The Tariff Not a Tax.

BUNTING, WOOL AND COTTON.

"Taxed 22 cents a yard," says the Free-Trade "reformer," with self-satisfied confidence in the truth of his theory, referring to the bunting depicted in our illustration. And yet every patriotic American from ocean to ocean can thrill at the sight of our starry flag made of bunting that costs exactly 2 cents per yard less than this imaginary "tax." Do American citizens want their country's banner made of foreign bunting to advertise the factories and mills of the British? For such would be the ultimate result of Free-Trade. We cannot believe it. In the future, as in the past, American flags will be made of American bunting in American workshops, and that bunting will not be taxed a single cent, either.—From AMERICAN ECONOMIST.

Wesley West, of Moscow, Idaho, whose "romantic" marriage with Miss Laura Gardner, of this place, we recorded some time ago, is now in jail at May's Landing, awaiting the arrival of an officer from the far west. Some four weeks ago, Town Marshal Myers, as Chief of Police, received a telegram from Idaho, directing him to arrest and hold Mr. West, on a charge of grand larceny. As the gentleman was not here, Myers kept his own counsel, and learned that the man was in Canada, but was expected here shortly. Correspondence with Idaho brought a proper warrant, and when Mr. West came in on the evening train, last Saturday, Constable Bernhouse greeted him in an unexpected manner. As the officers were directed to search their prisoner for a money belt, they took him to Squire Atkinson's office, found the belt, which contained \$330.25, mostly in gold coin. As there was no authority to accept bonds, West was confined in the lock-up until Sunday afternoon, then taken to May's Landing. The Idaho officers were notified at once, and responded promptly, that the Sheriff had started hither. There is a mystery there. West appears like a perfect gentleman, says that his whole record is clean except the non-payment of a promissory note for \$300, which he intends to pay when he can. But this would not sustain a charge of larceny—stealing. Popular sympathy is with the young man, so far. Our officers did only their duty, but it may be made warm for those Idaho parties. Probably there will be further developments before this is read.

Mrs. A. E. Wilson gave a tea party to her Sunday School class, on Wednesday evening, at her residence on Horton St. Those present were Misses Grace Thayer, Olive De Puy, Mary Laver, Emily Morrill, Maggie Miller, Florence Miller. At the tea-table, Miss Wilson received an acceptable present from the class. The girls report a very pleasant visit.

Coroner Wescoat's jury was re-assembled on Tuesday, heard a little further evidence in relation to the murdered Italian woman, but really learned nothing beyond what we recorded last week. Their verdict was that the woman's death was caused by wounds inflicted by an unknown party.

Republicans, don't mark or paste your ticket, next Tuesday. It is within the range of possibility that we may secure a majority of one or two in the Legislature, on joint ballot. That will mean a Republican U. S. Senator from New Jersey—a consummation devoutly to be desired. But it will require every Republican vote.

PAINT! PAINT!

—THE—
HAMMONTON.

When you buy the Hammonton Paint, you do not buy seven-eighths of a gallon for a gallon, or three pints for a half gallon; nor do you get one of those packages that weigh 12 to 14 pounds, and containing so much alkali that it appears to be so thick that it is impossible to use it without thinning; but in buying the Hammonton you get a full standard gallon of paint, weighing 14 to 16 pounds to the gallon, made from the best materials known to the trade, and costs the consumer from \$1 to \$1.50 per gallon for honest paint.

If the purchaser doesn't want honest paint, and wants to be honest to himself, then be sure to buy the Hammonton Paint, and the manufacturer will give a receipt with every gallon sold telling you how to make two gallons of paint out of one of the Hammonton. It will cost 33 cents for the extra gallon.

One Dollar.

And then here comes Commercial Paint, in 30 shades, — the best wearing paint ever put on the market for so low a price as \$1 per gallon, and guaranteed to be a first-class wearing paint. If any one should not want to pay so high a price for a good exterior paint, then work the 33 cent racket, and get two gallons for \$1.33. Manufactured at Hammonton Paint Works.

