Hampton, N. J., Jan. 7, 1921

THE SPIRIT OF CHRISTMAS

On this, the eve of the great festival of Christmas—the season of hope and cheer, of good-will, love and charity—may we not pause for our reflections on the strife and fury of war to meditate on the blessings of peace.

The Spirit of Christmas is the hope of the world. Without Bethlehem, man could not long survive the influence of jealousy, of hate and greed.

His hope hitched to the star of materialism, man would be a strange and sorry figure in a world where none has penetrated the mysteries of life and death.

He who fears tomorrow has lost faith in the Spirit of Christmas.

"Peace on earth, good-will to men," was not spoken in vain.

Studebaker

LIGHT-SIX

See this NEW LIGHT-SIX—we are now ready to demonstrate and make deliveries

At all driving speeds, the NEW LIGHT-SIX is freer from vibration than any car of its approximate size or weight yet produced in America or Europe. Its powerful motor is an exclusive Studebaker design—connected by Studebaker engine users—and built complete in Studebaker factories. It is most efficient in utilizing the low grades of fuel now on the market—no other light six-cylinder motor yet produced is free from vibration or as flexible, economical and powerful.

Power with smoothness of operation has been the dominant idea in the construction of the NEW LIGHT-SIX.

\$1485
J. A. & South Road

Studebaker BIG-SIX

YOU must actually see and ride in this seven-passenger car to really appreciate its many splendid qualities.

Its light weight and scientific balance induce unusually low fuel consumption and high tire mileage. Its responsive, 60-horsepower motor with long-stroke manifold, gets maximum power from even low grades of fuel, driving the car with efficiency that will surprise you.

Complete Studebaker Care, paint by process with other care on the market, and we will rest our case with you.

All Studebaker Cars are equipped with Card Tires—used by Studebaker personnel.

\$2150
J. A. & South Road

"THIS IS A STUDEBAKER YEAR"

Studebaker SPECIAL-SIX

THE 50-horsepower Studebaker SPECIAL-SIX is one of those cars it's a real pleasure to drive. It's responsive; it gets away quickly.

In the SPECIAL-SIX you can travel from 55 to 60 miles an hour without unpleasant vibration or apparent effort. You'll be so proud of its performance as of its appearance—and it's a beauty.

We urge you to see this car—ride in it—drive it—put it to any test and see for yourself just how fine alone doesn't begin to indicate the quality that has been built into this car.

All Studebaker Cars are equipped with Card Tires—used by Studebaker personnel.

RICCI'S GARAGE

[Louis Ricci, Prop.]

We thank our patrons for their past patronage. Assure them that we will continue to give them the same efficient service.

THE MODERN FUNERAL

The anxious visits of the physician have ended. The pulse which so often responded with alternate hope or fear to his gentle touch has ceased to beat. The watch of the faithful nurse has come to a close. The suspended hope of loved ones is wrecked in a hopeless sea of woe. The orderly home has been suddenly disorganized. Songs of joy have changed to wails of woe. Reason itself is sometimes dethroned, and at such an hour is the funeral director called to the household, and while he must organize order out of confusion he must do it in a way to avoid all possibilities of commercialism, and at the same time, as far as possible, like the pall that presses so heavily on the mourning hearts about him. Could any duty in life at the same time call for more judgment, patience, gentleness, humane and manly fortitude and self-possession? And in view of such duties can we over-estimate what should be the high character of one who properly and successfully discharges the high office of funeral director?

Ford

THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires all around. A real family car. Anybody can safely drive it. It has all the conveniences of an electric car with the economy which goes with Ford cars, low cost of purchase price, small cost of operation and maintenance. Won't you come in and look at it?

TO HONOR HEROES.

The Hampton Chamber of Commerce Committee which has charge of the "Soldiers' Memorial" is about to send to the O. J. Hamilton Company, of Passaicville, the design for the granite markers which will be placed in close proximity to the handsome monument soon to be dedicated to the service men and women, for four women served during the World War. The complete services list was forwarded to the Hamilton Company some time ago.

