IF I WERE YOU.

I wouldn't think about distress
If I were you;
I wouldn't even once confess
To feeling blue.
But when the sun is well disposed
To shine upon your friends and foes
I'd be content with even less
If I were you.

Just let it rain, or snow, or shine;
I'll bring you gain.
To blame misfortune, or repine;
The longest lane
Will end sometime, and every day
Roses will bloom along the way,
Because of rain.

Then sing your song; cry if you must.
But keep in view
The healthy soul-inspiring trust
That's always due
To them that strive to live above
All earthly things—excepting love;
I'd let all other treasures rest,
If I were you.

DEAR MR. EDITOR:—While doing
your pleasant town the other day, it
occurred to me to visit your fine new
school building, my alma mater. Let-
ting my mind wander back to my school
days, I thought of the several friends
who had graduated there and held posi-
tions of honor and trust in various sec-
tions of the country. Now, in these
days of college and school fraternities,
alumni associations, etc., it occurred to
me that it would be a nice thing for the
Hammonton school graduates to orga-
nize an Alumni Association. I would
not favor confining it to the thirty-five
or forty graduates and the teachers of
the High School, but extending it to us
relies of the old school-house and gradu-
ates of the County, whose name is
legion. I would suggest that Mr.
Holdridge, if he feels so inclined, call a
meeting in the near future, of all such
as would be eligible, in the school-house.
I think such a move would not only be
pleasant for the members, but a help to
the school. Let us hear from others on
the subject. Hoping the project may
prosper, I am,
ONE OF THEM.

The "Parlor Meeting" of the W.
C. T. U., last Tuesday evening, at Mrs.
Montfort's, was a success in every way.
Nearly a hundred people assembled,
and the evening was passed very pleas-
antly, with music both vocal and instru-
mental. The meeting opened with
prayer by W. N. Ogborn, after which
the friends were entertained first with a
piano solo by Mrs. C. D. Jacobs, suc-
ceeded by a recitation "The Cup
Bearer," by Miss Ethel Jacobs. A
duet followed, sung by Miss Nettie
Montfort and Mrs. Beard. Messrs. E.
and A. T. Trafford, Mr. Myrose, and
Mr. Joslyn, rendered one of their favor-
ite songs in the usual happy manner,
and then Mrs. Smith introduced Mrs.
E. M. B. Tilton, our County President,
who made a short address, giving a
very encouraging report of her own
work, and also spoke encouragingly of
the work in the County thus far in the
year. Miss Blanche Thomas then sang
a solo. Instrumental music by Misses
Lillian and Ethel Jacobs and Mr. Albert
Jackson, was followed by a recitation
by A. T. Trafford. The Male Quartette
gave another selection, and after a few
remarks by our President, Mr. Chas.
A. Smith, on the work in progress in
our local union, the object of these
meetings, and other matters of interest,
—the rest of the evening was spent
socially, with refreshments. Before the
meeting ended, twelve new members
joined the army of "White Ribboners,"
and a number decided that they would
come into the number in the near future.
A generous collection was taken up,
and our little band went home feeling
greatly encouraged. PRINCE STURT.

When we think of those who have
been our spiritual benefactors, who
have made our lives better, we shall
find that it has been those who had
faith in human goodness. They had
more confidence in us, more hope for
us, than we had for ourselves.

The woman who is lovely in face, form
and temper will always have friends,
but one who would be attractive must
keep her health. If she has constipation
or kidney trouble, her impure blood will
cause pimples, blotches, skin eruptions
and a wretched complexion. Electric
Dittors is the best medicine in the world
to regulate stomach, liver and kidneys
and to purify the blood. It gives strong
nerves, bright eyes, smooth, velvety
skin, rich complexion. It makes a good-
looking, charming woman of a run-down
invalid. Only 50 cents at Crowell's Drug
Store.

Question Answered.

