W. C. T. U.

The ladies have taken this space by the year, and are responsible for all that it may contain.

What is the W. C. T. U.

It is an organization of Christian women, banded together for the protection of the home, the abolition of the liquor traffic, and the triumph of Christ's golden rule in custom and in law.

There are men and women who have but a vague idea of the work of our organization. The above statement, from the W. C. T. U. catechism, sets forth concisely and comprehensively our aims and purposes, and comprehends "Christian temperance in a nut-shell."

The triumph of the golden rule in custom and in law involves the laying of deep foundations, hence the rationale of our forty different departments.

SPECIAL ELECTION.

Bills are posted up, announcing a special election to be held next week Friday, Oct. 31st, when voters are asked to decide on the water question.

The matter stands about in this way. At the previous special election held Jan. 29th, it was voted to issue bonds in the sum of thirty thousand dollars, to provide a public water supply. We all supposed that sum to be sufficient; but after the plant is partially completed we find that more money is needed to finish the work. Perhaps our Commissioners should have been more careful, and spent only the sum appropriated,—many think so, and some say so. But that is not the question, now. With work done and being done, the contract price of which is about \$29,000, with no pumps, boilers, power-house, and other essentials, shall we abandon the whole thing, pay the bills, and be no better off than before? No; whatever the writer's opinion as to past conduct of the business, we must favor a completion of the water plant. If we stop now, Hammonton would be the victim of every joker who sees the wells, the stand-pipe, and the forty-eight fire hydrants.

We need the water supply more than ever; and little as the Town can afford the expense, self-protection and self-respect demand that we complete the work.

Another point. Good lawyers question the legality of the bonds we have offered for sale; consequently they have not yet been sold. If our voters should decide, next Friday, against the water-works, there would arise a question as to how the contractors are to be paid for their materials and labor. Of course they must be paid; but how? The vote asked for includes a vote for bonds to pay for what the Town has already received. If defeated, the contractors can enter suit against the Town, secure a judgment, and sell what they choose to secure their money. What an advertisement that would be for Hammonton.

Vote for the water supply. It is the only honorable thing to do, under the circumstances. Then, unless we differ from other communities, in two or three years the water rents will very materially reduce the cost of running the plant. Already, insurance agents in town have orders to reduce their rates ten per cent. when the fire-hydrants are ready for use. Altogether, we believe the present move a wise one, and hope to see it continued.

SATURDAY, OCT. 25, 1902.

Republican Ticket.

For Congressman,

Hon. John J. Gardner,

of Atlantic County.

For Sheriff,

Samuel Kirby,

of Atlantic City.

For Assemblyman,

Thomas C. Elvins,

of Hammononton.

For Surrogate,

Emanuel C. Shaner,

of Mays Landing.

For Coroner,

Richard E. Benson,

of Buena Vista.

Our Ticket.

You see above the ticket which you are asked to vote on Tuesday, Nov. 4th.

Hon. John J. Gardner needs no commendation from us; you know him. He has been tried, and not found wanting. He is a stalwart Republican, has proved true to the interests of this district, and will be returned to Congress for two years more.

Hon. Thomas C. Elvins has served one term as Assemblyman, and attended strictly to business. If he made any mistakes, in your opinion, remember that it was his first year, and he had some things to learn. He has the ability and the will to represent the county acceptably, and will be re-elected.

Samuel Kirby made a good Sheriff during one three-year term, and knows more about his duties than he did then. We see no reason why he should not have three years more in the office.

E. C. Shaner is publisher of the "Mays Landing Record." His neighbors say he will make a good Surrogate. Give him a chance to prove it. Richard E. Benson is candidate for Coroner. We never met the gentleman, and hence have only to say that he is a Buena Vista Republican, and it is safe to vote for him.

We have looked over the Democratic ticket, as fixed up last Saturday, and cannot see any sufficient reason for cutting any one of our candidates in their favor. In fact, it is always safer to elect a Republican to any office, on general principles.

COAL!

The coal strike is over, and most of the miners went to work on Thursday morning. Some mines are out of order, and will require perhaps a few weeks' time to repair.

Some operators refuse to discharge non-union men, but this will be adjusted.

Honor is due to President Roosevelt, whose wise and persistent efforts have brought the great strike to a close after all others had failed.

IF YOU PAY MORE

Than we charge for repairing, you pay too much. If you pay less, you don't get your work done right. We do Watch, Clock, and Jewelry Repairing as well as it can be done, and our prices are right.

Always Ready Fountain Pens.

Pen troubles disappear when you get one of our Paul E. Wirt or Parker Lucky Curve Pens, fully guaranteed,—\$1 to \$3. Have a new assortment of Silk Fobs, Link Buttons, and Gents' three-stone Rings.

As we have often remarked, "Advertising pays." Last week we stated that D. B. Cunningham had one lone hen remaining of all his precious brood. Evidently, the robber (?) has been taken to jail Sunday night that hen was taken to join the majority. Now Dave looks out of the window every morning, to see whether the fellow has come for the coop. He is listening to hear who announces the next chicken supper.

That Sawing Bee.

To the surprise of all, it did not rain last Saturday, and the Baptists—about a dozen of them—rode out to the woods and began felling trees. They kept three teams busy hauling the wood they cut. They harvested several cords of good oak and pine in an incredibly short time, which was deposited in the church yard.

On Wednesday evening, under the glare of gasoline lamps, over a score of men and boys, with axes and axes surrounded that great pile, worked with a will, and reduced the logs to stove size. About as many girls (and grown-up ones) gathered up the wood and threw it into the cellar. Enough was put away to last through several months of bitter weather.

The workmen included also every trade and profession,—Sherriff (to be) preacher, Town Clerk, professor, mortician, blacksmith, shoemakers, glassworkers, carpenters, printer, barber, agents, and school-boys.

Last, but not least, was the enjoyable lunch served by the ladies, in the vestibule of the church, consisting of coffee, sandwiches, cake, crullers, etc. First and booty prizes for work done were voted to F. A. Lehman and Rev. H. F. Leach.

Everybody enjoyed the "bee," even the crowd of spectators who had been attracted by the novel sight.

Rev. Evelyn P. Bartow, a few years ago Rector of St. Mark's Church, Hammononton, died last Friday, October 17th, in Ulica, N. Y., of pneumonia. He was a graduate of Columbia College, where he received the degree of A. M. and D. D. At the time of his death he was Rector of St. Joseph's, Ulica.

Rev. John H. Boswell, D. D., of Ocean City, N. J., will deliver a temperance lecture in Jackson's Hall, on Monday evening next, 27th inst. This lecture will be held in the interest of home protection against saloon destruction, and will be illustrated by a number of stereoscopic views. Admission free; and everybody is invited to be present,—men and women, young and old. Come, and bring your friends with you. Dr. Boswell is known as one of the most forceful speakers on the temperance issue in the state.

Some people in Hammonton growl every time a new school house is asked for, but law requires us to provide school facilities for all children between the ages of five and eighteen. It seems the number of children in town increases more rapidly, in proportion, than the population, and unless, well it looks as though at least one more building will be needed next year.

The Teachers' Institute of Salem, Gloucester and Atlantic Counties, combined, will be held—in the Atlantic City High School, Wednesday, Thursday and Friday, Nov. 5th, 6th, and 7th. The work taken up will be the same as last year. A number of prominent speakers on educational work have been secured, among them being Prof. Griggs and Earl Barnes. There will be two evening lectures, the subjects of which will be announced later. About 450 teachers are expected to attend the sessions.