The eight heroes who will be honored especially with those tributes to their bravery given their lives to their country are Joseph Passanunzio, killed in action; David M. Smith, killed in action; "Bacco" Lutz, killed in action; William E. Smith, killed in action; John W. Woolbert, Jr., severely wounded in action, recovered; died of disease while a member of the Army of Occupation in Germany; Nicholas Gilbert, died of disease in France; John E. Smith, killed by accident; and James L. Harris, died of disease while in the army.

A SPLENDID SHOW.

The Ninth Annual Pottery Exhibition opened here this Tuesday morning under the auspices of the Hampton Pottery Show Association, and held fair to a great success. The night a very interesting scene was witnessed by those in the vicinity of Union Hill, where the show will be given every evening here. The show committee were working like Trojan horses under the auspices of the Hampton Pottery Show Association, and the fact that the show is being given here is a credit to the Hampton Pottery Show Association.

"EQUALITY" IN EARNINGS.

According to a story which is going the rounds here, it appears that the women of Hampton are willing to be second women voters "not only in all matters of importance, but also in the matter of earnings in connection with a matter which is being discussed here. In the PUBLIC EYE

The Homesteader

By Robert C. Stead

Gabaldon of the Philippines

Isuro Gabaldon is the name of the new Philippine resident commissioner who will be in hand of the next session of congress. He has been elected for a three-year term. He is a lawyer in Manila and is an ardent advocate of the independence of the Philippines.

The Philippines were ceded to the United States in 1898. There were 24 congresses and 90 years more until 1932. General Merritt, General Otis, General MacArthur, General Clark. In 1932 the office of military governor was abolished and the Philippine commission became the governing body.

In 1916 congress passed an act creating the legislative authority in the Philippine legislature, composed of senators and house of representatives. There were 24 congresses and 90 years more until 1932. The Philippine commission became the governing body.

New Surgeon General of Navy

Rear Admiral Edward Rhodes Stitt has succeeded Rear Admiral W. O. Baggett (retired) as surgeon general of the United States Navy. Doctor Stitt has been the commanding officer of the United States naval medical school since 1926 and has held the rank of rear admiral since 1917.

He was born at Charlotte, N. C. In 1887. He got his collegiate and medical education in South Carolina, Pennsylvania and Maryland. He entered the navy in 1905. He has had an excellent record as a teacher, lecturer, and author. He now serves in the Philippines.

Hammond and Wireless Death

Complete annihilation of enemy fleets long before they came within range of the New York super-battleship, or the fortifications protecting the Golden Gate, becomes a possibility as a result of recent tests by wireless of the navy off the Virginia capes. For these tests, a number of test-dive batteries were used. There was not a human being in the water. The batteries were fired at a target ship and the results were most successful.

The wireless-controlled ships have developed out of the invention of John Hays Hammond, Jr., son of a noted American seafarer.

Senator Heflin From Alabama

Senator James Thomas Heflin left Alabama (exactly how) last night for the senate elected in November. One difference consists in the fact that he is now functioning in that august body, while all the others except Senator Carter (who of course is in the senate) are waiting for their turn to enter the chamber. The reason is that he was elected to fill the vacancy caused by the death of Senator John H. Bankhead.

Senator Heflin has been pronounced the home, where he served eight full terms and a portion of a ninth. He was born at Louisa, Randolph county, Ala., April 9, 1880.

"I'm not going to be a spinster. I'm not going to be a spinster. I'm not going to be a spinster."

"As Much Emphasis Now on Educational Training as on Military Drill."

By COL. J. T. AXTON, Chief of Chaplains, U. S. A.

On the barracks wall at Delhi, India, this inscription will be found:

"When war is on and strife is high, God and the soldier are all the cry. When war is over and peace is nigh, God and the soldier are quickly slighted."

This may have been true of some former period, but it is not true concerning the World War. This nation is nearer to God than before the mighty conflict, or the war's greatest lesson, has been missed. I believe that we are nearer to God in all the relations of life than before we entered the titanic struggle, and the soldier is being slighted. The best evidence of this lies in the fact that an average of more than four hundred splendid young men from all walks of life are enlisting every day for duty in the regular army.

