The ladies have taken this space by the year, and are responsible for all that it may contain.

The Christmas holidays are here. And all they bring us of good cheer. Loved ones come from far and wide. Increase our joys at Christmas-tide. We'll spread our tables with the best. And Santa Claus will do the rest. No Christmas-tree or glittering toy. Awaits the drunkard's girl or boy! Oh, stop this traffic, you who may. And help your brother's steps to stay.

## The Water Franchise.

EDITOR REPUBLICAN: It was no doubt a surprise to those who attended the town meeting on Monday night, when a member of Council introduced a party as "the gentleman who owns the water franchise." As I stated at the meeting, no one holds such a privilege, even the claimant admitting that he stood upon "a technicality."

The Supreme Court may have decided that an ordinance is valid until repealed, but probably it was simply incidentally mentioned in some opinion, though it does not require a decision on such a point, as it is a truth that is patent to every citizen that all laws remain on the statutes until repealed. It could not be otherwise. Hence any ordinance passed remains an ordinance until repealed. But an ordinance or law may become inoperative or obsolete. For instance, if during last January an ordinance had been passed giving certain parties the privilege of using the Park for a display of fireworks on July 4th, 1901, it would now be inoperative because the date has passed; but it would remain among the ordinances until it is repealed.

If an ordinance is passed giving certain privileges to parties, subject to conditions, the conditions are as binding as the privileges. The courts have decided that when a party receives a franchise to supply a town with water, the work to commence, say on Jan. 1st, and to be finished on Sept. 1st, the party holding the franchise cannot evade the contract by simply placing a few stakes in position, as the work must be of a substantial character, and that the owner of a franchise cannot hold the work back until too late to perform the duty imposed upon him, without forfeiting the security or becoming liable for damages should any citizen bring suit. Such, I am informed, has been the ruling in one case.

That one claiming to hold a franchise should boldly walk into a town meeting and maintain his claim, when he had made no progress in the matter of complying with the conditions imposed in the ordinance, cannot be comprehended by those who suppose that an ordinance means just what it states. That our town will be without water for a long time if the work of obtaining it is entrusted to such parties, is evidenced by the fact that several franchises have been granted that served private parties and profited as nothing.

I am more convinced than ever that the town should have water-works, and own its plant. Never mind who pays the most taxes; that should not even be considered. Many men in town pay taxes on roads, yet have but little use for roads. Some pay taxes for schools, and have no occasion to use the schools. Let us drop that portion of the matter, as each and all are dependent upon conditions and circumstances.

When it is fairly considered, there is nothing that confers so much, and at such small cost, as the tax.

Every citizen can think as well as a lawyer. Even the Supreme Court of the United States handed down five different decisions on the Porto Rico and Philippine tariffs; hence they did not agree in their views. If an ordinance is passed, granting certain privileges to parties named, but to be "null and void" unless the conditions therein specified are complied with, the "null and void" is just as much a portion of the ordinance as the right to have the franchise. If any court has decided that an ordinance holds until repealed, then the "null and void" provision holds also.

Several franchises have been given, and not a start has been made. Unless the town does the work, the name of Hammonton will be hawked here and there, and its privileges offered to the highest bidder, until even its credit will be impaired. It is time that a halt be called upon such proceedings if we hope to sell our bonds.

The voters did nobly at the special town meeting. Do not fail to beat the polls at the proper time.

### Water?

The special town meeting held in Union Hall last Monday evening, was largely attended. The hall was well filled. It is a subject in which all the people are interested.

C. F. Osgood was elected chairman; J. L. O'Donnell secretary. The resolution, published by us last week was introduced, instructing Council to take the necessary steps to borrow money and install a water-plant to be owned and operated by the Town.

Several citizens participated in the discussion, the unanimous sentiment being that if a water-plant is to be erected, the Town must own it.

One speaker stated that, in his opinion, men owning property along the proposed pipeline should pay three-fourths of the cost, because they receive the greater benefit from the investment. (If the speaker will look into the matter, he will find that the property to be covered by the pipeline already pays the larger portion of the town tax.) Another seemed to oppose the procuring of a plant, on account of its cost, but admitted that it was needed in the closely-built part of town.

The resolution was vigorously defended by a number of men. Mr. E. N. Howell, who held the last franchise granted, was allowed to speak, and gave a history of his connection with the electric light business of Hammonton, the gas franchise, and his repeated efforts to borrow money on bonds to put in the water-plant; concluding with the emphatic statement that no one will furnish the required capital unless the franchise was supported by a contract with the Town to furnish water for fire purposes, which will amount to \$750 per year, thirty-three plugs at \$25 each.

Mr. Boardman, an experienced engineer, who has put in many water-plants, was called upon, made some matters clear, answered many questions, and gave much valuable information.

Finally, a substitute to the resolution was adopted, which instructs Council to provide for a special election, at which voters shall decide for or against a proposition to bond the Town in a sum not to exceed thirty thousand dollars, with the proceeds of which Council shall provide a water-supply. This is the method of procedure prescribed by law.

Now, friends of the proposition, keep the matter alive by agitation, and win a vote for it whenever you have an opportunity.