The Republican.
[Entered as second class matter.]
SATURDAY, NOV. 5, 1892.
REPUBLICAN TICKET.
For President,
Benjamin Harrison,
Of Indiana.
For Vice President,
Whitelaw Reid,
Of New York.
For Governor,
John Kean, Jr.
For Congressman,
Hon. John J. Gardner.
For State Senator,
Hon. Samuel D. Hoffman.
For Assemblyman,
Charles A. Baake.
For Surrogate,
John S. Risley.
For Coroner,
Robert H. Ingersoll.
Next Tuesday will be the decisive day, one of the most important days in the history of this country, the day on which will be decided whether protection and prosperity shall continue to bless the land, or whether free-trade and foreign influence shall be permitted to remove the favorable conditions of trade and manufactures, and thus reduce men's earnings and consequent surplus. During the past six months or more we have played before our readers what we believe to be the solemn truth in regard to tariff and free-trade, and now call upon you to vote for
BENJAMIN HARRISON
For President, who represents all that is for the best interests of the United States, and has had the approval of the wisest men during four years of administration.
Four times during forty-eight years, a President has died, leaving the Vice-President to assume the higher station. Will you risk a like possibility this year, and have Mr. Stephenson, the rebel sympathizer, the well known Copperhead, as a possible President? It would be a shame and disgrace, which no loyal man can even contemplate with patience. Don't vote for him!
WHELEW REID
Is the man who would honor the position. Vote his ticket.
Then we come to Congressman. No one seems to know much about the Democratic candidate; but he is in bad company, his platform is opposed to protection and honest money. Vote for
HON. JOHN J. GARDNER,
Whom we all know as one of the ablest men in our State, who would be found on the right side of every important question, and a representative of whom you will be proud.
As to State issues. No one who reads the history of the fact that New Jersey's State government has become one of the most corrupt ever known in history, is pointed to by our sister States as the "terrible example" of prolonged Democratic rule. We haven't space for the figures, but during five years last past, Gov. Abbott and his legislature have wasted two and a half million dollars more than was necessary to pay all State expenses, and have to do with nothing to show for it, but about two thousand unnecessary office-holders. Do you like it? If you prefer to return to an honest and economical administration, vote the straight Republican ticket.
For Governor, **JOHN KEAN, JR.**
For Senator, **HON. S. D. HOFFMAN.**
For Assemblyman, **CHAS. A. BAAKE.**
When you come to Coroner, there is no need of changing your ticket, for
ROBERT H. INGERSOLL
Is competent, worthy, in all respects qualified.
JOHN S. RISLEY
Has for nearly ten years served faithfully as Surrogate. Always courteous, accommodating, and considerate, he has won the esteem of those who had business in his office, and deserves another term.
Vote the full, straight Republican ticket.
Henry Kramer has rebuilt his saw-mill, at Folsom, and may have it running to-day. For a sample of his work, see the fence-but shingles on Wm. Tjman's new house, on upper Bellevue.

We desire to express our sincere thanks to the ladies of the Iron Hall, and to our kind friends and neighbors, for their sympathy and help during the sickness of our daughter Mary.
MR. & MRS. HARVEY ISAAC.
To Mr. Tolbert Watson was treated to a surprise, Monday evening last. About forty of his old schoolmates and friends, all masked, came trooping in, without warning, and enjoyed his inability to recognize any of them. They had any amount of fun before saying adieu.

"Wife for Wife" is an American play, with the scenes all laid in the South. A play that will suit everyone.
Vote early in the morning. Republicans, then your committee will not need to refresh your memory towards night.

About twenty-two Hammontonians attended the County Sunday School Convention, on Wednesday, at May's Landing. They report a very interesting meeting.
All Saints' Day, Tuesday, was appropriately observed in the Episcopal Church. The altar was beautifully adorned with flowers, which were taken, after service, and laid out in the festal places of the departed.
Remember the County Christian Endeavor Convention, next Tuesday evening, the 8th, in the Hammonton Baptist Church. It has been suggested that as twilight is election night, voters can enjoy the exercises while waiting for returns. All invited.