The call to military service is especially strong now because of a nation-wide interest in military affairs and because the War department has sensed the need for making every young man spend in the army profitable to that man. Fully as much emphasis is being placed upon the moral and educational training of our troops as upon military drill, target practice, discipline, or any of the other things that are essential to the making of a fine soldier.

The comprehensive educational training is in charge of picked men who specialize in it; while moral training is quite properly committed by the congress of the United States to a corps of chaplains, composed of men who know how to put stress on those religious elements that appeal to healthy young men.

Mexican National Life a Factory to Turn Out the Governing Classes.

By PROF. EZEQUEL CHAVEZ, Mexican Educator.

Our whole national life has been one immense factory to manufacture the governing classes. The foreigners have controlled our commercial life, opened our mines, our railroads, our stores, our factories. Since the foreigner has carried on all of our economic life, what is there left for the Mexican to do? Why, simply to govern. And so our schools have prepared men for governing.

We need more and more different kinds of training. Our people need to enter many other lines, instead of being simply shut up, as in the past, to becoming physicians, lawyers and engineers. Our educational system must change, so that it can direct the young people into fifteen professions instead of into three, and into twenty or thirty different modes of gaining their living and contributing to society. The new school should turn itself to developing leaders in our economic and social life. I do not mean to make our education entirely practical, leaving out all of the humanities, as Germany has done. We must see that the school introduces young people into useful livelihood and trains them on at the same time to be good citizens.

"I Refuse to Take the Million Legacy Because the Money Is Not Mine."

By CHARLES GARLAND, Burzard Bay, N. Y.

I have renounced my right to a million-dollar legacy left me by my father. I refuse to take the money because it is not mine. A system which starves thousands while hundreds are stuffed with gold. A system which leaves a sick woman helpless and offers its services to a healthy man condemns itself. It is such a system that offers me a million dollars.

It is blind to the simplest truth known to every child, the truth that the hungry should be fed and the naked clothed. I have had to choose between the loss of private property and the law which is written in every human heart. I choose the one which I believe to be true. I believe I could do no good with the money. It is the man who gives food to the hungry who does good, not the dollars given in exchange for the food. I would be happy to be the man if I had the food to give, but I cannot lend myself to handling the money that is not mine even though the good that might be done is possibly great.

There are great opportunities to do good, but they are in men's hearts, not in the check book.

We Need More Super-Normal and Fewer Sub-Normal Persons in America.

By PROF. RUDOLPH M. BINDER, New York University.

No man prays for a look at the 250,000 insane and prisoners and 250,000 inmates in our country with equanimity, especially when he finds the people who are breeding faster than the rabbit and thrifty than the pig. We need more super-normal and fewer sub-normal persons.

There are two ways of bettering human conditions, by improving the individual and by improving the race. If segregation and sterilization are to be largely resorted to the problem of crime, insanity and sickness would be largely solved within a century. The solution, prison and hospitals would decrease appreciably, the indigent old and the hopelessly degenerate would no longer trouble our civilization; above all, the present problem of unemployment caused largely by lack of ordinary mental ability and vitality would solve itself.

Eight states have already passed laws for sterilizing the defective: Indiana in 1907; Washington, California and Connecticut in 1909; Nevada, Iowa and New Jersey in 1911; and New York in 1912.

WILL LOSE COUNT
Dr. J. A. Waga, a leading resident of this place, who journeyed to Ashland, Kentucky, to see his brother, S. A. Waga, who accidentally shot himself while handling a revolver, reports that the venerable gentleman (he is full three-score and ten) lost the sight of both eyes through the discharge of the weapon.

COUNCILMANIC COMMITTEES.
Mayor Charles Cunningham has appointed the following committees to serve for the ensuing year: Highways, P. A. Colgasuro, Peter Tell, E. L. Jackson; Finance and Printing, J. L. O'Donnell, N. P. Nottola, Edward N. White; Fire, Water and Light, Peter Tell, J. L. O'Donnell, E. L. Jackson; Law and Order, Harry P. Kottola, Peter Tell, E. L. Jackson; Property, E. L. Jackson, P. A. Colgasuro, Edward H. White; Sewerage, Edward H. White, J. L. O'Donnell, N. P. Nottola. The first named in each instance is chairman. E. L. Jackson was appointed chairman of the License Committee, which comprises all members of Council.

