## Christmas Greeting to Soldiers.

December 23, 1918.

I wish to express to the soldiers and sailors from New Jersey, who have served in the war, in camp and on the front, and "over there," my best wishes at this Christmas time, and also extend holiday greetings to my constituents as well.

Over 140,000 of New Jersey's sons have served in the war. Their unparalleled record has contributed much to the morale, courage and success of the greatest army that ever fought for America. To the splendid fellows who went to France, as well as those who served here in America ready and anxious to go, a grateful nation renders homage today. We mourn and sympathize with those who have given their loved ones for the freedom of the world. Their names will be engraved on the honor roll of America's heroes and their memory will be our most cherished tradition.

To the noble men and women who have served here and abroad in the great war work, in the workshops and on the farms, the thanks of a Nation is due and our Country is brighter and better for their noble service and sacrifice.

As one of the Representatives of New Jersey in the Senate of the United States, I wish you all a Merry Christmas and a Happy New Year.

God grant that it may be a New Year and a new era of permanent peace and happiness for America and the World, coupled with the heartfelt prayer that the dark clouds of war may never darken our horizon again.

J. S. FREELINGHUYSEN.

## Re: Cross-Bred Poultry Show

On January 15th to 19th the  
Hammonton Show Association will  
hold its annual show. The pro-  
ceeds, less necessary expenses, will  
be given to the Red Cross. No  
entry fee will be charged and all  
prizes will be ribbons. First, sec-  
ond and third, together with shape  
and color specials will be awarded  
in all classes. Also ribbons for the  
best cock, hen, cockerel, pullet and  
pen in all classes. Ribbons will  
also be given for the best bird in the  
show, best cock, hen, cockerel,  
pullet and pen, all varieties com-  
peting.

A feature that should appeal to  
the beginner is our novice class,  
only those who have never won a  
prize competing. The utility class  
will give the commercial poultryman  
a chance to exhibit their high-re-  
cord birds and awards will be made  
according to the Hogen system.  
Both the novice and utility classes  
will give the exhibitor a chance to  
win a valuable ribbon for first, second  
and third for males and females.  
The show will be judged by M. K.  
Boyer, the veteran poultryman and  
writer for thirty years. Mr. Boyer  
is giving his services free, and has  
a reputation in Hammonton as one  
of the best judges who ever offici-  
ated at a local show.

The management will want a  
few more donations, in the form of  
hatching eggs (to be delivered in  
the spring), chickens, and dozens  
of table eggs. These are all  
needed for our night drawings. All  
our poultrymen who have contrib-  
uted have done so most generously.  
It is those who have a few chick-  
ens, that it is almost impossi-  
ble for the management to reach,  
that are asked to help make this  
show a success with their entries  
and donations. All those who  
make contributions will receive an  
acknowledgment from the Red  
Cross.

Tickets are to be issued for \$5,  
\$2.50 and \$1 each which entitles  
the holder to admission to the show  
during its duration. Each evening  
at 9 p. m. three settings, three  
chickens and three dozen eggs will  
be drawn for. As an illustration,  
all holders of \$5 tickets will have  
their number put in a box. The  
first number out wins a setting of  
eggs. All \$5 tickets remain in all  
drawings for settings unless they  
win. The same method will be  
pursued with \$2.50 tickets for  
chickens and \$1 tickets for dozens  
of table eggs.

All general admission 15c tickets  
are numbered and a certain per-  
centage goes into each drawing. This  
gives the holder an equal oppor-  
tunity to win with special tickets  
in single drawings. No general ad-  
mission tickets are allowed a prize  
unless the holder of the winning  
number is in the hall. A point  
that the public should consider  
when they are asked to buy tickets  
is the fact they are helping one of  
the most worthy causes, that is  
for our boys, and unlike most ben-  
efits they have an opportunity  
through the generosity of most of  
our poultrymen, to win an equiv-  
alent to the cost of their tickets  
and in the case of general admis-  
sions, many times its value.

A win at our show will be worth  
while, as Atlantic County can boast  
of some high class birds and they  
will be on exhibition for the ben-  
efit of the Red Cross. It will be an  
honor, in future years, to be the  
possessor of one or more of our Red  
Cross poultry ribbons. Donations  
and entries should be sent to B. H.  
Gray, secretary, as soon as pos-  
sible.

SATURDAY, DECEMBER 28, 1918

We have heard considerable complaint of late of the large number  
of dogs running at large. This has come to the notice of Town Council,  
and they very properly are taking steps to keep them at home, or suffer  
the penalty. People have no business to keep animals unless they need  
them for use or company at home; but most of the canines appear as  
though they had no home,—excepting your back yard.

