The ladies have taken this space by the year, and are responsible for all that it may contain.

Am I my brother's keeper? "Yes, I account it both a duty and a privilege to extend a helping hand to those in need," answers the modern man of the better sort. The field of practical philanthropy is constantly widening and deepening; and more especially is the saving of boys and girls here and now receiving a substantial and even enthusiastic attention.

In the end, it will be seen that unless the higher nature of a boy is brought into vital contact with Jesus Christ, his conscience and spiritual faculties made radiant by indwelling truth, conceit and irreverence, selfishness and sin, and possibly intemperance, will inevitably gain supremacy in his subsequent life.

Better, a thousand times, the old-fashioned training, than all the up-to-date notions with God left out.

Loan Associations next week,—Workingmen's on Monday evening; the Hammonton on Thursday evening,—the annual meeting of the latter, report for the year and election of officers.

John E. Hoyt is justly proud of the record made by the Ursinus College football team. Nov. 15th they played their last game of the season, defeating the Franklin and Marshall College team (their ancient rivals) by a score of 16-0. They also won from Dickinson, which has since defeated Lehigh University. Ursinus played nine games this year, and won them all, including a lively game with the University of New York. Their total score for the season's series is 194 to 20.

Dr. Jno. H. Conwell, Mayor of Vineland, and a writer of some renown, will lecture in the M. E. Church next Friday evening, Dec. 5. His subject will be, "Machood's morning; or go it while you're young." This is not a temperance lecture, but will prove interesting to every one, particularly to young men. A double quartette, composed of Tilton Quartet and the Glee Club, will give excellent music. The local W. C. T. U. urges everyone who is interested in intellectual lectures to attend. No admission fee. A silver collection.

Mrs. Wm. B. Scott started early this week for a two weeks' trip through Pennsylvania,—going to Pittsburgh first, thence to Ebensville to visit her mother. On her return trip, she will stop off at North Bend, to visit her nephew, Mr. Milton, the champion deer and bear hunter of the Black Forest, in the northern part of the state. Mrs. Scott is herself an expert rifle-shot, and hopes to duplicate the success of her last hunting trip, when she killed a fine three-year-old buck weighing 180 lbs., the antlers from which can be seen at her home, on Main Road.

SATURDAY, NOV. 29, 1902.

The Water Works.

At a meeting of the Water Commissioners, on Wednesday evening, bids were received for building the power house and receiving reservoir on the lot where the wells are located.

Henry Nicola's bid was \$3368.80; Kirk Spear's figures were \$2970. The contract was awarded to Mr. Spear, who is to complete the work in ninety days.

The building will be of Winslow brick. The reservoir will be circular in form, twelve feet deep, fifteen feet in diameter. Into this the water will be forced by compressors, from the wells, and thence pumped into the mains and stand-pipe.

The contract for machinery, pumps, boilers, etc., was given, several weeks ago, to Messrs. H. A. Miller & Co., of Wilmington, Del., for \$6111.

Work on the stand-pipe seems to progress slowly. On Wednesday they were riveting the third section, making it forty-five feet high. Its proportions are already exciting much interest, and it can be seen from many different points in town. When the structure is completed, 23 sections, 115 feet high, it will be a landmark visible for miles around. It has been suggested that the upper third be painted red and white, so as to be distinguished by all observers. How would it do to place a powerful electric light on the summit?

The Commissioners also instructed Engineer Hutton to procure the tools and fixture needed for making house connections with the water mains. The town marks this connection, and lays pipe to the "curb-box," changing the property owner nine dollars for same; thence he can continue the piping as he wishes. No decision has been reached as to the water-rates to be charged consumers.

The Lyceum was quite well attended, Monday night, in spite of rain. The program was enjoyable, of course. Messrs. Leish and Jacobs ably sustained the proposition that summary laws abridge the liberty of the people, while Messrs. Phillips and Loomis (in the absence of Mr. Zook) successfully combated the resolution, the negative being awarded the unanimous verdict of the judges. A number of others besides those named took part in the debate.

Little Edward's fifth birthday and his first tricycle came simultaneously, last week. The boy was delighted beyond expression, and spent the day with his prize. Along toward night his mother called him in. He came, of course, but at once called for his nightgown. "Mamma said: 'Why, are you so awfully tired?' To which he made answer, 'No, I'm not tired, but I want to go to bed so I can get awake early and ride my tricycle.'"

The Baptists had a special thanksgiving service of their own, on Thursday evening. Several members were appointed to give five minute talks upon selected topics appropriate to the day. Later, it was stated that the Church now owes no man anything except a small deficiency in running expenses account. More than half of the amount needed was raised at once, and arrangements made to clear the books in a few days.

Hotel Royal has been sold, the purchaser being Mr. E. K. Watkins, who for a time owned the P. H. Jacobs property, on upper Bellevue, and resided there. He is an experienced and successful hotel man, and proposes to make the Royal even more popular than it is now, under Mr. B. T. Crowley's efficient management. The new proprietor will take possession about April 1st.