POULTRY SHOW A SUCCESS.
The fondest hopes of the projectors of the Ninth Annual Poultry Show were realized yesterday, when Charles Nixon, of Washington, N. J., who has a national reputation as a poultry judge, frequently doing the judging at the great show held in Madison Square Garden, today stated that this year's show was a full hundred per cent better than last year's event, and that it was the best show held in this section of the State. Mr. Nixon pronounced this judgment without hesitation and with emphasis after he had concluded his labors in judging the great number of fine exhibition birds entered. Secretary Ross, of the National Columbian Wyandotte Club, stated his belief that a fine gathering of such birds had been produced for the poultry lovers of Atlantic county and vicinity, and voiced his belief that the entire exhibition was a most creditable one. The official list of winners will be made public tomorrow.

A NARROW ESCAPE.
One of the narrowest escapes ever recorded here occurred on the Pennsylvania Railroad crossing at Pleasant street, yesterday. This is the crossing which for weeks has not been protected by even the ringing of a bell, it being out of commission until yesterday.

The grade is steep on both sides of the Pleasant street crossing. Freight cars usually obscure the view of drivers until they are upon the track. In this instance, according to spectators who became ill at the sight, a team drove upon the track before the driver became aware of the fact that an express was rushing at terrific speed on the north-bound track. Too late to back off the track, the driver hurried his horse, and just cleared the track as the engine dashed by. One of the three occupants was ready to spring from the wagon, but dared not as the wagon was in such a position that he could scarcely have reached a point of safety had he essayed the leap. It is said to have been the closest of many narrow escapes at that crossing.

PRIZE WINNERS AT POULTRY SHOW

The judges, having pronounced the birds shown at the ninth annual poultry exhibition, now being held here, the best they have ever seen at any similar exhibit in this section of the State, gave great satisfaction in their awards of merit.

In the White Wyandotte class Michael E. Boyer, of Hammonton, won fourth cockerel and fourth hen, fifth pen. William G. Hale, of Hammonton, won first hen, first cockerel, first and second pullet, first and second pen. Carl Schoene, of Sewell, N. J., won fourth pullet and fifth cockerel. Elias Cossaboon, of Hammonton, won fourth cock, fifth hen, and fourth cockerel. Charles Drake, of Hammonton, won third hen. Mrs. E. W. Batchelor, of Hammonton, won fifth cockerel. E. B. Rose, of East Stroudsburg, Pa., won first cock, second and fourth hen, third and fifth pullet, third pen.

In the Columbian Wyandotte class George C. Huhn, of Rahway, won first cock, first, second, and third hen, first pullet, second and fourth cockerel. Benton P. Gray, of Hammonton, fourth and fifth hen, first and third cockerel, second pullet, first pen.

In the Non-Winners class Miss Helen M. Nye, of Hancock, won first pen. Charles B. Miller, of Hammonton, first and second females, first cockerel. Mrs. E. Bobat, of Hammonton, third and fourth females. L. Frank, of Hopewell, Pa., fifth and sixth cockerel.

In the Buff Orpington class Otto Bothmann, of Hammonton, won first, second, third, fourth and fifth hen, first cockerel, first pullet. In the Buff Leghorn class Bothmann won first and second pullets.

In the S. C. Black Minorca class T. V. Harding, of Hammonton, won first cockerel and first pullet. Wm. Bernshouse, of Hammonton, won first, second, and third hens, and first and second cockerels in the Bantam class. George W. Anderson, of Hammonton, won first and second pullets in the S. C. White Leghorn class. Mrs. M. Redmond, of Hammonton, was first and second hens, first and second cockerels, first pullet and first pen in the Brown Leghorn class.

