Big Time for Hammonton.

Next Friday night will see the
largest crowd of the year, not even
excepting July 16th. The Hallow-
een Association has been holding
frequent meetings, and plans are
about complete. If Friday should
be very stormy, of course the pa-
rade will be postponed to Saturday
night.

At eight o'clock, all who are to
parade will form in line, under
Marshal Spies, on Twelfth Street,
at Pennsy Railroad. Ten aides,
sworn in, will assist in the forma-
tion and in keeping order. At
eight-thirty, sharp, the procession
will start. The line of parade is
as follows:

North on Bellevue, to School
Lane, to Vine Street; along Vine
to Egg Harbor Road; to Bellevue
(second time on Bellevue), up to
Third Street; thence to Pleasant;
along Pleasant to Second; down
Second to Bellevue, to the place of
forming.

Storeowners along New York's Great White
Way know it is the LIGHT which attracts
folks. And certainly it is logical that where the
people are, there the money is spent. So, if only
to attract customers to your store, consider the
desirability of lighting it inside and out with these

EDISON MAZDA C LAMPS

Not only do these new gas-filled lamps give you more light
than you have ever had before; but they give more light
for a dollar's worth of current than any other type of incan-
descent lamp.

You can get these new EDISON MAZDA C LAMPS
in sizes from 100 watts to 1000, the larger size giving nearly
2000 candlepower. Even this largest size takes only one
kilowatt an hour, making it nearly twice as efficient as the
smallest MAZDA lamp in common use.

Let us tell you how easily and inexpensively you can install
this high-power, high-efficiency, brilliant, current-saving
EDISON MAZDAS.

Who Defeated the Amendment?

Naturally, the ladies are disappointed in not gaining their point,
last Tuesday; and well they might be, as they certainly worked hard
for the cause of suffrage. But, on the other hand, comparatively little
was done in opposition. The majority of voters, and of ladies, also, are
of the opinion that the settling of this question should not be left to the
male population, but be decided by the women themselves. And we
might go further, and state that it is the opinion of many of the most
intelligent and well read of our ladies that suffrage would never carry if
left to a vote of the women of New Jersey. They give this as a reason,
—that woman is rarely ever denied anything, in this enlightened State;
that her homes are happy; that conditions are the opposite of those in
other countries; and they are not driven to a militant attitude by selfish
or barbarous husbands and fathers.

Believing, as we do, that too much cannot be done for our wives
and children, we have not come to a conclusion hastily. The best
element in town voted against suffrage, as did the worst. The former,
after carefully weighing the subject, ascertaining what effect it had on
communities where woman suffrage is in operation, decided that it was
best to wait another five years. In the meantime, a well organized
system of education can be gotten under way by those who sympathize
with the movement.

The "worst element" split on the issue. While many of them voted
against the measure, believing that wives and mothers, if left to them,
would put the saloons out of business, others voted for the proposition,
knowing that a large proportion of the women-folks have homes and
would not take time to vote, while the women of the lower class
(and we are sorry to say that many of our higher-up women are "biting
the cup" all too frequently) would continue the grog-shops and their
attendant evils by voting the same as their husbands do.

Let us repeat: Not only did many of the "worst element" vote in favor
of suffrage, but quite a number of our intelligent people did the same.
In other words, the good and bad elements divided about even, for
their own reasons.

Teacher of Home Economics.

Miss Frances R. Forman was recently elected teacher of Home
Economics in the Vocational Schools of Atlantic County, and began her
work on Oct. 1st. She is a native of Delaware, her home being at
Elsmere, a suburb of Wilmington, and is a graduate of the Wilmington
High School, the Wilmington Training School, and of Drexel Institute,
Philadelphia, in the Normal Course, Domestic Science, and Arts.

For several years, Miss Forman was a teacher of sewing in the
Wilmington Public Schools. She has also conducted the Schools in
Kent and Sussex Counties, Delaware, which work was under the super-
vision of the National Bureau of Education and the State College of
Delaware.

A knowledge of country conditions is an essential in work of this
sort, and Miss Forman having lived on a farm should enable her to be
of direct help to the girls and women of this community.

We heartily welcome Miss Forman to Hammonton, and hope for a
big attendance in the work she is undertaking. The enthusiasm and
interest expressed by the women and girls of Hammonton, is, we hope,
indicative of the success of her work.