It began to look as though we would not have any Christmas  
weather. Rain had fallen for a couple of days, or longer, and Wednes-  
day dawned dark and dismal. But it couldn't stay so, not Christmas  
Day, for the sun came through, and to those who liked to stay around  
home, it was a delightful day.

And the next day it snowed,—the first of the season.  
And now the recipient of the misfit present is playing the old-fash-  
ioned game of "grand exchange."

No, a man in U. S. uniform has no business in a saloon. Com-  
plaint was made this week that at least one fellow became very obnox-  
ious, in a place not far over the town line.

This office will be open all day next Wednesday, New Year's Day.

Of course the Post Office and banks will observe the holiday.

Many of our soldier boys were hoarse over Christmas, and yet many  
couldn't get away.

We wish you a happy and prosperous New Year.

The Republican's Christmas pages arrived in time for the after-  
Christmas edition. New Year pages will appear next week.

Hammonton is to have a poultry show, early in January. It should  
be well patronized, especially as the proceeds go toward the Red Cross.

Join one of the Christmas Saving Clubs, and be peeper ready for  
the strain of next Christmas.

And now the small boy can be seen going from store to store, after  
free calendars.

It is up to our banks to find a way by which depositors can meet  
two tax payments next year. The first one comes due about June 1st.

Evidently they need a janitor at Town Hall,—one who can keep  
the place warm.

Something should be done to stop that agency from sending labor-  
ers down to the Loading Co., promising them steady work. The fellows  
get stranded at Hammonton, and our police have to lock them up or  
order them to "move on."

Going to "sweat off" next Wednesday?

## Recent Letters Home.

Following are two letters, re-

ceived from overseas, which we

show what they have to put up

with.

The first is from the son of Frank

Horn, formerly a Hammonton boy,

addressed to his parents, and by

them mailed to his grandmother,

Mrs. D. B. Reed. He says:

Just a few lines to let you know

I am well and having the time of

my life. I am writing this in a

rest camp. Have been to the front

for 42 days and it sure feels good

to know you are not ducking shells

all the time. I have quite a lot to

tell you when I come home, which

will be soon. I hope.

Well, Mother and Dad, while

we were up there we certainly gave

old Jerry a run for his money, and

the kept him on the run all the

time.

We have been biking now for

four days and it has raised just as

long. Roads are terrible; we all

look like a bunch of planks on

account of the mud. Eats are fine;

much better here than in the

States.

I have received all your letters.

No, I haven't seen Uncle Herbert

Horn.

Mom, when this war is over I

am going home for a good long

stay. I wish I could tell you

about the things I have seen over

here, but I can't now. Our boys

have been up against the best

Germany can produce and we go

through them like so much paper.

Believe me, the Yanks can scrap.

Everything you see in the paper

you can believe. I will try and

write a more interesting letter soon

for I am very tired now.

Tell Walter there are lots of

seaweed here, but, why, and

more we have to carry our loads

on our backs, and it is pretty hard

work to carry extra things. We

are hoping to lick the Huns and

be home for Xmas. With lots of

love to all, from your son.

—Corp. Lewis M. Horn.

## Monuments Headstones and Markers Finished and Ready To Letter and Erect Immediately.

Now is the opportunity to purchase a cemetery memorial. We have over 600 completed monuments, headstones, markers, corner posts, etc., in our warehouse and show yards in Camden and Pleasantville, the largest and the finest stock we ever carried. We manufactured these goods prior to the present advance in price of material and labor and are selling them much less in price than we can manufacture them to-day and because of this these goods are being sold rapidly.

Call at our yards in Pleasantville or Camden and make your selection. We are equipped with every labor-saving device to letter and erect them promptly. We have the electric crane, surface cutter, polishing mill, pneumatic tools, plug drills, etc., and can manufacture most anything you want in special work, as we also have a large supply of rough stock on hand for this purpose.

Call and purchase now. Orders are coming in so fast we expect to have all we can handle this year by Nov. 1st and the sooner you call the better display you will have to select from.

The government has placed the monumental business on the non-essential list and if they force our mechanics to change to essential work manufacturers of monuments will have to close their plants until after the war. This will mean goods in our line cannot be secured until after the war at any price and conditions will be such that for many years thereafter the price must be in advance of present prices, therefore, it is to your interest to purchase immediately.

## How Long Will It Last?

That's just another of asking "How long will your battery last?"

For no battery better than the Willard.

There's no doubt about it; Insulation is one of the things that make a Willard a longer lasting battery.

Every piece of insulation that goes into any Willard Battery has those features so necessary to long battery life—that is, sound material; thorough workmanship; exacting tests and careful inspections.
