HAMMONTON, N. J., SATURDAY, DECEMBER 7, 1918

No. 49

Schools will re-open next Monday.

Town Council meets again on Wednesday evening.

J. W. Blakemore, the plumber, has moved to Philadelphia.

Several soldier boys have come home, to the joy of their families.

Albert Rehman's garage collapsed yesterday, in the high wind. Fortunately he was off in his machine.

Emil Pegnesse is carrying his arm in a sling, having had a fall while alighting from a car in Camden.

A little son, Carlton Winfred, was born to Dr. and Mrs. J. E. Hoyt, at Llanerch, Pa., on Thursday, Dec. 5, 1918.

Nicholas Recento was in Thursday's list of Hammonton wounded in France. The extent of his injuries was not stated.

The first Greek child born in Hammonton, a boy, arrived last Friday, Nov. 29th, at the home of Mr. and Mrs. Tombros.

Friends here were shocked at learning that Joe Passalacqua had been killed while participating in the last great drive against the Huns.

The first casualty to reach home was Howard Sooy, Jr. He had a bullet in the right side, and was gassed; but he is making a good recovery.

Oliver W. Fales, from the First Training Brigade Ariel Field, No. 2, at Homestead, L. I., spent the first of the week with the family of his uncle, W. J. Spaulding, of Hammonton.

The tenth accident at Thirteenth Street, on the Pennsy., occurred about ten o'clock Wednesday morning. A large Packard car, owned by Mr. Hobbs, of Hadfield, containing two men in the rear seat, and chauffeur, was hit fair, demolishing the car. The men jumped, but the driver was badly injured on the back of the head. He was treated here and sent to the hospital.

## Sugar Notice.

The United States Food Administration announces that the restrictions on sugar have been lifted. Beginning December 1st all users of sugar may purchase sugar without certificates, but they must limit their purchases to a thirty days supply. All public eating places will be allowed to purchase their supply on the basis of four pounds of sugar for each ninety meals served, and they are requested to keep within this limit. Householders are expected to limit their purchases to the basis of four pounds of sugar for each person per month. Sugar pledges no longer have to be signed by householders. JOHN J. WHITE, Federal Food Administrator for Atlantic County, N. J.

## Proclamation

To the People of Atlantic County:  
The United States Food Administration has set apart the week beginning December 1, 1918, to ask the people to continue their efforts to save food. The signing of the armistice has increased our burden of food conservation instead of diminishing it. Millions of people who have been our Allies in this great struggle, and other millions who have been the subject nation allies under the yoke of Germany and who have assisted us in her overthrow, will starve to death this winter if we do not feed them. Mr. Hoover has promised the people of Europe for you that you will see to it that these suffering millions are fed. Starvation and anarchy faces the world. I know that the people of Atlantic City and Atlantic County will loyally respond to this request of Mr. Hoover as they have to every other request heretofore made by him. This is one of the few drives that will not cost you anything. In fact, you will save money by responding to it. DON'T STOP SAVING FOOD.  
JOHN J. WHITE,  
Federal Food Administrator for Atlantic County, N. J.

## THE RED CROSS ROLL CALL.

When "the greatest mother in the world" calls the roll the week of December 16-23 the hope of the American Red Cross is that the answer for the entire American people will be: "All present, or accounted for." It will be the occasion for 22,000,000 adults and 8,000,000 children to renew their membership and for all others to join. One happy slogan of the roll call announces that "all you need is a heart and a dollar."

Why does the Red Cross at Christmas conduct a membership campaign? Because it unites the people in an intimate way with the organization they have supported so magnificently. In other countries one of the most impressive things about the American Red Cross is the size of its membership, attesting truly popular approval.

This Christmas, when our country is out of the deep waters of the war, every dollar paid for an annual membership in the Red Cross will be a direct Christmas gift to our land, air and sea forces and to those who have felt the sting of war in a way that we in this country have not experienced. The ministrations of the Red Cross will be as good a substitute for Christmas at home as can be furnished under the circumstances.

The women of America, seeing in the Red Cross an extension upon a universal scale of the mothering instinct, will be quick to answer "Here" to the roll call, because service and sacrifice are womanly qualities and they are Red Cross qualities.

President Wilson, as president of the American Red Cross, says: "I summon you to the comradeship!"

# ENLIST Your Dollars in Your Country's Service

U. S. Bonds, War Savings Stamps, and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equipping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in the behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

SATURDAY, DECEMBER 7, 1918

As it may be necessary to burn wood before the winter is well on, wouldn't it be a wise idea to clean out your chimney? It may save the firemen a chilly midnight run.

We are pleased at the good nature people exhibited at not getting their Republicans on time, the past week. It was the fault of Uncle Sam or the express companies—not ours.

We never saw so much trash and paper blowing about the streets.

"I wonder why kid doesn't write: I mailed a letter to her last Tuesday." Yes, you mailed the letter, for we saw it; but that was all. You did not address it; neither did you place a stamp on it. How could you have been so careless? There are others, every day. Don't expect the Postmaster to imagine you or where the girl is.

Do you look at the store windows? They are looking real Christmasy. Read our columns, and then visit the stores and make your purchases.

Again we must print a four page edition. This is the last time, for we shall have a abundant supply for weeks to come. We never experienced such a mix up in the paper line.

A load of good oak wood under cover is a wise precaution. There are only fourteen shopping days to Christmas, after to-day.

Many of our subscribers did not receive their Republicans until Wednesday. Don't blame the Postmaster, nor us, but the service between here and New York.

At last, Hammonton is a dry town again.

The closing of the saloons at eleven o'clock on Thursday night was accompanied by no excitement that we could see; and we are confident that the proprietors have accepted the verdict of the voters in good grace. We believe they are law abiding men; and we wish them success as they enter new lines of business, which we are sure will be more satisfactory all around.

The high, cold winds the past week, indicate that winter is up on us. Taxes are due on the 20th. People are naturally protesting against having to pay their taxes on receipt of bill, as they usually have a month or more to save up for it. But it is not the fault of our Collector, nor of the printers; but the County Board of Taxation found changes in the laws which made their work more difficult, and consequently slow.

## Monuments Headstones and Markers Finished and Ready To Letter and Erect Immediately.

Now is the opportunity to purchase a cemetery memorial. We have over 500 completed monuments, headstones, markers, corner posts, etc., in our warehouse and show yards in Camden and Pleasantville, the largest and the finest stock we ever carried. We manufactured these goods prior to the present advance in price of material and labor and are selling them much less in price than we can manufacture them to-day and because of this these goods are being sold rapidly.

Call at our yards in Pleasantville or Camden and make your selection. We are equipped with every labor-saving device to letter and erect them promptly. We have the electric crane, surface cutter, polishing mill, pneumatic tools, plug drills, etc., and can manufacture most anything you want in special work, as we also have a large supply of rough stock on hand for this purpose.

Call and purchase now. Orders are coming in so fast we expect to have all we can handle this year by Nov. 1st and the sooner you call the better display you will have to select from.

The government has placed the monumental business on the non-essential list and if they force our mechanics to change to essential work manufacturers of monuments will have to close their plants until after the war. This will mean goods in our line cannot be secured until after the war at any price and conditions will be such that for many years thereafter the price must be in advance of present prices, therefore, it is to your interest to purchase immediately.
