Foot Ball.

HAMMONTON, O. ATLANTIC, O.
"Our boys have played shamefully;
we feel that the city has been disgraced
by their exhibition to-day." This was
the sentiment voiced by a group of
Atlantic City's leading business men on
Thursday afternoon.

"We must kill Capt. Jones, and then
the game will be ours," said one of the
A. C. players, during the game.

The English language is a failure
when we attempt to describe the way in
which the A. C. didn't play football.
Their work would have disgraced an
old Gloucester prize-ring. It is a pity
that the officials could not have held
them down to the Marquis of Queens-
bury rules. But referee Smith said it
was a football game, and as he based all
his decisions on promptings from the
A. C. line, it must be so.

H. M. Phillips, representing our boys,
called on Mayor Story, and after remind-
ing him of the indignities to which our
boys were subjected last year by mobs,
asked for enforcement of law and order,
which was promised, and fulfilled except
in one or two instances. A. V. W. Set-
ley, while waiting in the R. R. station
with one or two other Hammontonians,
was surrounded by a big crowd of
toughs, and before he could get away
the gang had stolen his colors, and he
was struck in the eye by some one's fist.
The arrival of a few of our men on the
scene suddenly checked this fine exhibi-
tion of A. C. "valor." During the
game, Baker stepped to the side line for
a drink, and still carries a limp on the
back of his head, where he was struck
by a stone thrown from the crowd.

About fifty Hammontonians were in
the "City by the Sea," most of whom,
including the team, went down on the
Reading's morning express, and were
driven at once to the Hotel Brunswick,
where they were treated with the great-
est hospitality by Proprietor Charles H.
Sasse. The boys spent two or three
hours looking about the city or on the
beach, and at one o'clock a substantial
dinner was served by the host. Busses
were taken to Inlet Park, where play
was to begin at three o'clock. After
considerable objection on Hammonton's
part, Referee Smith was allowed to offi-
ciate, and Thorpe Cauffman chosen for
Umpire. Atlantic City took south
goal, with wind in their favor.

THE GAME.

Reporters were ruled outside of the
ropes, where, owing to the surging
crowd, many of the best plays were not
noted accurately, and therefore only a
running comment on the game is pos-
sible for any one.

Sutton kicked to T. Roberts on the 25
yard line, who made a fine advance of
10 yards before tackled by Farrar. A.
C. tried for the ends with some success
and Slack got the ball on a fumble.
Hammonton could not do much with
their opponents' extra 200 pounds of
beef, and were compelled to kick. At-
lantics worked the tandem plays with
considerable advantage all through the
game. Langham's sprained ankle gave
out and Sutton played back of the line
for the first time, and Hurley was sub-
stituted. This left our center rather
weak, and was responsible for nearly
all of Atlantic's gains, their end work
being usually poor. Thanks to the
referee, the A. C.'s had the ball most
of the time; at one time our boys being
unable to get it until the sixth down.
Once when Davison downed the pig skin,
an A. C. man got two fingers through
the bunch and on the ball, and it was
declared Atlantic's ball. Atlantic grad-
ually worked the ball toward the Ham-
monton goal the most of the half being
played on our side of the field.

Jackson was everywhere, his tackles
being of the best kind and the way he
gathered in two of the A. C.'s kicks was
heart-breaking to the grandstand. His
stopping of Ritzback's 12 yard run was
fine. Lindsay is doing great work on
defense. Atlantic City made a kick
which was blocked and downed by their
own players. Our claim for off side was
not allowed by the referee. But one

crippled line could not withstand the
rushes of their opponents and the half
ended with the ball but a few yards
from Hammonton's goal. No score.

The second half opened by Farrar's
20 yard advance of Atlantic's kick-off
which reached the 20 yard line. Then
Parkhurst went around right for 20 and
through left tackle for 5. Atlantic
made a 10 yard gain around right and
punted to Farrar, and Parkhurst made
another fine run of 25 yards, and had he
not been tripped up (not tackled) by
Barlow, should have made a touch-down
through a clean field.

Farrar punted to Atlantic 40 yard
line, but the ball was advanced 10, Bar-
low and Roberts each made about 10
through left and right, and again the
ball was dangerously near our goal. To
make matters worse Farrar punted
straight up in the air and it was downed
with but little gain. Barlow made 8
yards and the grand stand went wild
while the Hammonton "rooters" held
their breath.

But Atlantic lost the ball to Ham-
monton and Farrar made a most beauti-
ful kick, way over Carrigan's head and
the ball rolled along at its own pleasure,
giving us at least 50 yards. Then Far-
rar did it again for 20. Atlantic follow-
ed our example by punting for 15 yards
and made a short gain around right.
But we got the ball and Dud. made
another kick for 25 yards. Again we
got the ball, and within 15 yards of the
Atlantic goal we lost the game through
a misunderstanding. A goal from the
field would have been the easiest thing
in the world, but our boys misunderstood
the timekeeper and tried instead to send
Parkhurst around right, but it resulted
in a loss of ten yards. The ball was
again sent forward and the game closed
with the pigskin about 15 yards from
Atlantic's goal.