In the Utility classes Andrew W. Green, of Da Costa, second male bird. Carl Schoene, of Sewell, first male bird. Beall's Poultry Farm, Hammonton, third male. Benton P. Gray, of Hammonton, fourth male. Thomas Skinner, of Hammonton, fifth male. Thomas Skinner, of Hammonton, first female. Paul Delzolt, of Hammonton, second female. Beall's Poultry Farm, of Hammonton, third female. Otto Bothmann, of Hammonton, fourth female. David N. Adams, of Hammonton, fifth female.

If you have anything to put in this sale have it on the grounds Saturday morning 10 to 12. J. C. Rehmann, auctioneer.

HAMMONTON NOTES

The Hammonton Trust Company today paid a dividend of six per cent on its stock, the past two years having been the most successful in the history of that institution.

The 1921 tax duplicate is now on view at the office of Tax Collector William H. Bernshouse, and is proving an attraction to those who make a study of comparative values.

Work is progressing rapidly on a new hotel at the foot of Hammonton Lake, adjacent to the new concrete road to the shore. It will be known by the odd title of "Anch-the-Lake," and will be conducted by Mrs. Lilly Jackson, a successful hotel woman of this place.

WAR VETERAN DIES
George W. Eastman, a Civil War veteran, died here this Wednesday, of paralysis, in his seventy-eighth year. The remains were taken to Philadelphia, where they will be interred in Mount Moriah Cemetery the latter part of this week. Deceased was for many years a member of Courtland Post, No. 21, Grand Army of the Republic.

Deceased is survived by his wife, Mrs. Mary Eastman, and by four children. These are C. E. Eastman and Mrs. B. E. Nason, of Hammonton; Mrs. May McCausland, of Lansdowne, Pa., and Mrs. S. Longwell, of Philadelphia.

BURGAN RESIGNS
John A. Burgen, for many years secretary of the Atlantic County Board of Water Commissioners, has resigned his office as a Water Commissioner, as he purposes moving from here in the near future.

Letters uncalled for at Hammonton Post Office are: Rev. W. K. McKinney, Andover; Fausti, Elvira D' Alessi; Salviatore.

NEW COUNCIL ORGANIZED.
The new Council organized here at high noon on New Year's Day. Prior to the election of town officers Mayor Charles Cunningham, who has earned the sobriquet "Teddy," delivered an address that hit at many an individual, organization and former official. He told of padded pay rolls that had existed, of money collected without proper authority, of the giving away of town property. He stated that all these evils had been eliminated, and that gambling had been stopped.

Assemblyman Joseph Corio, of Atlantic City, was elected Solicitor; J. C. Remington, Jr., of Haddonfield, as Town Engineer; Anton Piez and Edward N. O'Donnell as Water Commissioners; William J. Smith as Sinking Fund Commissioner; Albert L. Jackson as Fire Chief; Hans M. Phillips as Assistant Fire Chief; Samuel Heppard as Custodian of the City Hall. Mrs. Maybelle A. Cunningham, wife of the Mayor, was elected for a five-year term as Overseer of the Poor, her administration of that office during the past year being highly commended.

BLACKS DEPARTMENT STORE

Eenie, Meenie, Minie, Mo

When the children start a game, they "count out" to see who shall be "it." It's merely a process of elimination for making a choice.

When you buy goods through a mail order catalog you do much the same thing. There are often several items of the same class grouped on a page. You don't want this one because of such and such a feature. You reject that one because it lacks so-and-so. And when you have inspected all the pictures and read all the descriptions and eliminated those with objectionable features you finally take what's left.

If you could have seen the articles themselves, you might have found that one of the others would have suited your needs better. That's why it pays to trade where you can see before you buy.

Studebaker
LIGHT-SIX

We are ready now to make delivery of the **NEW LIGHT-SIX SEDAN**

BECAUSE of 68 years' experience in coach building Studebaker knows, probably better than any other manufacturer of motor cars, that true grace, beauty and comfort in a closed car come from the perfect suspension of body on chassis and the harmonious blending of all curves and lines into a symmetrical whole.

Such quality as you find in the **NEW LIGHT-SIX SEDAN**—such stability of design and refinement of appearance—is pos-

sible only because of Studebaker's great resources and manufacturing experience and the fact that this car is designed and built complete by Studebaker in the newest and most modern automobile factory in the world.

