DO YOU NOT KNOW?
If you do not, you can find out by a very
little investigation that
The Hammoncton Paint
Is the very best paint
that was ever used in Hammoncton.
There are scores of buildings that you
see every day, painted with the
Hammoncton Paint right to twelve
years ago, and looking well
at the present time.
The Hammoncton Paint is sold for less
than any other first-class paint. It has
no equal, as it works well, covers well,
and wears well. Sold by

**An Old Story, but Fresh Enough
for To-Day.**
Now that we hear so much of the
corrupt doings of some men in office,
how they reward partisans and help-
ers out of the public treasury, it is
refreshing to read that old story of the
Chinaman who when he was appointed
Governor of a district, made a great
ten days' feast for his relatives and
friends. When the last day of the
feast came, he gave each guest a pres-
ent of money and some woven silk;
then made them a speech. After re-
calling the pleasant time they had just
had together, he bade them a tearful
farewell, saying, "To-morrow I begin
the duties of my new position, and we
can meet no more."
It is gravely added in the chroni-
cles: "The result was an impartial
and successful administration."
Would that a ten days' feast were
thought to be enough to square off the
political debts of some successful poli-
ticians, and to insure impartial ad-
ministrations.
Pretty well authenticated instances
are given of officials who have pledged
the equivalent of their year's salary,
and more, to those whose help was
needed in securing the coveted offices.
And equally well authenticated in-
stances are given of the insatiable
appetites of those who, having been
once fed out of the public crib, are
hard to get rid of. It is even said that
they like the crib so well as a feeding-
place they sometimes try to get both
feet into the trough, which is a figu-
rative way of saying they become
selfish and greedy.

To Hammoncton Voters.
That the voters and other citizens of
Hammoncton may know the true facts, I
have decided to make this statement.
Mr. Nicolai has left it to be inferred
that I have stated that he made me an
offer of two hundred dollars to vote for
the DiGiocomo license. He never made
the offer, nor did I ever say he had.
He came to my home and asked me how
I felt about granting the license. With-
out answering, I asked whether money
was to be used to get it through. His
answer was, "Yes, if necessary." I
told him it that was the case I would
not vote for it. If Mr. Nicolai was not
prepared to make me an offer, why did
he state that money would be used if
necessary?
Mr. Nicolai and I never had any
further talk, after that day. Shortly
after this, I was importuned by another
party, to know if there was not some
favor that could be done for me which
would induce me to vote for this license.
This party became so persistent that I
finally told him not to dare mention the
matter to me again. He did not, until
Council refused to renew the license:
soon after which the offer of favors was
renewed.
Mr. Skinner was offered one hundred
dollars to vote for the license, which he
refused, of course. He reported this to
a prominent member of Council. Later
on, he was induced to vote for it on the
strength of a petition, which afterward
we learned had been circulated by a
then member of Council. Within the
past five months, Councilman Baker
was approached and a direct offer of
two hundred dollars made to him for a
favorable vote.
Mr. Nicolai, in the REPUBLICAN,
makes an excuse for calling on me, that
he had built that large building. If he
is elected Councilman, and it should be
his good fortune to be the builder of
another big building, I hope he will not
consider it his duty to try to get a
license for it simply because he was the
builder.
There is one other very large rumor
floating around town,—that if a favor-
able Council is elected next Tuesday, an
effort will be made to have an Excise
Commission appointed, which will, of
course, be three eminent Hammoncton
voters, and cost the Town \$450 a year.
This will also deprive the Town of any
control over the liquor business, putting
it into the hands of the County Court.
If this is done, how long will it be ere
the same Sunday selling will be carried
on here as is now done in Atlantic City,
in defiance of law, where it has been
found impossible to convict offenders.
Voters better sit up and take action
before it is too late.

U. A. WOOD,
Advertise in the S. J. R.

From St. Mark's Church.
It is with genuine sorrow, and a con-
sciousness of personal loss, that the
members of St. Mark's Vestry, at a
special meeting held on Tuesday, Oct.
19th, desire to express their sense of
loss at the death of Hon. R. J. Byrnes,
and therefore desire that the following
be entered on the minutes, and a copy
be sent to the widow, Mrs. R. J. Byrnes,
and also to the *South Jersey Republican*.
In the unforeseen providence of God,
death has removed from us the oldest
and best supporter of our Church from
its beginning. Judge Byrnes planned
for the first services of the Episcopal
Church, in the old school house at the
Lake, where Dr. Odenheimer (after-
ward the Bishop) took charge of the
services, and later took official steps to
organize the Church in Hammoncton,
and he was the first to call a meeting of
all interested in forming a parish, to
assemble at his house.
He was our first treasurer, and a ves-
tryman until within a few years of his
death, always took an active part in all
things pertaining to the Church's wel-
fare, both spiritual and financial, and
gave freely both of his time and money.
He took a prominent part in laying
the corner-stone of the Church, in 1870,
and when the church was consecrated
Judge Byrnes was appointed by the
Bishop to stand in the chancel with the
deeds and other papers relating to the
Parish, and at the proper time hand
them to the Bishop of the Diocese.
His house was always open to the
clergy, and a warm welcome awaited
them all. **Geo. F. NICHOLSON,**
Sec'y of the Vestry.
