WILLIAM CUNNINGHAM,
President of Town Council.

Attest J. L. O'Donnell, Town Clerk.

Wednesday last was the twenty-fifth anniversary of the marriage of Mr. and Mrs. Frank E. Roberts. That evening a few relatives gathered to surprise them, bringing refreshments, gifts, and good wishes. Among the visitors were Mrs. Porch, Mrs. Clappitt, and Mrs. Geo. Elvins, sisters of Mrs. Roberts. Among the gifts were a pudding dish, fruit basket, pickle jar, cracker jar, and vase. We are sure that our readers will join us in congratulating the still happy "young couple," and wish them prosperity until their golden wedding.

On Tuesday, Mr. Edw. Batchelder, of this place, foreman in the employ of the Postal Telegraph Company, was at work with his men near Sea Isle City. While about twenty feet from the ground, on a telegraph pole, the strap which secured the climbing spur to his foot broke, and he fell, landing in a sitting posture and dropped back. He was badly injured, was brought here in the evening train and taken home in a carriage, still partially unconscious from the shock. Dr. Crowell thinks he will fully recover.

A very pleasant party was given on Wednesday evening, at the residence of Miss Mary Saxton. Music and dancing quiet passed the time, and "mother's dough" were heartily enjoyed. Among those present were,--Misses Nettie and Nina Monfort, Mamie Rexford, Clara Cochran, Edith Anderson, Annie Millett, Eva Carlaw, Annie Gillingham, Nellie and Lella DePuy, Alice Black, Mary Saxton, Messrs. Robert Steel, Wm. Turner, Zim. Roberts, Wm. Geppert, Arthur B. Kront, Wm. Parkhurst, and George, Samuel and Frank Drake.

Sixteen hundred and fifty years ago, at Alexandria, we find one Origen, a theologian and scholar, under the patronage of his tremendous energy to his literary labors. It is interesting to note that this wealthy friend and patron has provided him with seven shorthand writers and with an equal number of transcribers, together with young girls who act as copyists. As much progress has been made in sixteen years in the matter of stenography and transcribing as was made in the sixteen centuries from the time of Origen. Shorthand has become the vocation of thousands of both sexes. Only seven years ago was the study of shorthand introduced as a full course of Pierce School, yet in that time it has become the largest shorthand school of Philadelphia.

The Pennsylvania Railroad Company through its personally conducted tourist system and the unexcelled standard of high service has won an enviable reputation. These tours have grown to be thoroughly appreciated in this age of luxurious travel, and the series announced for the season of '96 and '97 admirably illustrates the progress of the times.

First comes a series to the Golden Gate starting from New York, Philadelphia, and Harrisburg, Jan. 27, Feb. 24, and March 27. Tourists will travel by superbly appointed special trains of Pullman compartments, drawing-room, sleeping, dining, smoking, and observation cars under the supervision of a tourist agent and chaperon.

Next in importance comes a series of four to Florida--Jan. 26, Feb. 9, and 23, and March 6. The first three admit of two weeks in the sunny South, while tickets for the fourth tour are good to return by regular trains until May 31.

A series of short tours to Washington from New York, Philadelphia, and adjacent points will be run on December 29, 1896; Jan. 31, Feb. 11, March 11, April 1 and 22, and May 13, 1897.

Old Point Comfort, Richmond, and Washington tours will leave New York and Philadelphia December 30, '96, Jan. 23, Feb. 20, Mar. 18, and Apr. 15, 1897. Handsome illustrated itineraries will be issued by the Pennsylvania Railroad Company, containing full information as to how these tours may be pleasantly and profitably made. These itineraries may be procured on personal application or by addressing Tourist Agent, 1197 Broadway, New York; 800 Fulton Street, Brooklyn; 789 Broad Street, Newark; or Room 411, Broad Street Station, Philadelphia.

Sheets [and their associates and such incorporated company as they may form under the laws of the State of New Jersey, their successors and assigns] full power to use all the public roads, high-ways, streets, avenues, and alleys in the Town of Hammonton for the purpose of constructing, maintaining, and operating works for the supply and distribution of electricity for electric lights, heat or power in said Town of Hammonton.

To be introduced Nov. 28, 1896.

1. Be it ordained by the Town of Hammonton, in the County of Atlantic, that full power is hereby granted to John D. Ball and William J. Sheets to use all the public roads, high-ways, streets, avenues, and alleys in the Town of Hammonton, in the County of Atlantic, in constructing, maintaining, and operating works for the supply and distribution of electricity for electric lights, heat or power in said Town of Hammonton, and for that purpose to erect posts or poles on the said public roads, high-ways, streets, avenues, and alleys, to sustain the necessary wires and fixtures.

2. And be it ordained, that the said posts or poles, together with the necessary wires and fixtures shall be so located on the said public roads, high-ways, streets, avenues, and alleys as in no way to interfere with the safety or convenience of persons traveling on or over the same.