Monday, 17th inst., was Mrs. Daniel Wescott's birthday. It was celebrated during the afternoon by an old-fashioned quilting bee, quite numerously attended. The moon falls and a few others came later, by invitation, and had a delightful time, with refreshments, music and games. A gigantic birthday cake was cut and divided among the guests.

THANKSGIVING DAY.

ITS ORIGIN.

After the first harvest of the New England colonists, in 1621, Governor Bradford made provision for their religiously special together, with prayer and prayer. In 1638, a day of fasting and prayer, in the midst of drought, was changed into thanksgiving by the coming of rain during the prayers. Gradually the custom prevailed of appointing a thanksgiving-day annually, after harvest. These were appointed by proclamation of the governors of New England States. During the Revolution a day of national thanksgiving was annually recommended by Congress. After the adoption of the Constitution, Washington recommended such a day, and his example was occasionally followed by later Presidents. During the Rebellion, President Lincoln frequently recommended the observance of such a day after Union victories, and made proclamation for a national observance in 1863. Since that time, such proclamation has been annually issued, and custom has fixed the last Thursday in November as the time. For some years the custom of supplementing the President's act by the proclamation of thanksgiving day by the Governors of States, long confined to New England, has been adopted throughout the United States.

THE DAY IN HAMMONONTON.

The sky was overcast at sunrise, and rain seemed imminent; but later the sun burst forth in its beauty; the temperature was as mild as spring. All the schools were closed, as were nearly all places of business. There was a good congregation at the union service in the Baptist Church, with five ministers on the platform.

Rev. Michael Nardi, Pastor of the Italian Evangelical Church, made the invocation. Rev. Mr. Thurlow read the Scripture lesson. Rev. Mr. Taylor made an appropriate prayer. United choirs sang an anthem, "Oh, give thanks unto the Lord." A collection was taken for the Home for Feeble-minded Children, at Vineland.

Rev. F. L. Jewett, of the M. E. Church, spoke for his text the words of God, spoken to Moses, "I will make of thee a great nation." Ex. xxxiii. 10. It was one of the best and most appropriate sermons we ever had the pleasure of hearing. Our country a child of Providence. Its discovery, its settlement by people from various countries, its development as a place of freedom in thought, speech, and worship, its government founded upon the principles set forth in the Bible, all show God's purpose.

We are in a special degree God's stewards. While the earliest settlers occupied only the eastern coast, later the Mississippi River as the ultimate boundary of civilization, afterward limited it to the Rocky Mountains, then to the Pacific coast, God has led us far beyond, and commissioned us to carry on, liberty, and equality to distant islands of the sea.

The Bible and the flag are the foundation stones of our civil and religious liberty. The flag waves over all our public schools; the precepts of the Bible are taught within their walls; paired by the hand that would remove either from our educational institutions. Let us reconsecrate ourselves, first to God, then to our country, which God has made a great nation.

Mr. Walter Artman, from Los Angeles, Cal., was in Hammononton last week, visiting Mr. J. M. Zook, who is stopping at the residence of Mrs. John Hatcher. Mr. A. was much pleased with our little town, having a high appreciation of our advantages, both as a health resort and a fruit-growing section. He will return to California in December.

Basket-Ball.

Shield of Honor team went to Egg Harbor last Saturday night, to play a game, but stayed on the floor just 7 minutes, then quit because of rough treatment. Some of our players were pretty badly hurt. Egg Harbor claims the game, but this will be contested at a meeting of the League to be held at Atlantic City next week. If the Egg Harbor team wants to play ball, they must play a clean game.

Pleasantville will be up here for a game to-night. Dance afterward.

Y. R. L. defeated the Central School Tuesday night, by a score of 42 to 11. They expect to meet again. The Y. R. L. played good base-ball the past summer, and expect to do good work at basket-ball.

S. of H. defeated H. G. W., Thursday afternoon. Score, 39 to 12. The game was well played by both sides.

M. L. JACKSON, P. M.

After a prolonged dry spell, and several futile efforts, the clouds succeeded in dropping upon us a copious amount of rain. It began late on Monday, continued all night, all Tuesday, all that night, and continuing at intervals on Wednesday.

We are glad that we live in Hammonton. A letter from West Philadelphia, this week, states that the writer has not yet been able to purchase a pound of coal. In this little town, Mr. Stockwell has sold several carloads, received two more on Tuesday, with plenty on the way.

As so many have spoken of the matter, it is only justice to correct a mistaken impression, by saying that Wm. H. Burgess has nothing to do with the new County Road leading to Pleasant Mills, of which Central Ave. is a part. This road is still in charge of the contractor, who is responsible for its deplorable condition.

Next Saturday evening, the G. A. R. Post is to have an interesting time at its regular meeting. It will be annual inspection, nomination of officers, a visit by the Woman's Relief Corps, also Department Commander Hann and others will be present. Refreshments served. Every comrade, local or visiting, is invited to be present.

The following notice speaks for the excellent management of their Club: "A dividend of two and three-fourths per cent. on gross sales (\$81,018.71) of 1902, of the Elm Farmers' Club, has been declared. It will be payable at the residence of John Wood, Treas., this (Saturday) morning, at nine o'clock. D. M. CHAPMAN, Sec'y."
