INSANITY.

The increasing percentage of alcoholic insanity in Woodlee, and in most other asylums throughout the country, is an evidence of the increase of those excessive drinking habits which, though they may not cause insanity in the drinker, are a fruitful source of nervous disease and degeneracy in his descendants.

PRESS SUPP.

The lecture committee sprang a surprise, this week, by announcing an addition to the advertised course. Mr. John R. Clarke, orator, actor, mimic, entertainer, gave the popular lecture, "To and Fro in London," last evening. Holders of season tickets were admitted for ten cents; others paid twenty-five. It was a short notice, but it was well advertised.

Governor's Proclamation.

Whereas, The President of these United States has appointed Thursday, November the twenty-fourth, as a day of festival and thanksgiving to all the people of the United States, at home and abroad, for all the mercies vouchsafed to us during the past year, and, therefore, I, Franklin Murphy, Governor of the State of New Jersey, in accordance with a custom that has come down to us from our forefathers, do join with the President in requesting the people of this State to observe the day named as a day of thanksgiving to the Giver of all good for all the mercies to us as a people and as individuals.

I do also request that the day be observed as a day of prayer, that the blessings of an overruling Providence may be continued to us, and that we, in all humility, seeking forgiveness for our sins and for light to see the right and strength to do it, may, as far as in us lies, continue to deserve the Divine favor.

Witness my hand and the great Seal of the State of New Jersey, hereunto affixed. Done at the City of Trenton, this 14th day of November, in the year of our Lord 1904, and of the Independence of the United States the one hundred and twenty-ninth.

FRANKLIN MURPHY.

By the Governor, S. D. DICKINSON, Sec. of State.

BOARD OF TRADE.

Meeting called to order by the President, Tuesday evening, 15th inst. Minutes approved.

Communications read from parties in Ontario, Ontario and elsewhere, also one from Mr. Burman.

Secretary instructed to send a letter of regard and best wishes to Mr. Burman.

A call directed to the fact that there are ten committees acting in behalf of the Board.

Drainage committee reported that work is completed on the back line of ditches, and it was the expressed opinion of many present that the result will prove the most satisfactory and far-reaching of any ever obtained at public expense.

The Printing Committee's report brought forth a prolonged discussion in regard to the cuts, and it was voted to loan to more of them until the ownership of said cuts is settled.

Mr. Camp, retired from the Rural Mail Delivery Committee, and Dr. Miller were asked to attend the meeting.

The subject was thoroughly gone over, and it seemed to be the opinion of a majority that the Board should continue their effort to introduce such free service in this vicinity.

Committee on Trolley reported interviews with prominent capitalists and others interested in such matters, and stated that our move is attracting considerable attention.

Committee on road to Indian Mills reported their belief that they have found a good quality and in sufficient quantity to remove this obstacle to the construction of the road.

They also reported progress on other lines.

Notice was given that the annual meeting for election of officers, etc., will be held on Tuesday evening, December 13th.

Mr. Captain D. P. Crowley's household goods are in Hammon, and he hopes to be assisted here with his family before many days. A welcome addition to our population.

Mr. Edmund Holt Berry, of Hammon, and Miss Jennie Carolyn Clark, of New Sharon, Maine, were married October 31st, 1904, at the residence of the bride's parents, by Rev. G. A. Merrill, pastor of the Congregational Church. Hammon friends of Mr. Berry tender them many good wishes. Cards say "at home" after Nov. 16th, at 2009 N. Lawrence St., Philadelphia.

We have been much amused, this week, by certain daily papers (two of them from Atlantic City) which copied our article on the political situation, signed "Only a Girl." Not only so, but they have also copied our article, they improved it by alterations and additions, bringing in the names of our Assemblyman and Senator, who are represented as being flooded with petitions in favor of woman suffrage. By the tone of their editorials, we fear the Editors are unduly alarmed, frightened by the shadow of danger that may be coupled to share with his gentle companion the privilege and responsibilities of American citizenship. However, gentlemen, your dearest rights are not endangered by the pen of that lone writer in the Jersey place.

They say that the sale of all bunnies is doomed, since Charles's new machine, and those "lucky" devices have "put out of business." One man required a second notice by a constable. The Law and Order Committee have the credit.

Strange cries have been heard in the woods near Folson, and, of course, it must come from a wildcat. But it wasn't. A hunter shot an immense domestic feline, on Thursday, in that locality, which had become partially wild from an out-door life. Pedestrians can now breathe easy.

The programme are out to-day for the "Wings of the Cabbage Patch," which is to be presented in the hall next Thursday and Saturday evenings. The cast includes a long list of favorites, but more new names, nineteen in all. Twenty-five cents buys a ticket; thirty-five cents secures a seat next Monday, at Hammon's. Proceeds for St. Mark's new parish building.

A heavy rain storm was a record breaker for this section. Rain began falling about midnight, and continued all day, with but little intermission, accompanied by a forty-five mile wind. Toward night, snow was intermingled, making an elegant article of snow, and adding to the general discomfort.

Warm firesides were too attractive for the majority, and church congregations were very slim; that evening. So far as we can learn, there was not much damage done by the wind, excepting to light and phone wires.

The public drinking fountain to be erected by the Women's Christian Temperance Union has arrived, and only awaits the conveniences of Mr. Ballard, who is to build the brick foundation. The fountain will stand near the east corner of Second Street and Bellevue Avenue, and will prove a convenience to man and beast for many years—a fitting gift by the only "cold water" organization in Hammon.

We are told that it will cost three hundred dollars, and the ladies are now soliciting money to pay for it. Resolve them kindly, readers, and drop a five dollar bill (or less, if you must) into the fair hand extended to you. Envelopes will also be circulated.

THE AMOUNT WE EAT. We live not by the quantity we eat, but the variety, but what the variety can do for us, no matter how good or plentiful your food is, it starves the system unless your digestion is good. To make certain that your food is properly digested by taking a dose of Green's August Flower before or after meals, it will not only assist in the digestion, but will also sweeten the stomach and prevent constipation. The following appeared in the North American on Tuesday last, as a "special dispatch" from Hammon:

"A pitiable case, long of ear, attended of frame, and mournful of countenance, was found this morning to the stable of William H. Burgess, a prominent local Republican worker, who was largely instrumental in getting out a big straight vote here on election day. The source whence the 'pitiable' name is as obvious as his 'ugly' and 'Mr. B.' professes to think 'the incarnation of the Democratic party,' which has come to him for protection." The last report was that William H. Burgess was found, the droop-earred goat down the avenue, in the disposition of the cemetery.
