THE MODERN FUNERAL

It is a notable fact in the history of all social progress that customs change slowly; that much persuasion and much teaching are necessary before reforms clearly for the benefit of all are accepted. Habit, is psychological and physical. Whatever has become habit is easier than anything new.

The undertaking profession may be considered as just beginning. The service which it renders is a protection to the community, and, once known, commends itself. But many do not know its value.

"The problem of the American funeral director," says Dr. Oscar Dowling, President of the Louisiana State Board of Health, "is the one which all pioneers have met from time immemorial. He must show cause for his enterprise in such terms as will convince those who are open-minded to change, and those also who are wedded to the customs of the past. The best way to do this is to give good service. The advantages to be derived, the comfort and satisfaction which result, the protection afforded, cannot be overestimated."

THE UNIVERSAL CAR

A Truck for City, Farm and Interurban Deliveries

Wherever the Ford Truck has been used—on the farm, in the city, its sure, economical service and simplicity have made it a success. So that today it is a necessity for the wholesaler, the retailer, the farmer. It offers efficient and economic hauling for every business. Demountable Rims and Pneumatic Tires.

In the few years it has been on the market, the Ford One-Ton Truck has mounted rapidly to popularity. During the past year, more than one-third of the total number of trucks sold in the United States, were Ford One-Ton Trucks. It is a record of achievement made entirely on demonstrated merit.

The Ford One-Ton Truck costs less to buy than any other truck; it costs less to operate and less to maintain. Added to this, is the Ford service organization; spare parts and Ford mechanics. The Ford Truck cuts delivery costs. Because of increasing demand, orders should be placed without delay. We will give you prompt attention. If you have any doubts on the subject drop in to any of the undersigned Authorized Ford Dealers and get further facts.

A NEW HALL?

Reports are current that Hammon soon will have a notable addition to the buildings in its business section, in the vicinity of the post office. It is said that the new structure may contain a large hall for entertainment purposes, in addition to being used for ordinary commercial purposes.

HARRINGTONS WINS HONORS

James Harrington, the well-known poultry raiser, of this place, who landed big honors at the Trenton Fair and captured over a score of prizes at the ninth annual poultry show at this place, has been awarded an even dozen prizes by the Middle Philadelphia Poultry Show. Among the awards was a handsome silver cup for the best display of Columbian Plymouth Rocks.

ANNUAL AUDIT

Louis Fessler, of the firm of Fessler & Roberts, expert accountants, has been at work on Hammon's municipal accounts for some time past. This firm made a very satisfactory showing on a previous audit.

A TOWN HALL?

An effort is now under way to build a "Town Hall" at this place, a building adapted to the needs of a convention and designed primarily for the holding of entertainments, basketball games and town meetings.

William J. Berman, Scout master of the local troop of Boy Scouts, is pushing the project, and the members of the troop are assisting in the movement. The plan is to have a number of business men form a legal corporation, the Boy Scouts to sell the stock and work begin on the new building in the very near future.

In 1918, the Board of Education was instructed to print the annual report as usual. Taxpayers are now faced with the fact that when the demands upon their pocket books were far more modest than now, that an annual report was furnished each year, to practically all the taxpayers resident here, while now with a heavy tax rate, and expenses mounting to several hundred thousands of dollars during the past year not a printed list has been furnished those paying the bills. An effort will be made to interest the Legislature in such matters, so that where school officials fail to furnish taxpayers printed or published reports of their own volition that they be compelled to do so, as is the clerk of a municipality.

"FOR THE GOOD OF HAMMON"

This, the initial chapter of seven, dealing with various phases of Hammon life, official and otherwise, is in the nature of a foreword.

By the time we have concluded the series of articles we expect to PROVE our contention that Hammon is suffering from a number of ills, but that all or substantially all, are capable of cure by application of the proper remedies, and that the time to apply the remedy is NOW, or the immediate future.

We will show that unless certain steps are taken, and taken quickly, the situation will become far more serious. One reason for this is the entrance of women into the field of office-holding. Not that women are worse than men, but because of the fact that it will be far more difficult for men to speak out—newspapermen particularly—when a situation involves both men and women, the former being under a cloud of suspicion, the latter acting as shields.

We expect to PROVE that the big gathering at the annual school election was justified, in part. We expect to PROVE that the stand taken by the editor of the "Star," as a taxpayer, was justified.

We expect to PROVE that when the Board of Education spends nearly a half million dollars in four years, and does not furnish the taxpayers with a comprehensive printed report, that it has but itself to blame if an army of voters arises in protest and if Council reports to a minimum of publicity, the same holds good.

