KING'S EVIL Was the name formerly given to Scrofula

ecause of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that SCROFULA

an only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments aro Eczema, Cutaneous Eruptions, Tu-mors, Bolls, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Phy-sical Collapse, etc. If allowed to con-tinue, Rheumatism, Scrofulous Ca-tarrh, Kidney and Liver Diseases, Tubercular Consumption, and vari-ous other dangerous or fatal maladles, areous other dangerous or fatal mi

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effect-nal an alterative that it erailentes from the system Hereditary Scrofula, and the kindred poisons of contagious discases and mercury. At the same time it en-riches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great **Regenerative Medicine**

Is composed of the genuine Honduras Sarsaparilla, with I cllow Dock, Stil-lingia, the Iodides of Potassium and Iron, and other ingredients of great po-tency, carefully and scientifically com-pounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S BARSAPARILLA as an SARSAPARILLA 38 8D

Absolute Cure For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any er preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying modi-

cine, in the world. Ayer's Sarsaparilla.

PREPARED BY Dr. J. C. Ayer & Ga., Lowell, Mass. [Analytical Chemists.] Sold by all Druggists: Price \$1; Six bottles for \$5,

THE NIGHT IS STILL. The night is still, the moon looks kind, The dew hangs jewels in the heath. An ivy olimbs across thy blind And throws a light and misty wreath.

The dew hangs jewels in the heath, The dew hangs jewels in the heath. Buds bloom for, which the bee has nined; I haste along, Joindeer breathe, The night of stind, the bee has his still, Buds bloom for, which the bee has his still, The armroise allos is jealong and the Analysis of the still still still awap the flower watched path of still And come thy window ledge beneath

become crumpled and dejected. The young man's eyes were clear and bright. his head well formed, and he had an air as if he had made life a success. As for his age, one might have guessed that from the age of the harness and buggy. The son of a well-to do farmer has what he calls a "rig" for himself at 20. The "rig" was two years old; Mr. George Morris, 22, The horse started off at a good trot.

Mr. Morris sat suuarely in the middle of the seat. He seemed happy and triumphant. Uccasionally he gave a complacent glance at either of his broad houlders and corrected their position by some rule evidently evolved from his

position by some rule apparently evolved from his own knowledge. When he had adjusted each shoulder satisfactorily he eaned back and took a limited but pleased view of both at once. Occa sionally, too, he critically examined a ittle, straggling pair of side-whiskers, or looked approvingly at his length of limb. Indeed, so well did he beguile the time that he was quite unconscious graceful but neglected drive, had drawn room. George threw back his shoul- Pointer." might have been considered well comensated for by the appearance of a lit tle feminine world in muslin who, with an exclamation of delight, had tripped

around from the side verandah. "I knew you would come," she re-peated, when Mr. Morris, after having slowly alighted and fastened the horse, had joined her. "Yes: I thought I would come over,

It's a nice afternoon, and I thought you might like a ride. Besides, I wanted to say good-bye." "Of course I want to ride, but you

must come around here first and let them congratulate you. Remember, congratulate you first. You'll remem ber that?" she cried looking at her heavy companion, ."and 1 said you'd get it when you first thought of it." In this way George was conveyed t the side verandah where were the family of the house.

"So you are going to West Point?" said a weary-looking gentleman in loose black. "Very good place for an ener-getic young man," and more weary "Of water ?" continued the polite than ever, apparently, for having young man. thought of such a thing as energy he resumed his reading.

"Do you think you will like it?" asked the mother, "you will be so long away," and she looked at Dora, the vision in muslin. "Tell us about the examination." George would not understand any