Yes, August Flower still has the lar-
gest sale of any medicine in the civilized
world. Your mothers and grandmothers
never thought of using anything else for
indigestion or biliousness. Doctors were
scarce and they seldom heard of appen-
dicitis, nervous prostration, or heart
failure, etc. They used August Flower
to clean out the system and stop fermenta-
tion of undigested food, regulate the
action of the liver, stimulate the nervous
and organic action of the system, and
that is all they took when feeling dull
and had with headache and other aches.
You only need a few doses of Green's
August Flower, in liquid form, to make
you satisfied there is nothing serious the
matter with you. Sample bottles are at
Crowell's Pharmacy.

SATURDAY, NOV. 18, 1899

The results of the election practically settle the policy by the Government, in regard to expansion, says the *Newark Advertiser*. If there had been any decided popular sentiment opposed to all departure from the traditional exclusiveness of this nation in the world's affairs, it would have been exhibited in some marked way in the elections. On the contrary, where the question of expansion came into play, except in the one state of Nebraska, the verdict unmistakably favored the Administration.

But national expansion does not, in the popular mind, at least, mean imperialism and militarism, and the verdict of the last election does not imply any endorsement of building up a colonial empire and establishing a large standing army on the model of the armaments of Europe.

We have got Hawaii, which is rightly considered a permanent outpost of our continent in the Pacific. We have the island of Guam and a small island and harbor of the Samoan group. These also are necessary to our commercial and naval interests, and for a cable line from San Francisco to the far East. We have Porto Rico, which is a necessary outpost to our Atlantic frontier. There is no longer any question about the retention of these small but important acquisitions.

In the Philippines we have a Spanish title, which our army is trying to enforce against the ruling element. We are there, and must remain until the task of subduing the Philippines is accomplished. Then the great question of the future disposition of the Philippines will come squarely before the American people.

The annual report of Supr. Terhove, Bergen County, takes the position that the schools are not doing nearly enough in the matter of cultivating a taste for good literature. He adopts President Eliot's view that a system of education which sends out the majority of its pupils unacquainted in their habits of reading, has, whatever its pedagogical excellences, made a failure. Especially is there need of attention to the reading of the younger pupils. The children of the common school by their fourth year should be able to read a book of ten pages. The only way to get them into good reading habits is to begin very early.

A district superintendent of schools in Chicago proposes to give the pupils practice in writing up incidents for the newspapers. He will probably soon discover that the ordinary pupils are very uncertain and inexact in stating such matters. Not one man in ten, and very few women, are able to tell a thing as it is, or even tell it as he says it. A professional reporter will walk miles, and spend hours working and waiting, on a statement made positively but based on nothing whatever except surmise. People too often think they know what they only think.

It has come out that the State Department is negotiating with France, Germany, and Russia for an "open door" in China. The department, not entangled with oral expressions, recently asked these powers to give written assurance regarding the preservation of this policy. In case the assurances are declined, the United States will insist upon China's observing to the letter the treaty giving an equal right with other powers in China. This new evidence of America's advent as a "world power" has been noted with ratiocination in England, and with some growling in the continental press.

Some people are so nicely balanced in their constitutions that they are perfectly happy and they don't know it.

There is a slight difference between a storm that is due and a note that is due. The storm sometimes fails to come.

Somehow it is interpreted the verdict in this state is counting that "our people believe in hard money and do not consider it too good for our mechanics and laborers."

Volcanic Eruptions
An event, but with European risk life of day. "Buckley's" Arica baby cures them; also Old Remedy and Fever Balm, Urethra, Both Edema, Gums, Warts, Burns, Scalds, Chapped Hands, Chills, Boils, Piles, Ulcers, etc. Drives out pains and aches. 25 cts. a box. Cash or remittance. Sold by Dr. G. M. Crowl, Druggist.

A statement was made in the papers, recently, that a squad of U. S. troops were surprised on a night, north of Manila, one killed and all the rest wounded except one. Now a statement is current, that the one lucky soldier was our young townsman, Will Jones. It is an interesting story, but seems scarcely probable, as Will is Hospital Steward, and would hardly be in the advance with a scouting party.

Members of Muskeg Tribe, No. 126, of Vinceland, and of Wawa Tribe, No. 185, of Berlin, will visit Shannunton, this week. Five new pale faces will be adopted by a No. 1 Adoption Team belonging to Wawa Tribe, after which there will be a collection of funds. All brother Red Men are requested to be present and have a good time.

