Genuine Singer Sewing Machine.

The name of "The Singer Manufacturing Company" is also printed on
the top of the arm; all others not bearing this trade mark and name are
worthless imitations. Beware of them. Beyond our regular agents, The
Singer has for years been the great popular machine, and more of them are
sold than of all others put together. Last year its sales amounted to 252,318
machines. It was also the leading machine at the Centennial, and carried off
more honors than any other, having received four awards and a resolution of
thanks from the Centennial authorities, and "a scroll of honor" from the ladies
connected with the Woman's Department of the Exhibition. The Singer, being
its competitors in everything else, led them also in reducing prices, by
placing the machine that formerly cost \$60, at

Thirty Dollars

and making a like reduction on all other styles. Having skilled agents only to sell our machines, purchasers
may be sure of getting proper instructions, and are guaranteed satisfaction in every particular. Send for