Miss Rita Hall went to Long Branch on Wednesday, with her uncle Chas. E. Wyatt, intending to remain a week or more.
Voters be careful not to mark your ticket in any way; don't tear it, and see that it is not torn when you put it. The law is strict, and the Board will count a ballot which has been distinguished mark about it. Be careful, also, that you put not but one ballot in the envelope. If two or more are found, none are counted.
Mr. Cramp and his attendant, who boarded with Mrs. Fish for some time past, made arrangements to spend the winter at her place in Florida, and started thither Oct. 24th. Mrs. Wm. Cooper will carry out her mother's arrangement, and started south last Tuesday, being joined in Philadelphia by her sister, Mrs. Ellis, and son Ray, of Newark.
The danger of leaving poisoned food about, to reduce the surplus dog population (as some wretch seems to be doing) was illustrated the other day, right here in town. A little chap, perhaps two years old, was playing in the yard, when he spied what looked like a sweet potato, and tried to pick it up, but his little dog was quicker than he, and ate whatever it was. In fifteen minutes the dog was dead—poisoned. It would have been child-like to have put the potato in his mouth. Suppose he had!
On Monday, Mr. and Mrs. A. E. Millard were absent from home all day. On their return they found that some one had visited the premises, had broken open, and entered a cellar window, then leisurely ransacked the house, overturning the contents of all drawers, trunks, and closets, leaving everything in an up-set condition. They miss a good overcoat, a watch, and about three dollars which were in Mrs. Millard's purse—the only money in the house. No clue to the thief has been obtained yet.
One day last week, Gay Bueche's house was entered by a back window, while the family were absent, everything searched, and twenty dollars taken from a bureau drawer. That time the thief got an overcoat in the house.
The Republicans held their first and only public meeting on Tuesday evening. The Club had arranged to meet at the hall and march with the band to the hotel to escort the speakers. But a substantial addition to their numbers was made, to the surprise of everybody, as the Italian Republican Club, over sixty strong, came marching down Bellevue, with neat uniforms and torches. Mr. Gaskill was the first speaker, and held his large audience for over an hour, with a clear and forcible exposure of Democratic misrule in this State, the extravagant and inexcusable expenditure of millions of dollars of the people's money, with nothing received in return. Other abuses of power by Gov. Abbott and the Democratic ring were shown, and a remedy prescribed—the only one, — turn the rascals out, by electing the Republican nominees.
Senator Gardner followed in his usual quiet, easy way, with figures, facts, and arguments on tariff, an honest currency, and honorable government. It was a good speech.
Messrs. John S. Risley, candidate for Surrogate, and Chas. A. Baake, candidate for Assemblyman, were present, but did not speak, as it was very late. The band escorted the Italian Club on their return up Bellevue.
One of our prominent Democrats virtually accused us of misrepresentation when we called Andrew Jackson a protectionist. We want him to read the following from the national platform of the party which elected Jackson President, in 1828:
Resolved, That an adequate protection of industry is indispensable to the prosperity of the country, and that an abandonment of the policy at this period would be attended with consequences serious to the best interests of the nation.
Mr. Jackson accepted and endorsed this platform, and during his term of office expressed himself forcibly in favor of protection. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to impose and collect tariff duties except for the purpose of revenue only.

Admission, 10c.; children, 10c.
The Republican Headquarters are open every day and evening (over Squire Atkinson's office), and every Republican is welcome there. On Monday next, members of the Club Executive Committee will be there, with tickets for any who wish, and to give information to those who need it.
Fun is fun; but hallow o'en pranks sometimes pass the funny limit. For instance, on Monday night Mr. Baker's front gait were carried away, and one of them found so badly damaged as to be useless. Somebody will have quite a bill to pay, for new coats.
The semi-centennial of the Bible Society of Atlantic County will be held in the Hammonton M. E. Church, on Tuesday, Nov. 15th. The local depositary of the Society is in E. J. Woolley's store.