G. W. Austin, C. of E.
A barn occupied by Mark Foster, at Elwood, was destroyed by fire on a recent night. It was supposed that a tramp lost his life in the fire. Coroner Cunningham searched diligently in the ashes, and found what he believed to be bones of a human foot. No buttons or other means of identification were discovered. Parties living near by say that a tramp appeared to be big and arm bones, which crumbled to ashes when handled. Under the circumstances, the County Physician sustained the Coroner's decision that nothing could be gained by holding an inquest. The fire was probably started from the tramp's pipe.

Cheap Excursions via Phila. & Reading R.R.
The National Export Exposition is more than a mere show. It is a grand school of instruction as to the manufacturing ability and ingenuity of the United States, and all presented to the eye in such a way that it is an amusement as well as instruction. For the pleasure seeker there is the Chinese Village, Oriental Theatre, trained animals, etc., in fact, all the best shows from the midway of recent expositions, and when to this is added Grand Concerts every afternoon and evening by some of the best bands and orchestras of the country, our readers can easily see it is well worth a visit.

Arrangements have been made by the Philadelphia & Reading Railway to sell special excursion tickets from this vicinity to Philadelphia, on Oct. 13 and 20, Nov. 3rd and 17th at the low rate of single fare for round trip (with a minimum of 75 cents) including admission coupon to the exposition. These tickets are to good going only on specified train morning of sale, and good returning on any regular train the same day. For full information as to rates, time of trains, etc., consult ticket agent, or address Edwin J. Wiles, Gen'l Passenger Agt., Philadelphia.

The Glass Works appear to be a sure thing in Hammononton. The Messrs. Bognett were in town Thursday, and found everything to their liking. The books are open for subscription to stock. Some of our business men have already taken shares, and others will do so. Two Atlantic City men have put in \$1000 each. Let all who can, help it along. The firm is an old one, with a market for all the window glass they can make. \$1900 per week paid in wages will prove a boom for Hammononton. Now is the opportunity; don't let it slip. A representative of the company is now in Pittsburgh, to consult with builders and parties who furnish other necessary fixtures.

Mr. John Mortimer died at his home, on Egg Harbor Road, Monday morning last, 13th inst., after a long illness, aged 70 years. He was an old-time resident of Hammononton. A widow, one son and two daughters survive him. Funeral services on Thursday.

Laver and Reull's Minstrels, an organization of Hammononton boys, will give an entertainment in Helen Hall on Thursday night, Nov. 30, benefit of the Base-ball Club. On Saturday evening, Dec. 2, they intend to repeat the performance, for their own benefit.

Last Saturday evening, an accident occurred to the electric power house, and the town has since had to depend upon old-fashioned lights. A new engine and other parts being needed, had to be made in Philadelphia, and were promised on Thursday. The lights are early missed.

His Life was Saved.

Mr. J. M. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: I was taken with Typhoid Fever, that ran into Pseudomonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave me great relief. I continued to use it, and now am well and strong. I can't say too much in its praise. This marvellous medicine is the safest and most reliable.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to another climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ of disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Sample bottles at Crowell's Pharmacy.

National Export Exposition.

The Pennsylvania Railroad Company has arranged for special excursion rates to Philadelphia on October 11 and 23, November 8 and 22, around National Export Exposition. Round-trip tickets, good to return within ten days, including day of issue, will be sold on above dates from Atlantic City, and intermediate stations at rate of single fare for the round trip, plus admission to the exposition (no rate less than one dollar). For specific rates apply to Ticket Agents. The National Export Exposition has surpassed all expectations in the extent and variety of its exhibits, and in its general excellence and attractiveness. The Implement Building, containing a marvelous display of farm machinery, is particularly interesting to agriculturalists. The band concerts and diverting midway furnish delightful entertainment for all.

ADMINISTRATOR'S SALE.

Atlantic County Orphan's Court. In the matter of the sale of the lands of Jose D. Fairchild, deceased, for the payment of his debts.
