#### Mays Landing's Appreciation.

The people of Mays Landing sincerely appreciate the way the residents of the county generally, and particularly of Hammonton, stood by them in the recent fight to move the county seat to Atlantic City, A community of interests among the people of the county was shown that will go far toward securing for

every county district in the future, added consideration for their needs. On behalf of the people of Mays Landing, the Chamber of Commerce wishes to express, through the columus of this paper, their beartfelt thanks for the keen interest taken in the fight to keep the county seat at Mays Landing, where it has been located 85 year, and the heavy vote polled against it in Hammonton and other county districts.

#### Basket Ball News.

A joyful throng witnessed the pening basket contest between grafulated on the appearance of the locals and the Common Kether new headquarters of the Ameriserves, in the new Myers Hati, last can meat market, at Jackson's old Saturday night. The locals were on the big end of the score, defeaton the big end of the score, defeat-

ing Camden 25 to 22. \* This was the first game of the season, the same old team who captured the 1918 county champlonship representing Hammsuton, and, after some practice, will soon be hitting the old-time stride.

Wednesday evening, the regulars topped the Melrose Club, of Atlantic City, 20 to 13. The Melrose Club was strengthened by Eastern League players, and some stars.

The O. K. team defeated Plean autville 15 to 10. This is the Hammonton Reserves, headed by Ehull Peguese, the promising new

centre man. Saturday the Bridgeton quintet will invade the local court, and an interesting game is promised.

Miss Mary Coff and Miss Anna Silberberg, of Philadelphia, took a hika from Canden to Hammonton. They walked to Berlin on Saturday, stopping over night, and finished their walk on Sunday. The club had a large attendance Both girls enjoyed their walk, but returned by train.

#### Good Roads Assured.

In reply to many inquiries, we would say that the latest report received by the Good Roads Association of New Jersey indicate that the \$40,000,000 good roads bond bill passed by more than 20,000 majority. The action of the people in endorsing the referendum for the construction of highways and bridges brings New Jersey back to her proud position as the Mother of Good Roads, according to the officers

of the association.

It-was pointed out that the State is now in a more advantageou position than any other State in the Union for carrying out its highway programme, without imposing additional taxes. The good roads plan which is advocated by the Association, calls for the completion, within the next five years, of the State Highway System, including bridges, to take care of modern traffic conditious; all township and county roads brought up to travelable condition; a State Patrol System established to maintain all roads at a high standard from the money derived from utomobile licenses, all to be carried out with the means of the State

Both parties represented in the incoming administra-tion now have an opportunity to make a record by seeing that the programme is carried through to a successful conclusion.

The Good Roads Association, with its advisory committee of representatives of more than sighty of the leading commercial and civic organizations throughout the State, will be continued as a permanent organization, working for the carrying out of their complete programme and it is safe to say that one of its chief duties will be to carry out its pledge to see that a dollar's worth of service is rendered for every dollar The following are the per centexpended. Good roads and bridges within the next five year s and iges of attendance for October, in that without a penny of additional taxation, is now an assured fact he various grades at the Ham-It is probable that a banquet of the Association will be held shortly when details of the complete highway program will be outlined.

## **Buick Service Protects** Buick Owners Everywhere

Buick owners everywhere recognize this blue and white emblem of authorized service as further assurance of dependable Buick performance.

Experience has shown Buick owners that "authorized" service means a conscientious, helpful interest in the continued and perfect operation of their Buicks.

Authorized service is a guarantee of skilled labor from mechanics of long experience on Buick cars, and that every new part is genuine, factory-made of the same high quality as the original unit.

It is an assurance that the establishment is conducted to serve Buick owners first, last, and always in the way that will continue the dependable performance built into every Buick car.