STEVENSON—SMITH. In Hammonton, N. J., Thursday, Oct. 27th, 1892, by Rev. H. R. Rundell, William Stevenson, of Newtonville, N. J., and Katrina M. Smith, of Cool, N. J.
Died.
GRISWOLD. At the residence of her son-in-law, M. D. Walker, in Atlantic City, on Thursday, Oct. 27th, 1892, Mrs. Emily Griswold, widow of the late B. F. Griswold, aged 72 years. Mrs. Griswold was for over twenty-five years a resident of Elwood, where the funeral services were held on Monday, in the Presbyterian Church, the Pastor, Rev. J. E. Peters, officiating. Mr. and Mrs. G. were among the first members of that Church, which was organized in 1851. The sermon was based upon the allotted age of man, showing that while many reached the limit, and a comparatively few exceeded it, a large majority closed their earthly career before one-half of the allotted years were passed. The respect for the departed was shown in the large attendance of her friends, and the floral tributes, which were abundant and very nice.

NEW YORK.

Republican Platform.

We believe in the American doctrine of protection.
We believe that articles, except luxuries, which cannot be produced in the United States should be admitted free of duty.
We demand that on all imports competing with the products of American labor duties should be levied equal to the difference between wages at home and abroad.
We ask the people to pronounce a verdict upon the cowardly course of the Democratic party in attacking the tariff piecemeal.
We believe in reciprocity, which has opened new markets for the products of the workshop and the farm.
We believe in the use of both gold and silver money.
We demand that every dollar, whether of gold, silver, or paper, shall be equal to every other dollar.
We believe in an international conference to secure a parity of gold and silver throughout the world.
We demand that every citizen, rich or poor, native or foreign-born, white or black, shall be permitted to cast one ballot and have it counted as he cast it.
We propose to keep on fighting till we have honest elections in every state.
We favor the revival of our foreign commerce in American ships.
We demand a navy to protect our interests and maintain the honor of our flag.
We demand that arbitrary combinations of capital to control trade conditions shall be rigidly regulated.
We believe in wise and consistent civil service reform.
We believe in admitting all the territories to the Union as soon as they are qualified for entrance.
We re-affirm the Monroe doctrine.
We demand the restriction of criminal, pauper and contract immigration.
We demand that the employees of railroads, mines and factories shall be protected against all needless dangers.
We sympathize with the oppressed in every land.
We demand freedom of speech and of the press.
We believe in popular education.
We favor the construction and control of the Nicaragua canal by Americans.
We believe in self-government for territories.
We believe that the Columbian Exposition should be made a success worthy of the dignity and progress of the nation, and that the government should aid in this if necessary.
We sympathize with every legitimate effort to promote temperance and morality.
We pledge to the loyal veterans of the war for the Union the recognition that is theirs by right.
We are proud of President Harrison's magnificent administration.
And we propose to give the country another administration just as good for the next four years.

At a large meeting of Knights of Labor and others, in the People's Theater, New York, October 23, T. V. Powderly's speech, a powerful arraignment of the Democratic party, was heartily applauded. Here is a specimen sentence:

"We made Flower the Democratic Governor of a Republican State. If you workmen do your duty here, you will teach the Democratic party that they must treat you as men and American citizens when you ask justice; you will teach Flower that you, as sovereign people, must not be insulted and scorned. You will teach men like Harry that you possess intelligence, and cannot be deluded into voting for your enemies. I cannot say one good word for the Democratic party, and I am unable to understand how any workman can vote for its candidates."

Have you ever heard Abraham Lincoln's saying: "Never safe to swap horses while you are crossing a river?" We are swimming in the stream of prosperity, riding the protection horse. Shall we try to swap and get on to the free-trade beast, and so tumble into the mud and water?

If the McKinley wool duties did not protect American wool prices, why has the price of wool fallen in the London market over 21 per cent. since January, 1890, while in the same time the fall in the price of American wool has been only 7 per cent?