Just note this—even Egg Harbor City appropriates 400 per cent. more per capita for advertising and printing than Hammon. There is a reason why Hammonites are deprived of proper notice of legislation pending and enacted, and how their money is spent, and we hope to make the matter clear before we are through with this subject.

When taxes are increased to unbearable limits, every official should be glad, for the sake of his own reputation, to give to the taxpayers a full account of the expenditures. Not suppose the same has been done for some years past by certain officials.
(To Be Continued.)

WELCOME, BROTHER ROOK

Installation services of the Rev. Edward A. Rook, formerly of Folsom, Pa., will be held tonight in the Hammon Baptist Church, to which the Rev. Rook has been called. An elaborate program has been arranged, the pastors of five churches taking part. The opening address will be delivered by Fred, N. C. Cross, Supervising Principal of the Hammon Public Schools. The installation sermon will be preached by the Rev. H. B. James, of the Baptist Tabernacle Society, Philadelphia. The charge to the congregation will be delivered by the Rev. W. E. Needham, of Trinity Baptist Church, Philadelphia, while the charge to the new pastor will be made by the Rev. Thomas J. Cross, of the Chelsea Baptist Church, Atlantic City. Addresses of welcome will be made by the Rev. W. J. Casworth, of Moorestown Baptist Church, a former pastor here, and by the Revs. Charles Ogden Mudge and the Pennington Corson, respectively pastors of the First Presbyterian Church and the First M. E. Church, of this place.

A BIG SUCCESS

A crowded house marked the benefit of F. A. Fauson Post, American Legion, of this place. The Eagle Theatre hundreds of thousands of loaded shells still on the reservation, and this fact alone means that the arsenal will be continued in service for an indefinite period. An officer of the Ordnance Department, from Washington, recently inspected the plant, but nothing of an official nature has been learned as to the definite decision in the matter.

FOR THE GOOD OF HAMMON

The "Star" will publish seven articles under the above heading. Years ago the editor of the "Star" undertook to better conditions here, succeeded in a fair degree, but was a ruined man—financially—because of his manly, conscientious stand. In the 14 years that have elapsed he has laid his little wife in the grave, raised his family with the help of God, and today feels himself the equal of almost any man in the community. But the paper he once regarded as his almost greatest treasure has never recovered the position it once held, and probably never will.

But the editor has lived up to his motto: "Sink or Swim, Live or Die, the 'Star' shall voice the honest sentiments of the present editor."

Today we are facing a condition that calls for plain speaking. To speak out may mean the demise of this paper, perhaps, who knows, of the editor.

But, God willing, speak out we will, and may God bless our effort "For the Good of Hammon."

We purpose showing some of the evils that have existed, some of the dangers of the future. We will show WHY both Council and the Board of Education—trustees of the people's money—the payment of which often works hardships—should render full, complete reports to the taxpayers. These and other vital matters will be discussed.
THOS. B. DELKER.

IT'S JUST AND PROPER
We trust that steps will be taken
to issue a financial report by the
Board of Education. Taxpayers have
had no printed report for several
years. It is due them to have the
same. Continued failure to issue a
report of expenditures leaves an open-
ing for error in the future. Let the
public know how their money is spent.

WILL PROSECUTE OFFENDERS
Councilman Harry P. Mottola, chair-
man of the Law and Order Commit-
tee of Council, has been given full
power to act to bring to a halt a great
array of false rumors which have been
circulating through this place lately.
The particular story that brought the
matter to a head was a report that
a small child had been kidnapped and
that likely another Billy Dancy crime
had been perpetrated. All that was
back of the story was the failure of
a small child to return home from
school promptly, it having stopped for
several hours at the home of another
member of the family.

TEKE BALLARD DIES
Funeral services will be held here
on Sunday afternoon at 1:30 p.m. at
St. John's, Bellevue avenue, at 2 o'clock,
over the remains of Teke C. Ballard,
a brother of former Councilman Dan-
iel M. Ballard. The deceased, who
was well known both here and in At-
lantic City, died in the Atlantic City
Hospital on Wednesday, he having
gone there for treatment on Saturday
last. Death was caused by bronchial
pneumonia.

TO UNIFY CONGREGATIONS
The Rev. J. N. McDowell, pastor of
the Presbyterian Church at Elwood,
six miles from this place, has taken
the initiative in the plan to unify
church congregations in rural com-
munities. Pastor McDowell has ex-
tended a warm invitation to the con-
gregation of the Brainerd M. E. Church,
of that place, to worship in
his church, and if the arrangement
proves satisfactory to make that
church the sole place of worship for
all.

