"The best concert we ever heard in Hammonton, unless it was the Dunbar Bell Ringers," was the sentiment expressed after the Maurer Sisters Orchestra, last Friday evening. The Poultry Raisers Association of Hammonton extends its thanks to the press and the public for their liberal support, which made possible the great success of their Fourth Annual Poultry Show. The receipts were very satisfactory, and the liberal response from the business men in particular far exceeded expectations. Plans are already being formulated for a larger and better show in 1914.

Many subjects were discussed, including the propositions from two enterprises which are thinking of locating here,—shoes and hosiery.

It was decided to adopt a slogan for Hammonton—something with a meaning, to bring the town before the outside world, a phrase which would not be readily forgotten. The Board will pay five dollars for the best suggestion. Send it to M. K. Boyer, Secretary.

If you are not yet a member, step up, give your name, and one dollar.

The left side is a lighter, off-white or light gray area with a visible vertical crease or fold line running down the center. The overall appearance is grainy and high-contrast, typical of a low-quality scan.

SATURDAY, DECEMBER 13, 1913

Special Election.

The petition required by law before a Commission form of govern-
ment can be adopted, was filed with the Town Clerk by Messrs Thomas
B. Delker, W. B. Phillips and James W. Cottrell on Monday afternoon
last. It is said to contain one hundred and forty-three names—enough
to comply with legal requirements. Mr. Seely, as in duty bound, took
immediate steps to hold a special election, and set Tuesday, Dec. 23rd,
as the day.

In preliminary work the Clerk discovered many steps to be taken—
many details of which a close study of the law gave little clue, as to
manner or matter—hence sent to Solicitor Stockwell a voluminous com-
munication, including a long list of questions as to the meaning of
certain phrases and clauses of the law, form of advertisements and other
requirements, registration, etc.

No doubt his proverbial carefulness will result in a correct solution
of the many problems. It has been wearing and worrying work, but is
only a tithe of what will come should the change be made.

Council did the right thing when they advanced their salaries, Wed-
nesday evening, from thirty-six to seventy-two dollars. Of course, only
the retiring members voted. They have been meeting about three times
per month, besides holding committee meetings, for a dollar per.

Temperance people all over the country are rejoicing over Represen-
tative Holman's speech, Thursday, before Congress; and especially the
introduction of the constitutional amendment prohibiting the manu-
facture and sale of liquor in the United States.

Well, it's coming—the 23rd of December—when voters must decide
whether they are willing to try a Commission government for Hammoncton,
and pay the cost thereof, or not. If the move is successful, a
primary election will follow to nominate Commissioners, then another
to elect three of the nominees; and each of these will cost at least as
much as the first.

We are unqualifiedly opposed to the change, being unable to see
wherein the town will gain any substantial advantage, and quite unwill-
ing to pay the cost of the added expense. For figure it as you please,
the Commission plan will add materially to the expense of conducting
Town affairs. Already the preliminary petition has necessitated a special
election, the precise cost of which no man can state, to-day, but which
will reach into the hundreds of dollars.

Remember, in the annual election in November, the county pays
nearly every dollar of expense. It costs the Town twenty dollars for
verifying the printed registration lists—that is all; but under the new
form every election, whether to choose Commissioners, every four years,
or specials to decide on questions in initiative, referendum, or recall,
must be paid for by our local tax-payers; and they will be held when
ever any disgruntled citizen can secure enough signatures to a petition.

We shall continue to advise our readers to vote a big "No" on
Tuesday, December 23rd.

We are quite certain that the editors of the city dailies would not be
so ready to accept squibs relating to the proposed Commission form of
government from Hammoncton, were they shown that there is not an
atom of truth in many of the stories. Such articles, though perhaps
interesting, are damaging to Hammoncton—a town of intelligent people—
a people who are not anxious to adopt what other towns would give
thousands to get rid of, but can't.

We expect to see the Commission proposition defeated, notwith-
standing predictions to the contrary by two or three of its supporters—
one of whom airs his opinions in the city dailies, at so much per line.

Let every registered voter in Hammoncton be at the polls December
23rd, and help to down the proposition to change our Town government
to a form undesirable.

TALE OF A TIGHTWAD.

We once knew a man who was even too stingy to take the news paper in his home town, and always went over to borrow his neighbor's paper.

One evening, he sent his son over to borrow the paper, and while the son was on the way, he ran into a large stand of bees; and in a few minutes his face looked like a summer squash.

Hearing the agonized cries of the son, the father ran to his assistance, and in doing so ran into a barbed wire fence, cutting a handful of flesh from his anatomy, and ruining a \$4 pair of trousers.

The old cow took advantage of hole in the fence, got into the corn field, and killed herself eating green corn. Hearing the racket, the stingy man's wife ran out of the house, upsetting a four gallon churn full of cream into a basket of kittens, drowning the whole flock. She slipped on the cream and fell down stairs, breaking her leg and a \$19 set of false teeth. The baby, left alone, crawled thro' the spilled cream into the parlor, and ruined a \$40 parlor carpet.

During the excitement, the daughter eloped with the hired man, taking the family savings bank with them.

The moral is that every man should be a subscriber to his home newspaper.—Brooklyn Eagle.
