has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a serofulous sore on the wrist, until about for a secondous sore on the wrist, until about dre years ago. From a few spots which ap-peared at that time, it gradually spread so as to cover his entire body. I assure you he was sorribly afflicted, and an object of pity, when he began using your medicine. Bow, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case. Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a a duty for me to state to you have derived from the use of

#### Ayer's Sarsaparilla.

Bix months ago I was completely covered with a terrible humor and surpfulors sores. The humor caused an incommit sind intolerable itching, and the skin chacked so as to cause the blood to flow in hamy places whenever I moved. My sufferings were great, and my life a busden. I commenced the use of the flatsaparantal, if April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire work, although 78 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you AYEE'S BARSAPARILLA. Glover, Vt., Oct. 21, 1882. Kours gratefully,

AYER'S BARSAPARILLA curos Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Bolls, Tumors, and Eruptions of the Skin. the Assembly. Lewis Evans, also, is known all over this County. Many of the older residents of Hammonton remember him well as a young man. For many years he has held the position of Station Agent of the C. &. A. R. R., at Atlanfig City,-trusted and tried. He has diways been an active Republican, and this is the first time he has appeared before the people of the County as a candidate. His ability is unquestioned.

The position of Coroner is habitually belittled by the unthinking; but there are few positions requiring more real ability than this one. In cases of accident, frequently this officer has to decide questions that might puzzle a lawyer; and direct matters with a cool and determined mind. Gerry Valentine possesses the requisite qualifications, has held the office heretofore, and deserves an election.

These are our seutiments in regard to our ticket. If you agree with us, vote it straight. If you are not acquainted with the candidates, accept our testimony, and help elect them.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the EAFE, CEETAIN, SPEEDY and FERMANENZ cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case the truth of the assertion that in no case the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more cortain to oure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases.