Suffrage Movement Lost.

The first amendment, instead of being carried by about twenty-five
thousand majority in the State, fell behind that figure eighty thousand.
In Hammonton, they were beaten about two to one. The other amend-
ments also failed to carry the State. The score:

First Amendment (Suffrage)	1st Pro	2nd Pro	3rd Pro	4th Pro	Total
For	37	49	51	31	168

As far as possible, all teams and automobiles should be moved off
of Bellevue Avenue and the line of parade, next Friday night. As all
may remember, those who wished to see the parade last year were
hindered by obstructions which stood between them and the famous
marchers. Just imagine yourself among the throng on foot, and you
will appreciate our request, and act accordingly.

Two very interesting pamphlets have been issued by our New Jer-
sey Experiment Station, which should be read by all, especially Bulletin
No. 284, on packing and shipping peaches in Georgia carriers. No.
376 in on the importance of New Jersey, and their control. They are
both profusely illustrated.

A perfect town is one in which you see the farmer patronizing the
home merchants, the farmers spending the money they earn with their
own tradesmen, and all animated by a spirit that will not purchase
articles abroad if they can be bought at home.

After Election Thoughts

DEAR MR. EDITOR: All of the
women watchers at the polls in
Hammonton speak of the perfect
orderly accord then by the
entirement on the different election
cards, and by all other gentlemen,
the women learned something of
the technicalities of registration,
counting of ballots, etc. They also
learned that the act of voting is
very simple, one that a man who
cannot even read, or write his own
name, is able to perform.

The men learned, we believe,
that the presence of women at the
polls did not cause the world to
come to an end, or overturn the
whole fabric of society.

But the Women's Suffrage
movement did not carry Tuesday
at No. because so many other-
wise good men either remained
away from the polls or voted with
the liquor interests, the vice inter-
ests, and white slavery, against
the suffrage amendment. These
forces invariably fight this move-
ment tooth and nail. Why so
many so-called Christian men unite
with these forces of evil is a ques-
tion which they do not answer.

Yes, the liquor interests and the
vice slayers had their way on
Tuesday; but no question is ever
settled until it is settled right, and
woman suffrage being built on the
eternal principles of right, justice,
and human freedom, is bound to
win. We now begin the new cam-
paign.

The Hammononton Paint
Is the very best paint ever used in Hammononton.

There are scores of buildings in town covered with this paint, which look well after eight or ten years of wear.

The Hammononton Paint is sold for less than other first-class paint. It has no equal, as it works well, covers well, and wears well.

FORD, the UNIVERSAL CAR.

ANNOUNCEMENT.

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout	\$380
Ford Touring Car	\$440
Ford Town Car	\$640

No Speedometer included in this year's equipment, otherwise cars fully equipped

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915, we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September, and October, 1915.

WHEN driving a binder it's aggravating to have to stop because "the twine went wrong."

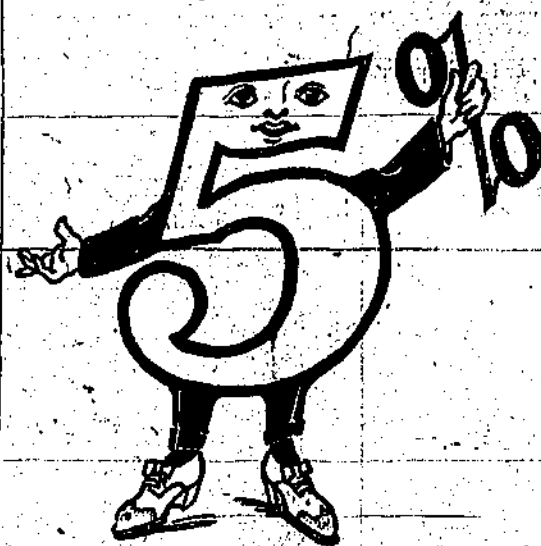

Sometimes the trouble is a bad spot in the twine—sometimes a tangled ball. Such delays are the real price you pay for cheap twine.

PLYMOUTH TWINE

speeds up the work—cuts down the costs.

Plymouth is stronger and ties more bundles than any other brand. The quality never varies and the balls don't fall down. If you want an easy and economical harvest, get your twine from us. And take our advice, order Plymouth EARLY.