3. And be it ordained, that the power aforesaid is granted to the said John D. Ball and William J. Sheets subject to the following regulations, and not otherwise:

That the said works must be completed and in operation in ninety days from the date on which the said John D. Ball and William J. Sheets shall signify and file with the Town Clerk their consent in writing to the regulations hereby imposed by the said Town of Hammonton.

That the said consent in writing shall be filed with the Town Clerk within ten days after the passage of this ordinance.

That in case the said John D. Ball and William J. Sheets shall fail or neglect to complete the said works at any time after their completion, for a period of ten consecutive days; then the power hereby granted shall be deemed forfeited by the said John D. Ball and William J. Sheets, and they shall, upon ten days' notice in writing to be given by the said Town of Hammonton, forthwith remove the said posts or poles, together with the wires and fixtures, from the said public roads, high-ways, streets, avenues and alleys.

That the Town of Hammonton shall have right to purchase the said works at any time after the expiration of ten years from the passage of this ordinance, at its actual value, and that said value shall be determined and ascertained by three disinterested persons, to be appointed for that purpose in such manner as the said Town of Hammonton and the said John D. Ball and William J. Sheets shall hereafter agree upon by contract in writing.

That all poles shall be located and erected, and wires strung, under the direction of the Highway Committee, in a manner to avoid injury to trees and other property.

That the construction and repairs shall be under the approval of the Board of Underwriters, the wiring and lighting to be done in a manner not to violate the insurance policies on any building or goods therein, in the Town of Hammonton.

That the said John D. Ball and William J. Sheets shall and will, during the maintenance of the said works, furnish electric light to consumers on meter rates which shall not exceed one-half cent per hour for each light of 16 candle power, or one cent per hour for each light of 32 candle power, and also furnish power to consumers at rates not exceeding five cents per horse power per hour.

4. And be it ordained, That this ordinance shall take effect immediately.

[Another section is added, repealing the Ordinance passed Nov. 7th.]

The words in brackets are to be added after each mention of the names.

Don't be impatient at the delay in the electric light business. It is very important to start right. Some of us were impatient (like children when a good thing is in prospect), and tried to have our own way in spite of the doctors of the law. But, if all will keep cool, we believe that from this date there will be steady progress toward the desired consummation. The new ordinance contains nothing new of importance, but complies with the law and will be passed just as soon as Council can legally act upon it.

The Republican.

[Entered as second class matter.]

SATURDAY, NOV. 21, 1896.

There was a special meeting of Council on Tuesday evening. Present, Messrs. Adams, Anderson, Cunningham, Ballard. Town Clerk read a communication from Attorney Stephany, in which he points out grave and fatal defects in the electric light ordinance passed by Council, saying that in case of complaint the courts would declare the entire franchise void. He recommended that the ordinance be repealed and a new one passed. After discussion of this proposition the Clerk read a draft of new ordinance made by Mr. Stephany. As Council could not legally act upon this except at a regular meeting, it was voted to recommit to Ordinance Committee, with instructions to introduce the same at next meeting. We published the new ordinance on another page.

B. Crescenzo was granted permission to occupy Pine Road in moving his barn. Adjourned.

There was a Republican jollification last Saturday evening, Nov. 14, at the residence of Mr. and Mrs. Milled, near New Columbia. The invitation came from Mr. Milled, and after a torchlight procession the Club gathered at this hospitable home, where they found Mr. and Mrs. Milled, Mr. and Mrs. B. Fink, Miss Milled, Mrs. W. J. of Philadelphia, Mr. and Mrs. Cuyler, Mrs. Miss Easton Westcott, Col. B. W. Richards and Mrs. Oakleigh, Messrs. Zim, Roberts and Robert Steel, and others. Mrs. Fink assisted her mother in receiving the guests.

The opening speech was made by the host, which was followed by stirring words from Col. B. W. Richards, and each gentleman in turn was called upon to voice his joy over the election of McKinley and Hobart, with special reference to New Jersey's proud station among the States, giving 80,000 pluralities. "The largest of any State in the Union in proportion to her total vote. Some one intimated, too, that the ladies present were not entirely silent on the subject.

At the proper time, supper was served, and the company entertained with instrumental and vocal music.

Ephraim Simchick, Jack Adams, Will Luderick, and "The Hawk" were out gunning on Wednesday, and while in the woods near Newtonville started after a rabbit, saw a man some distance away, heard a shot and a yelp, and saw the stranger running away. Investigating, they found that their dog had been shot, but not seriously, and were indignant enough to search around for the shooter. They found him suddenly, armed with a revolver and big knife, and two of the four took to their heels. Eph. was confronted by what he took to be a wild man, and was ordered to "Get off! Get off!" After some parley, he got off. Jack was behind a tree with his gun ready to defend his chum. It seems they were on land owned by Edgar Side, and he thus enforced his order for "No trespass." Mr. Side is an expert machinist, an inventor, and manufacturer of models and small machinery. He was formerly located in Philadelphia, but has for some years resided in Buena Vista. Being very eccentric, he allows no one to approach his house for any purpose, and from all accounts seems to forget that the law provides a method for punishing those who trespass.

