered the County and State by our distinguished Senator, Hon. John J. Gardner, whose fifteen years of faithful service have placed his name among the foremost of New Jersey's statesmen; and we heartily endorse his nomination for Congressman, fully believing that he will serve this Second Congressional District with equal distinction.

We endorse the acts of our Assemblyman, Samuel D. Hoffman, who, although in the minority in the House, raised his voice against the misrepresentations of the people in that chamber.

Republican legislation, in passing the McKinley protective tariff bill, and Republican diplomacy in establishing reciprocal relations under that bill with other nations, has advanced the prosperity of our country both by reason of the protection afforded and the advantages secured to American citizens in foreign markets.

We condemn the present executive administration of this state, because of extravagance and because the Governor, in violation of the spirit if not the letter of the constitution, has sought to invade every department of government and direct the exercise of the entire governmental function, so that the Legislature, instead of exercising its constitutional prerogative, has served only as a scapegoat by which the Governor has sought to evade responsibility for nefarious acts inspired by him.

The people, without regard to party, should now put an end to that kind of state government which seeks not to serve the people but only to invent schemes through which they shall be servants of the government.

We specifically condemn—
1st, The gerrymander of the State, which gives to one citizen in one district five times the legislative representation of a citizen in another district.

2nd, The creation of unnecessary boards.
3rd, Taking from the people of municipalities the right to manage their local affairs, by creating public boards intended to control the people.

4th, Legislating officers out of office, including judges; and the general administration of the affairs of the state for the benefit of a faction of a party.
5th, The entire history of recent Democratic legislatures in New Jersey, embracing only efforts to strengthen and aggrandize this faction—beginning with the legislating out of office, the State Superintendent of Schools and ending with the passage of the notorious Coal Combine bill, under circumstances equally notorious.

The election of Mr. Werts, Democratic candidate for Governor, would afford no hope for improvement upon the recent and scandalous past. Every nefarious measure introduced while Mr. Werts was a member of the Senate received his sanction and support. The only remedy to apply to the existing unfortunate condition in New Jersey, which affects alike her interests and her credit, is the election of John Kean, Jr., as Governor.

We pledge undivided support to the nominees of this Convention, and commend them to the citizens of Atlantic County.

Hon. Samuel D. Hoffman was then nominated for State Senator, by acclamation.

For Assemblyman, Wm. J. Moore, of Atlantic City, presented the name of M. L. Jackson, of Hammonton; Joseph Sharp, of Atlantic City; Charles A. Baake, of Atlantic City; Dr. Sooy named Jos. C. Farr, but his name was withdrawn. The ballot then taken was as follows:

	Radke.	Jackson.
Absecon	2	1
Atlantic City, 1st ward	8	1
" 2nd ward	6	3
" 3rd ward	9	1
" 4th ward	8	1
B-Isentine	1	1
Buena Vista	1	4
Egg Harbor City	5	1
Egg Harbor Twp.	3	1
Galloway	5	1
Hamilton	5	1
Hammonton	1	6
Lindwood	1	2
Mallies	3	2
Pleasantville	1	2
South Atlantic	1	1
Weymouth	3	1

It was moved to make Mr. Baake's nomination unanimous, the negative vote not taken, but declared carried.

John S. Risley was renominated for Surrogate, without opposition.

Robert H. Ingersoll was nominated for Coroner.

Next Convention to be held in Egg Harbor City.

The successful candidates were introduced and addressed the Convention, after which Mr. Gardner made the best and most powerful speech we ever heard from him.

PAINT! PAINT! —THE— HAMMONTON.

When you buy the Hammonton Paint, you do not buy seven-eighths of a gallon for a gallon, or three pints for a half gallon; nor do you get one of those packages that weigh 12 to 14 pounds, and containing so much alkali that it appears to be so thick that it is impossible to use it without thinning; but in buying the Hammonton you get a full standard gallon of paint, weighing 14 to 16 pounds to the gallon, made from the best materials known to the trade, and costs the consumer from \$1 to \$1.50 per gallon for honest paint.

