### W. C. T. U.

The ladies have taken this space by the year, and are responsible for all that it may contain.

#### Warming the Viper.

The old Greek slave Esop, in one of his matchless fables, tells of a farmer who took pity on a frozen snake that he found under a hedge, and which he took to his home and warmed at the fire upon the hearth. The snake, when warmed back to life, flew at the farmer's wife and children, and tried to bite them. The farmer seized a mattock and soon dispatched him, after upbraiding him for his ingratitude.

Any evil that we take to our hearts to cherish, will become a viper, to sting and kill us.

The rum traffic has been warmed and protected at the national hearth, and threatens our destruction. We must kill it, or it will kill us. Its sting is death, and, like the viper, it spares neither age nor sex.

"Awful anxiety was felt for the widow of the brave General Burham, of Mechanics, Mo., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvellous medicine is guaranteed to cure all throat and lung diseases. Only 50c, and \$1.00. Trial bottles free at Crowell's drug store.

### The Farmers' Institute.

We give below the programme of the Farmers' Institute to be held in Union Hall, Hammonton, on Thursday next, Dec. 19th. There is no admission fee, and all are invited to attend.

8:00—Popular lecture by Mr. Gould, on "Neighbors in Feathers." No one should miss this address. If arrangements can be made, an address will be given on "Forestry."

### ELWOOD NOTES.

Mrs. E. L. Johnson is visiting her sister, Mrs. Chas. Town, of Atlantic City.

A few nights ago Mr. J. Hobart Filer had quite a shaking up, caused by stepping into the hatch-way of a cellar. The cellar-door was open, the night was dark, and he stepped in. Fortunately, no bones were broken. It would be advisable for everyone to close their cellar-doors at night.

Miss Mary Holden is suffering from an attack of la grippe and tonsillitis. We hope she will soon recover.

While trying to separate fighting dogs, Mr. Robert S. Smith was badly bitten on the right hand. We hope the result will not be serious.

We do not hear much about the "three gunners" now. Perhaps they are weary of their fruitless efforts, and have taken up a new line of business.

Christmas is coming. Don't forget to hang up your stocking.

Repairs are well under way on Jackson's building; and the more we see of the burned parts, the more we wonder that the property was not entirely destroyed. Now, with the facilities at hand, the firemen conquered that fire, we are still at a loss to understand; but they did it, and many of us saw it done.

The Baptist Junior Endeavor Society will repeat its recent musical social, which gave so much pleasure to those who attended. It will be given at the residence of Mrs. G. F. Lenz, on Monday evening next, Dec. 16th. Admission for adults, 10 cents; children, 5 cents. Proceeds to purchase a stove for the Primary School room.

#### Working Night and Day.

The hardest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power. They are wonderful in building up health. Only 25 c. per box. Sold by Crowell.

### Hosiery for Sale.

1000 Pairs Fing Black and White Hosiery, Sizes, 4, 5, 7, 7½, and 8.

This world belongs to the energetic.

Kind words take less breath than harsh ones.

Patience and time do more than strength or passion.

Genius begins great works; labor alone completes them.

Josh Westhafer, of Leogostee, Ind., is a poor man, but he says that he would not be without Chamberlain's Pain-Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff-neck, sprains, and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by Crowell.

#### A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Williford, Ark. "His foot was badly crushed, but Bucklin's

Arnica Balm quickly cured him. It is simply wonderful for burns, boils, piles, and all skin eruptions. It's the world's champion healer. Care guaranteed. 25 cents. Sold by Crowell.

### Water?

We find it to be the general opinion that Hammonton ought to own and manage its water-supply plant. We have talked with many men whose judgment is valued, and not one of them has expressed himself in favor of private ownership.

It is universally conceded that a public water-supply is needed, and that the time is ripe to secure it.

Of course, the town meeting to be held next Monday evening cannot vote to bond the town, or make any other provision for securing the desired plant. The town Council desires to give all taxpayers this opportunity to express their sentiments on the subject, to hear arguments for and against a supply, and as to different ways of securing it. Therefore, we presume it will be more informally conducted than a strictly business meeting, only so controlled that no one person shall occupy an undue proportion of the time, but all have an opportunity to make himself heard.

We hear that if matters shape themselves favorably, a resolution will be introduced to this effect:

Resolved, That Town Council be authorized to inaugurate the proper proceedings to secure an ample supply of water for public and private use, and to arrange for bonding the town in sum not to exceed twenty five thousand dollars, to pay for the same.

This will act as definite instructions to the Councilmen, who are very willing to set the ball rolling without delay. State laws tell very distinctly how to proceed in the matter, and this will probably be fully explained to those present at the meeting.

We hope that every property owner will be in the hall next Monday evening. If a majority think it unwise to push the question now, that is the time to say so, and to state their reasons for that opinion. Whatever his sentiment may be, every voter should attend the meeting, and either help the move along or prevent its consummation.

We believe it to be a step in the right direction, and are willing to pay our share of the cost as it comes due.

Stood Death Off.  
E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued to use them until he was entirely cured. I am sure Electric Bitters saved his life." This remedy expels malarial, kills disease germs, and purifies the blood; aids digestion, regulates liver, kidneys, and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health. Only 50 c. at the wall's Pharmacy.

A Communication.  
MR. EDITOR:—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely cured me.—W. E. Brockman, Hagerstown, Mo. This remedy is for sale by Crowell.

ATLANTIC COUNTY ORPHANS' Court, December Term, 1901.  
On Application for Rule to Show Cause, vs.

EDWARD H. CHANDLER, administrator of William D. Arltz, deceased, having exhibited to this Court, under oath, a just and true account of the personal estate and debts of said deceased, whereby it appears that the personal estate of said William D. Arltz is insufficient to pay his debts, and requested the aid of the Court in the execution of the said rule. It is ordered that all persons interested in the lands, tenements, and real estate of said decedent, appear before the Court, at the Court House in May's Landing, on the eleventh day of March next, to show cause why so much of the said lands, tenements, hereditaments, and real estate of said decedent should not be sold as will be sufficient to pay his debts or the residue thereof as the case may require. A true copy from the minutes. J. R. HUNTER, Surrogate. Dated December 10th, 1901.