The "Patriotic Exercises" of the public schools, held yesterday afternoon in the auditorium of Central School, were very enjoyable. Many visitors, including members of the O. A. R. S. of V., and W. R. C., and scholars from outside schools, filled the room completely that some of the youngest pupils had to be dismissed. The front of the auditorium was beautifully decorated with bunting. The recitations were unusually good, the addresses both entertaining and instructive. Commander Roberts spoke on "The Boys of Today are the Men of the Future." Capt. Cunningham on "The Young American." President Gargol, of the Board of Education, on "Individual Purity the Hope of the State."

STEAM BOILER for sale—small, suitable for heating houses or running a small engine. Inquire of J. Q. A. GREENWOOD, 1000 Broadway and Tenth St.

It is rumored that one of the pencil pushers on a local weekly is soon to become a legless. If "WHY" occur about the first of the year.—Journal.

Oh pshaw! have done with fakes. Ours was "Sterling" news.

Mr. R. J. Byrnes has quite a curiosity in the shape of an Indian blanket of rare make. It was given to him by his brother, Major Timothy Byrnes, who has left the West for a vacation at his home in Atlantic City.

First snow of the season last evening. Contractor Bertilucci is graveling the new road this side of Eighth Street, and has a gang cutting down the hill this side of the Park. The new grade line through the town is about a foot higher than at present, and some property owners are objecting.

Mrs. A. C. Phillips, of Maple Street, was dangerously cut on the forehead and bruised, Monday, by the head board of a heavy old-fashioned bedstead falling on her while she was attempting to put it up unassisted. She was taken to the home of her son on Main Road.

WANTED TO HIRE—a man and wife to work by the month.

WM. H. BERNHOUSE.

A special business meeting of the Sons of Veterans is called for next Wednesday evening. Every member is urged to be present in uniform. Past Colonel Perkins, of Atlantic City, will inspect the Camp. Visitors are expected from Atlantic City and Egg Harbor, and the G. A. R. Post.

We are glad to hear that Prof. Antonio Monteleone will begin to give Italian lessons next Monday at 8:30 p. m., in the store of Dr. C. Herbert. We are quite sure that all who wish to study the Italian language will now have the best chance to hear and study under so good a teacher.

MRS. MONEY—Monthly Nurse.—Main Street, Hammonton.

The business manager of the Acme Club has made arrangements with Messrs. Ball & Shoels to introduce electric lights for the play "The Professor," and if it is possible you will see the handsomest moonlight scene ever produced on the stage in Hammonton.

Mrs. S. W. Gilbert desires as to tender her thanks to the people of Hammonton who have aided her by kind words and acts during the sad days of sorrow. She says that words are too feeble to express her gratitude, but she prays that God, who knows it all, will reward them richly.

FOR SALE. A fine brick residence in Hammonton, eight rooms, heater, broad piazzas, with nearly five acres of cultivated land. Will include horse, carriage, wagon, and farming tools. Immediate possession. Part cash. Inquire at STEPHANOFF'S OFFICE.

The Town Marshal has been instructed by Council to enforce the state law by arresting every bicyclist found riding on the sidewalk anywhere in the town of Hammonton. This seems like a hardship when we remember the many miles of miserable road within town limits; but the reckless riding of a few made the order necessary, for the safety of all.

Justice Atkinson seemed to improve in health, and Tuesday being a specially fine day, the doctor thought it safe to carry out the wish of the family and transfer the patient to his daughter's residence in Atlantic City. This was carefully done, with Comrade Henshaw in charge; and when settled in bed the Squire said: "I feel quite comfortable."

Samuel Anderson, Jr., returned on Wednesday evening, from his six weeks' trip to Georgia via the Atlantic Ocean with Capt. Mason. He says that those who decide may "go down to the sea in ships," but for himself, he prefers terra firma. After quite a trip in Georgia, he says "Jersey is a Paradise." Well, everybody here is glad to see him at home again.

The down town firemen are making considerable improvement to their building. Finding that it was a "sketchy" task to trundle their heavy apparatus out of the house and into the street, and a difficult feat to force them back up the incline, they decided to lessen the difficulty by lowering the floor of the engine room about eighteen inches. They will also plaster the room when completed.

An error has been discovered in the survey for this end of the new county road, by which its north line above and below the Park has been staked some feet too far north. Luckily, it is not too late to correct this, and thereby the road will run nearly straight. The mistake was made in the absence of Mr. G. W. Treasey, who seems to be the only one now living who knew the location of a certain monument in the centre of Egg Harbor Road.

Mr. John D. Ball and family are now residents of Hammonton, being comfortably domiciled in the Episcopal rectory. Mr. W. J. Shultz will, as soon as he completes business elsewhere, take up his residence with Mr. Ball. Much of their machinery has been purchased, and will be shipped as soon as a location is decided upon and a building made ready. Things will be made to "hum" right soon.

Members of the McKinley and Hobart Club are requested to meet in Mechanic's Hall, this (Saturday) evening at 8 o'clock, to consider the subject of permanent organization.