### Stood Death Off.

E. B. Murray, a lawyer of Hamlet, Tex., once fooled a grave-digger. He says: "My brother was very low with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was entirely cured. I am sure Electric Bitters saved his life." This country exports malaria, kills disease germs, and purifies the blood; aids digestion, regulates liver, kidneys, and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 60c. at Crowell's Pharmacy.

A Communication. Mr. Horton:—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could not get any relief until I saw a bottle of this valuable medicine, which has completely cured me.—W. B. Brockman, Baginell, Mo. This remedy is for sale by Crowell.

Last Monday afternoon, while Mrs. Harry Rainier's back was turned, her four-year-old, Donald, tipped a pail of scalding water over his right arm, side and leg. The doctor fears it may be a case of skin-grafting.

Next week Saturday will be the date for Council meeting, and according to the new rule, you must get your bills into the Clerk's hands by Thursday, Dec. 26th. Don't neglect it, or you'll wait another month for your pay.

## Christmas.

Will O. Jones reached home on Friday last. He has served several years in the regular army,—the last two years in the Philippines, where he was Hospital Steward. His term of enlistment expired, and he was glad indeed to find himself under the parental roof.

Tuesday brought us the first real snow-snow of the season. The "beautifol" began dropping about seven o'clock, and continued until after sundown,—leaving a white blanket eight inches thick. It was too light for good sleighing, but a few lucky ones turned out.

J. L. O'Donnell and G. F. Lenz, jurymen, planned to ride to May's Landing every morning, on a tandem. They made one round trip, but on Tuesday morning their machine broke down somewhere on the route; and how they reached their destination in time is more than we can tell.

We are told that the thermometer indicated three degrees below zero, early Wednesday morning. At seven o'clock it stood at eight above; at one o'clock in the afternoon it was only twenty above. At seven o'clock Thursday evening it was 16. Pretty severe weather for South Jersey.

The next meeting of the Lyceum will be held on Monday evening, Dec. 23rd. The subject for debate will be, "Resolved, That Greece did more for the world's civilization than Rome." The debaters on the affirmative are Misses Clara Walther and Lina Burges; negative, Miss Helen Reed and Master Leroy Jackson. After the debate there will be a social, including a very interesting programme of entertainment, and refreshments. Every member is urged to be present.

## A Merry Christmas To All!

Twenty-seventh annual meeting of the New Jersey State Horticultural Society will be held at the State House, (Court room) Trenton, on Wednesday and Thursday, Jan. 8th and 9th. All persons interested are cordially invited to attend and take part in the proceedings. There will be three sessions on Wednesday, and two on Thursday. Prizes will be offered for apples, pears, and carnations.

John W. Myers, Night Marshal, says that the storm on Saturday night, or early Sunday morning, was the worst he ever knew. The wind began early in the evening, from the South, but as fierce as a hurricane; later it swung around to the east and northeast, and rain fell in torrents. It seemed as though wind and rain had combined their forces to force an entrance into even the best fortified houses. After all, the day dawned with the temperature quite mild, but grew much colder before night.

Mr. Orrin G. Wood died Thursday morning, 19th inst., at the residence of his son-in-law, Wm. L. Black, aged 66 years. Mr. Wood has resided in Hammonton since about 1870, was one of our best citizens, universally respected. He suffered for years from heart disease, which culminated in paralysis on Wednesday.

ELWOOD NOTES.

Trees and shrubs all robed in white. Happy faces beaming bright. What means this good-will and cheer? Why, Christmas time will soon be here. Every one seems to be busy preparing for Christmas, from the greatest to the smallest. Even "the gunners" have gone hunting for "greens," instead of for quail. On Wednesday last, the funeral services of Mrs. Prudence Elder, wife of Mr. Robert Elder, Sr., were held at the Elder residence. Miss Mary Holden is slowly recovering from an attack of la grippe. The employees of J. H. Bezarth's saw-mill enjoyed a half holiday this week, owing to a break in the machinery. Mr. Thomas McCarthy, of New York, is spending the Winter with his aunt, Mrs. W. A. Bischoff. Mr. M. has been ailing for some time, but the fresh-air of the country is doing him good. We hope he will continue to improve. One of our citizens used the recent snow storm as an opportunity to do good. Some of the widows who had no one to depend on, were very grateful to him for sweeping paths for them. "Go thou and do likewise." U.

A Certain Cure for Dysentery and Diarrhoea. "Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip when Editor Ward, of the Lacyville 'Messenger,' suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by Crowell, drugist.

ATLANTIC COUNTY ORPHANS' Court. December Term, 1901. On Application for Rule to Show Cause, &c. E. H. Chandler, administrator of William D. Arlitz, deceased, having exhibited to this Court, under oath, a just and true account of the personal estate and debts of said deceased, whereby it appears that the personal estate of the said William D. Arlitz is insufficient to pay his debts, and he requested the aid of the Court in the premises. It is ordered that all persons interested in the lands, tenements, and real estate of the said deceased, appear before the Court, at the Court House in May's Landing, on the eleventh day of March next, to show cause why so much of the said lands, tenements, hereditaments, and real estate of said deceased should not be sold as will be sufficient to pay his debts or the residue thereof as the case may require. A true copy from the minutes. J. R. HIGLEY, Surrogate. Dated December 10th, 1901.