In its quietness of power and freedom from vibration, this **NEW LIGHT-SIX SEDAN** sets new standards in closed car comfort. Distracting noises and disconcerting body vibrations have been eliminated.

Let us show you this beautiful Sedan—**Studebaker**—and you will experience a new feeling of motoring comfort.

Your Property Improved

It is sometimes difficult to visualize the big improvement that electricity makes in a house. No matter how up to date otherwise, your house, barn or other buildings may be, they will be bettered by a wiring installation.

Till you use electricity you will never appreciate fully its many benefits.

Electricity for Utility

Electricity means added convenience, added comfort, added economy and added utility. It means an added market value to your property. It means a more modern farm that will be a more profitable business for the owner.

We will be glad to give you further information as to methods, costs, etc., without charge or obligation.

A nation-wide Authorized Buick Service guarantees initial Buick dependability.

Effective January 1, regular equipment on all models will include cord tires

HAMMONTON AUTO STATION

EQUALITY

American women recently enjoyed, for the first time, the privilege of voting on a national scale. The dream that has inspired womanhood through the ages has been fulfilled.

The Grange conferred this equality upon woman half a century ago. It was the first great national body to grant women the same rights and responsibilities as men. Much of its success has been due to the heed it has given to the deep sympathies, the clear understanding and the instinctive justice of women.

In granting this equality the Grange holds to its purpose of fostering home life. It always has considered a satisfactory and wholesome home life the basis of all sound citizenship. It realizes the great part woman plays in the making of such home life, and gives her a wider opportunity to display her talents.

The faith and vision that have marked the Grange through the years are undimmed. It offers to farm men and women alike a splendid field for service and improvement.

Let us add, THE COUNTRY GENTLEMAN also stands for the fullest and finest development of farm life. It seeks to inspire and help by stories of success. It is not alone a magazine of the business of farming and home building, but one of entertainment also. The whole family will enjoy its clean fiction, its cheery "Brighten the Corner" page, its clever jokes and cartoons. A year's subscription—52 issues—is a splendid value for \$1.00. Let our secretary mail your order today.

Roland Haggerty, Secretary
Bargaintown, New Jersey.

Dear Secretary: I'm glad to see the Grange being pushed with good advertising. And here's my dollar for THE COUNTRY GENTLEMAN for a year—52 weekly issues. Please forward my order to the Publishers at Independence Square, Philadelphia, Pa.

(Town) _____ (State) _____

MAYOR CUNNINGHAM'S ADDRESS

Address of Mayor Charles Cunningham, delivered at the organization of Council, Saturday, January 1, 1921, at noon:

TO THE CITIZENS OF HAMMONTON:

"Last year, with four new members in Council, we believed we could accomplish for the town of Hammonton almost the impossible. We had in mind a public building, a different form of government or a sweeping change in the methods by which our obsolete town government was being conducted; a police department and a general housecleaning. We found we had a big contract to fulfill. We established a police department, we conducted a losing fight with the State Highway Department over the Dam outrage. Auto traffic was regulated, and, notwithstanding the opposition of some of our citizens and organizations, a successful campaign was made against gambling and other vices.

"There are now before us, or are in the making, ordinances governing the jitney traffic, one organizing a Shade Tree Commission, one authorizing sewer extensions, and another creating a mercantile tax. The money collected by this tax will be a substitute for the money lost to the town by the abolition of saloon licenses.

"We laid aside the proposal to build a municipal building when the Board of Education issued its budget showing a jump from \$31,000 to \$66,000. We believed at the time that lack of judgment and fairness to other public expenditures was shown by the Board.

"The different committees have acted in perfect accord with the Mayor. The park has been improved, a bathing beach having been made and the Park Mall put in good repair. Here we wish to thank the members of Frederick A. Funston Post, American Legion, as it was their matching dollar for dollar with the town that the hall was improved.

"The Finance Committee has done very good work in enacting the role of 'watch-dog of the treasury.'