Thus the score of 0-0. Competent
judges say that had the game been
played fairly, at least two touch-downs
would have been made by the Hammon-
ton team. We certainly out-played the
home team in all scientific work but
were prevented from scoring by the
tandem play and slugging of a far heav-
ier team. Barlow, Capt. Roberts, and
Carrigan made best gains for Atlantic,
while their best tackling was done by
Wright and Darby.

After the game the team went back to
their hotel where some took a quick rub
down and changed their clothing.
Then again into the busses and to the
depot, where Setley was assaulted.

Although fully expecting to win the
football game they had not counted on
or trained for a slugging match and are
satisfied under the circumstances with
their work.

On the way home the greatest enthu-
siasm prevailed. Cheers were given
for host Sasse, and on the train, with
Mr. Phillips as Master of Ceremonies,
cheers were given for every one con-
nected with the team, even Lindsay's
dog, "Bull" the mascot.

Later the boys all gathered at the
H. A. A. rooms and held an experience
meeting at which several speeches were
made. The speech of the evening was
by H. M. Phillips treating on the true
principles of athletics and sport, bring-
ing his remarks to a practical turn as
applying to the events of the day.

We sincerely hope that no more games
will be played with the Atlantics, either
on their grounds or here. There are
enough gentlemen in the football world
to give Hammonton people all the sport
they want, without having a repetition
of Thursday's brutal scenes.

HAMMONTON JR. 4

ATLANTIC CITY HIGH SCHOOL, 4

While the senior chrysanthemum
players of Atlantic City were contesting
our boys' superiority, down by the sea,
their shock-headed brothers of the High
School were trying to push the pig-skin
through our line of doughty junior
warriors on our local grounds. The
game, however, presented a strong
contrast, for the contest here, and the
gentlemanly conduct of the visitors, can
hardly be criticised. Very little growl-
ing, "dirty" playing, or foul language
marked the game. The Atlantics were
probably somewhat heavier than our
team, but, on the whole, the eleven
were about evenly matched.

The visitors used their half-backs and
ends around our ends to some advan-
tage, but did little line bucking after a
few trials. Our boys would have suc-
ceeded better, probably, if they had
tried more circling around and less for
the centre. Though they usually made
gains by the latter plays, they were so
small as sometimes to lose the ball on
fourth down. Anderson made a few
good gains around his left end, and
Irons deserves special credit for boring
center. Irons also made a number of
star tackles, breaking through a good
interference to get his man. Treat and
Whittier also distinguished themselves
in tackling.

Early in the first half, with the ball
on our 30-yard line, Anderson skirted
his left end for about 25 yards, when he
was downed out of bounds. Then Irons
was sent through left guard for the
touch-down. No goal. Score, 4-0.

Fothergill afterwards made a fine run
of 30 yards around his left end, but it
counted them little, for the curtain soon
dropped on the first half with the ball
in centre.

In the second half it looked as though
Hammonton would hold her own, until
near the close. With the ball about
10 yards from our goal, Monfort tried to
punt, but Conover easily broke through
our line and blocked the kick, Rausen-
bart dropping on it behind the goal,
making the touch-down. No goal.
Score, 4-4.

The Republican.

(Entered as second class matter.)

SATURDAY, NOV. 23, 1896.

The Daily Union of Atlantic City, in its issue of Nov. 12th, makes a good suggestion in the following words: "The Board of Freeholders can make a happy life in having the public school children of Atlantic County plant the proposed shade trees along the new County road. Arbor Day exercises are observed in the schools once a year, though usually without any practical or actual tree planting. This new road affords an excellent opportunity to secure the cooperation of school teachers and school children both in planting the trees and in being interested in their welfare ever afterwards. The work could be done according to plans and supervision recommended by the Board of Freeholders, and expense saved to the County by making this an educational matter. All the schools along the line, and the schools of Atlantic City, would cheerfully do their part to improve the landscape along this popular drive, making it in time a beautiful shaded street of special interest to every citizen. The best way to get everybody interested in tree culture is to get the children interested, and have them appreciate and understand the value and beauty and growth of trees. This is a grand opportunity. We hope County Superintendent Hoffman will bring this matter before the teachers at their next meeting to discuss the subject of tree culture. With its great wealth and area of woodland and game preserves, greater interest should be taken in the subject of forestry by every person, young and old, farmer and sportsman, cyclist and traveler.

We endorse the above, and recommend it to the attention of our Board of Education.

The twenty-fifth anniversary of the Hammonton Loan and Building Association will be observed by a public meeting in Jackson's Hall, on Thursday evening next, Dec. 3rd, at 7:30 o'clock, to which the public generally is invited. William Hankins, well known in Hammonton, was accidentally killed on Friday of last week. He had charge of the Wharton cranberry bogs, on Iron Mills stream, near Waterford. While superintending the work of a gang of Italians, he stood his gun against the bank. Starting for dinner, he picked up the gun, and by some means it was discharged, the lead striking him in the head, causing instant death.