INCREASE FORCE AT AMATOL
Three score workers have been ad-
ded to the salvage force at Amatol Ar-
senal, the largest in the U. S. A., dur-
ing the past week. These men, with
the regular force of workmen, are en-
gaged, primarily, in tearing down
numerous steel buildings, in the shell
loading area, and sending them to
other arsenals throughout the country.
Some are going to Georgia, others as
far west as California. An expert
states that these structures are in
perfect condition, and barring acci-
dents, should arrive at their destina-
tion in almost as good condition as
new material.

Hammoncton Lodge, 357, Loyal Ord-
er of Moose, will furnish its new
band, which has been practicing for
the past three months, to provide
music at the big vaudeville show to be
given here on Wednesday evening,
February 18, by Frederick A. Funston
Post, 156, American Legion.

TO PROTECT FIRE PLUGS
"No parking" signs, of a peculiar
design, have been ordered placed on a
number of fire plugs, Council having
decided that it was better to take time
by the forelock, instead of waiting
until an accident occurred as a result
of the parking of cars and other ve-
hicles, in front of fire hydrants. Coun-
cil is also investigating the cost of
placing sirens on the various pieces of
motor driven fire apparatus.

"THE HEIRESS HUNTERS"
After two postponements, due to
the prevalence of many cases of scar-
let fever, the High School students' play, "The Heiress Hunters," will be
given here on Friday and Saturday
evenings, February 25 and 26. The
scarlet fever epidemic is now a thing
of the past, and those taking part in
the production are better perfect in
their parts, and hundreds of parents
and friends of the High School lads
and lassies anticipate the best produc-
tion ever witnessed here.

WHY NO REPORT?
At the recent annual school meeting
of the school district of Hammoncton
attention was drawn to the fact that
the Board of Education had issued no
school report for the past three years.

"GET-TOGETHER" DINNER
Plans are progressing nicely for the
"Get-Together Dinner" of the Ham-
moncton Chamber of Commerce, to be
given in Oil Fellows Hall, this place,
on the evening of March 4. Former
Mayor Theodore W. Schilling, of
Ventnor City, an ever popular favor-
ite with Hammoncton audiences, will be
the main speaker of the occasion. A
number of fine musical selections are
being arranged for, which, with the
dinner and talks by other speakers,
will make up a splendid three hours
program. Arrangements are in charge
of the Entertainment and Publicity
Committees of the Chamber of Com-
merce, O. C. Rodgers and Thomas B.
Dekker, the respective chairmen, of
which invite any suggestions for this
"get-together" occasion. Brother Rod-
gers is working hard to make the oc-
casion a success.

VICTORY MEDALS
A field clerk arrived here on Wed-
nesday to arrange for the securing of
Victory Medals for former service
men who have not yet acquired these
tokens. Many of the returned soldier
boys have paid no attention to these
medals, some feeling that if the Gov-
ernment is so inappreciative of their
services as to hem and how over a
moderate bonus that it may as well
keep the medals. Some of the men
talk in no uncertain tone of the lack
of appreciation shown by not only the
Government, but those voters who cast
their ballots against the extremely
modest sum to be paid by the State.
Scores of ballots were cast here
against the State bonus, although as
a whole it had a good majority.

SPECIAL NOTICE!

To ride upon the fire apparatus unless a duly accredited member of either of the fire companies is against the rules of the Fire Department. Persons guilty of this offense will be prosecuted for trespass, and if offering any opposition when detected will have a second charge, disorderly conduct, made against them.

HARRY P. MOTTOLA,
Chairman Law and Order Committee.

WARNING!

Notice is hereby given that the Town authorities purpose bringing to a close the reckless methods frequently employed by persons when the fire apparatus is responding to an alarm.

The fire apparatus has THE Right of Way. All Court decisions are unanimous upon that point, and if in the future drivers of vehicles of any kind persist in running in front of, or alongside the fire apparatus, or immediately in its rear, they will be prosecuted to the full extent of the law.

Persons will be specially designated to identify offenders in the future, and they will be arrested and prosecuted after the return of the firemen from their duties.

HARRY P. MOTTOLA,
Chairman of Law and Order Committee.

IMPORTANT NOTICE!

NOTICE is hereby given that every measure permitted by the law will be called into requisition to punish persons who are guilty of circulating false reports of crimes alleged to have been committed in this community. Many of the stories investigated have been found to be manufactured from the whole cloth, while others have had so little basis that good citizens would surely not pass them round as facts upon the slight information they might have possessed. Such stories prevent the authorities from devoting a maximum of effort to the detection of genuine crimes, and the prompt and proper punishment of culprits, as valuable time is lost by officials, as well as a poor morale established through the retailing of false and misleading information. By order of Council.

Chairman of Law and Order Committee.