If the purchaser doesn't want honest paint, and wants to be honest to himself, then be sure to buy the Hammonton Paint, and the manufacturer will give a receipt with every gallon sold telling you how to make two gallons of paint out of one of the Hammonton. It will cost 33 cents for the extra gallon.

One Dollar.

And then here comes Commercial Paint, in 30 shades,—the best wearing paint ever put on the market for so low a price as \$1 per gallon, and guaranteed to be a first-class wearing paint. If any one should not want to pay so high a price for a good exterior paint, then work the 33-cent racket, and get two gallons for \$1.33. Manufactured at

Missed his Opportunity! DON'T MISS IT! The majority neglect their opportunities, and from that cause live in poverty and die in misery! Harrowing despair is the lot of many, as they look back on lost, forever lost, opportunity. Life is passing! Reach out, be up and doing, improve your opportunity, and secure prosperity, prominence, peace. It was said by a philosopher, that "the Goddess of Fortune offers a golden opportunity to each person at some period of life; embrace the chance, and the power on her riches; fall to do as she departs, never to return." How shall you find the golden opportunity? Investigate every chance that appears worthy, and of fair promise; that is what all successful men do. Here is an opportunity, such as is not often within the reach of laboring people. Improved, it will give, at least, a grand start in life. The constant opportunity for money is here. Money to be made rapidly and honorably by industrial persons of either sex. All ages. You can do the work and live at home, wherever you are. Even beggars are easily earning from \$5 to \$10 per day. You can do as well if you will work, not too hard, but industriously; and you can increase your income as you go on. You can give spare time only, or all your time to the work. You can learn. Capital not required. We start you. All is comparatively new and really wonderful. We instruct and show you how. Five. Failure unknown among our workers. No room to explain here. Write and learn all free, by return mail. Unwilling to delay. Address at once, H. H. Salter & Co., Box 940, Portland, Maine.

CURES PILES.

When the results of the McKinley duties on competing farm products has already been to make the home market worth over \$24,000,000 more than it was before, would not our farmers be fools indeed, did they vote for a party that passed the Mills bill, in which the duties on these products were all either greatly reduced or entirely abolished.

The benefits resulting from free sugar, says the Cobdenite, furnish an argument in favor of free-trade, not of protection. Why then does Henry Watterson, the great free-trader, say that the first thing that the Democrats will do when they get the power is to abolish the "atrocious Republican sugar bounty system and restore the sugar duties?"

With the home market for cotton growing more valuable every year, as the result of the expansion of our cotton manufacturing industry, why should Southern cotton growers vote for free-trade?

When Lord Salisbury deplored the fact that England could get no concessions from other nations because she had "nothing to give," did he have in mind that reciprocity was a "humbug?"

Is it possible that the free-trade papers, some of which boast so interminably of their enterprise, have not heard of the wage reductions making by wholesale in the United Kingdom?

Protection, you say, creates trusts in the United States. Does Free-Trade create the numerous English trusts?

Presidential Campaign of 1892.

GRAND INDUCEMENTS TO READERS OF THE South Jersey Republican.

The Presidential Campaign of 1892 will, without doubt, be the most intensely interesting and exciting in the history of the United States, and country people will be extremely anxious to have all the general and political news and discussions of the day as presented in a National Journal, in addition to that supplied by their own local paper. To meet this want, we have entered into a contract with the

New York Weekly Tribune.

Leading Republican paper of the United States, which enables us to offer that splendid journal (regular subscription price, \$1 per year) and the REPUBLICAN for one year

For only \$1.25, Cash in Advance.

New York Weekly Tribune, regular price, \$1.00
South Jersey Republican, 1.25

Total, \$2.25

We furnish both papers one year for \$1.25. Subscriptions may begin at any time.

This is the most liberal combination offer ever made in the United States, and every reader of the REPUBLICAN should take advantage of it at once.

Address all orders to the South Jersey Republican.