Frank Pignone, an Italian, was out hunting, Thursday morning, and while in a field not far from his home at Main Road and Fairview, some person behind a hedge shot him in the side of the head. It appears like an attempt to kill. The parties interested say that the shooter ran away, and they do not know who he is.

We overheard a party advising one of the people "bound over" for selling liquor, that it was not necessary to appear at May's Landing on the first day of Court. We think that is a mistake. The bail-bond says "Tuesday, Dec. 8th" and the only safe way is to be on hand that day. The Grand Jury may complete its work in a few hours, then the accused will be called before the Court.

Rev. Lyman R. Sweet, formerly of Hammonton, now pastor in Cambridge, Mass., was married on Wednesday, 23rd inst., in Washington, D. C., by Rev. Dr. Green. The lady of his choice was Miss Elizabeth W. Horner, an active worker in religious circles, who will doubtless prove a helpmeet in his pastoral labors. They spent a few hours in Hammonton, yesterday, and received the congratulations of many friends.

The committee in charge of the "Holiday Sale" to be held in Union Hall on Dec. 11th and 12th, by the Universalists, are doing all in their power to make it especially attractive. A musical entertainment is promised for the first evening, and a dramatic for the second, while the offerings of Christmas gifts, choice fancy and useful articles, refreshments, etc., will be worthy of patronage.

J. B. Small's bakers left him suddenly, last Friday night, after receiving their week's pay. The bread baker set upon for Saturday's bread, but has not been seen since. Mr. Lobley finished the job. Mr. S. telephoned for help, which was readily desired to see, and the Acme Troupe present it right. You can see it to-night for the last time. Mrs. Wass as "Daisy Brown" was especially effective in the handling of her part, as well as in stage appearance. Mr. Cunningham never did better. Dr. Wass and Mr. Smith shared the humorous parts, and more than pleased the large audience. One of the most enjoyable features was the piano playing by Prof. Krebs.

A N ORDINANCE granting to John D. Ball and William J. Sheets (and their associates and such incorporated company as they may form under the laws of the State of New Jersey, their successors and assigns), full power to use all the public roads, high-ways, streets, avenues, and alleys in the Town of Hammononton for the purpose of constructing, maintaining, and operating works for the supply and distribution of electricity for electric lights, heat or power in said Town of Hammononton.

To be introduced Nov. 28, 1898.

1. Be it ordained by the Town of Hammononton, in the County of Atlantic, that full power is hereby granted to John D. Ball and William J. Sheets to use all the public roads, high-ways, streets, avenues, and alleys in the Town of Hammononton, in the County of Atlantic, in constructing, maintaining, and operating works for the supply and distribution of electricity for electric lights, heat or power in said Town of Hammononton, and for that purpose to erect posts or poles on the said public roads, highways, streets, avenues, and alleys, to sustain the necessary wires and fixtures.

2. And be it ordained, that the said posts or poles, together with the necessary wires and fixtures shall be so located on the said public roads, highways, streets, avenues, and alleys as in no way to interfere with the safety or convenience of persons traveling on or over the same.

3. And be it ordained, that the power aforesaid is granted to the said John D. Ball and William J. Sheets, subject to the following regulations, and not otherwise: That the said works must be completed and in operation in ninety days from the date on which the said John D. Ball and William J. Sheets at all signally and file with the Town Clerk their consent in writing to the regulations hereby imposed by the said Town of Hammononton.

That the said consent in writing shall be filed with the Town Clerk within ten days after the passage of this ordinance.

That in case the said John D. Ball and William J. Sheets shall fail or neglect to operate the said works at any time after their completion, for a period of ten consecutive days, then the power hereby granted shall be deemed forfeited by the said John D. Ball and William J. Sheets, and they shall, upon ten days' notice in writing to be given by the said Town of Hammononton, forthwith remove the said posts or poles, together with the wires and fixtures, from the said public roads, highways, streets, avenues and alleys.

That the Town of Hammononton shall have right to purchase the said works at any time after the expiration of ten years from the passage of this ordinance, at its actual value; and that said value shall be determined and ascertained by three disinterested persons, to be appointed for that purpose in such manner as the said Town of Hammononton and the said John D. Ball and William J. Sheets shall hereafter agree upon by contract in writing.

That all poles shall be located and erected, and wires strung, under the direction of the Highway Committee, in a manner to avoid injury to trees and other property.

That the construction and repairs shall be under the approval of the Board of Underwriters, the wiring and lighting to be done in a manner not to violate the insurance policies on any building or goods therein, in the Town of Hammononton.

That the said John D. Ball and William J. Sheets shall and will, during the maintenance of the said works, furnish electric light to consumers on meter rates which shall not exceed one-half cent per hour for each light of 16 candle power, or one cent per hour for each light of 32 candle power, and also furnish power to consumers at rates not exceeding five cents per horse power per hour.

4. And be it ordained, That this ordinance shall take effect immediately.