"The Sewer Committee has had little to do, as the sewer plant, under the management of the present superintendent, has run smoothly. One extension has been made and two others are now being carried on.

"The Fire, Water and Light Committee has been busy with difficult problems which have been successfully met. No extensions of the lighting have been made and only minor extensions of the water mains.

"We are now facing another proposed increase in gas rates and the first instructions of the new Fire, Water and Light Committee will be to look into the lighting and heating problem, anticipating public ownership.

"The water rates had of necessity to be increased, but we are assured by the Water Commissioners that this increase is only temporary, as the installation of a new combustion plant will save several thousand dollars in water production annually to the taxpayers.

"The brains of the Police Department has been furnished by a man not on the payroll. We refer to the chairman of the Law and Order Committee. He is a tailor, by the way, and has had to direct the conduct of the force, and has sewn up the mouths of certain individuals and local newspapers that have seen fit to knock rather than to assist the force; he has ironed out the wrinkles and natched up the petty differences of the force. He has measured up to the standards set by your Mayor as a Chief of Police.

"The Overseer of Roads has for the last ten months been vested with the chairman of the Highway Committee. He has shown you how to build roads. He has demonstrated that results can be produced even with inadequate equipment and an entirely too small appropriation.

"The Poor Department has been raised to a high point of efficiency through the installation of a system of bookkeeping, weeding out the imposters and carrying out the plan of helping those who help themselves.

"By a new system of tabulation and keeping of accounts the office of Collector and Treasurer is now being conducted understandingly.

"We are unduly able to state that your town affairs are being carried on honestly.

"When we assumed office we learned that a town official had given outright to a certain road contractor one hundred and twenty-five dollars worth of town property. This has been restored to the town. We found that another official was collecting about six hundred dollars annually of the town's funds without authorization; while another official was making up false payrolls which were paid without question by a former Council. As we said before graft is a thing of the past as concerns the town government. We have not had the support of the local press, both papers seemingly taking pleasure in publishing derogatory statements concerning the town government which they could not substantiate with evidence. Yet the local press has received nearly \$400 from the town for printing.

"When the citizens, by their vote, and the Mayor was not worth \$300 per year and the Councilmen not worth \$200 you placed a stamp of inefficiency upon your governing body.

"Let us show you what your 'Inefficient Council' has saved you:

"Twelve hundred dollars a year by making the chairman of the Law and Order Committee the Chief of Police; \$382 a year by making the chairman of the Highway Committee the Overseer of Roads for ten months; \$600 an road building done by private citizens; \$200 in the Board of Health by the Inspector working without pay; \$400 in the poor department; \$400 in the Treasurer's office; making in all a saving over provincial Councils of at least \$4130, and yet Council in not worth over \$632 to you.

"In conclusion the Mayor wishes to thank you who have stood by our efforts at making good government, and he also wishes to extend his regards to those citizens who have seen fit to play the part of local Bohemians."

(Note article on front page relating to the above address. Editor.)

Girls Wanted!

We need 15 girls at once who have had experience on sewing machines, those that have worked on shirts or dresses preferred, to work on Children's Dresses.

One girl wanted for button-hole machine, also button sewer.

Three pressers wanted. Apply to

DORT

Quality Goes Clear Through

Built Solidly to "Stand Up"

As you know the Dort has won a national name for its "stay put" qualities.

Observe especially the stalwart frame, the massive side members, the solid construction.

This over-size frame is particularly valuable in a light car such as the Dort because it keeps the car rigid under continuous road pounding.

Everywhere throughout the Dort structure where there is a working strain you find this over-size and over-strength.

Now you know why the Dort goes to the repair shop with such extraordinary infrequency.

It's built to "stay put" as veterans of the road phrase it.

And, observe please, how accessible it is.

Accessibility has always been a pronounced characteristic of the Dort.

Whenever your Dort does need a little "tuning up" or an adjustment here or there you don't have to disassemble the car.

One of the foremost thoughts of Dort engineers was to build the car so its owners could give it the ordinary service attention easily and inexpensively.

We are receiving requests daily for demonstration drives and we would like very much to arrange one for you.