Big Dramatic Event Coming to Philadelphia's New Walnut Theatre,

Starting Monday, February 21,

Guy Bates Post and his excellent company are this season appearing in "The Masquerader," one of the few really worth while plays of the decade. The unusual company—the original New York one by the way—with its wealth of scenery, electrical effects and novel revolving stages.

This well known representative actor has never had a better vehicle than this. His manager, Mr. Richard Walton Tully has gone to absolute extremes in providing a production both ponderous and unique. Two crews of mechanics are carried by the company to insure proper stage effects. The management of the Walnut, Philadelphia's newest theatre, is giving special attention to out-of-town patrons in order that automobile and excursion parties may have seats reserved with as much care as though the purchaser were at the ticket office window.

Mr. Post has played "The Masquerader" in Australia and Europe, where he scored one of the greatest hits ever made by an American actor.

The story is of two men, John Chilcote and of John Loder. The first is a man born to wealth, society and political leadership. Unfortunately drugs have secured a hold on him, and when the craving comes he is in the under the need for caring for his many important interests.

While Chilcote is in one of these recent moods he encounters John Loder. Loder is, in every respect his double, except that he has a noticeable scar on Chilcote, in a frenzy of morbid, nerves

but Loder and proposes that they exchange places. Loder refuses. Chilcote collapses and his man Brock blends with Loder to represent him as the speaker on an important issue in parliament that night. Lured by the opportunity Loder consents and is carried away by the cause for which he pleads scores a national sensation.

one of his fingers. Loder is a man well read, well traveled and ambitious to take a place among the leaders of his race.

Save a Life! RELIEF CERTIFICATES SOLD BY H. C. Driscoll

American Committee for
CHINA FAMINE FUND
FROM PRESIDENT WILSON'S PROCLAMATION:

A famine, alarming in its proportions, today holds in its grip several important provinces in China. The crop failure is complete, and the present distress, which is great, is likely, before winter has run its course, to become appalling. In fact our diplomatic and consular agencies in China inform me that the loss resulting from death in distressing form may run into millions of souls. It is certain that the local government and established agencies of relief are unable to cope with the magnitude of the disaster which faces them. * * * Therefore not only in the name of humanity but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help.

HEADQUARTERS:
BIBLE HOUSE, NEW YORK CITY
THE FAMINE IN CHINA

AREA—The five northern provinces, Chili, Shensi, Shansi, Honan and Shantung, are all affected. The actual famine zone covers 100,000 square miles with a population of 45,000,000 Chinese, cause nearly one and one-half years of continuous drought, during which the normal rainfall has decreased from 25 inches a year to less than 3 inches. NUMBERS—45,000,000 Chinese are directly affected; 10,000,000 are facing immediate starvation and 10,000 are already dying.

WHAT IT MEANS TO CHINA—The famine, unless halted by American relief, means the break-up of civilization in North China; in fact the complete collapse of a vast region commercially, economically and morally, which is certain to persist for a generation to come.

WHAT IT MEANS TO AMERICA—An opportunity to help a friendly nation in distress, to strengthen existing ties, to expand our trade and to have the consciousness that we have saved the lives of 16,000,000 human beings who would have died without our help.

THE NEED—To feed, and save lives:
3c. will save one life one day
\$1 will save one life one month
\$5 will save one family one month

HOW TO GIVE—If the American Committee for China Fund has no representative in your community, give your contribution to your bank, your church or send it to Vernon Munroe, Treasurer China Famine Fund, Bible House, New York City.

HOW FUNDS ARE DISTRIBUTED—All funds collected by the American Committee are transmitted to the International Famine Relief Committee at Peking. This committee acts as a clearing house for the five regional committees in the famine area; the Peking Committee (including the Red Cross), the Hankow, Tientsin, Honan, and Shantung Committees, all of which are represented on the International Famine Relief Committee, and whose members are working among the famine victims.

WHY GIVE?—China is in the grip of the worst calamity in history. She turns to us as her oldest and richest friend, whom she has learned to trust. We cannot ignore her call and let these helpless people die without an effort to save them.

Pleas for Europe's
Helpless Children

"They are no more my children than yours," is Herbert Hoover's homely yet eloquent plea for 1,500,000 European children who face incredible tragedy this winter unless America comes to their rescue. The funds by which American aid has been feeding millions have run out, and that the work may not stop and thus precipitate what would amount to "a massacre of the innocents" seven other great American relief organizations have united with Mr. Hoover's organization under the name of the European Relief Council in a joint appeal for funds. The collaborating agencies are the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

LAUNCH VAST EFFORT FOR EUROPE'S YOUNG

Eight American Relief Agencies
Combine to Save 3,500,000
Children Death Menace

Eight great relief organizations, working among and for every race and creed, have united under the name of the European Relief Council to coordinate child relief in Europe this winter. The Council will seek to provide funds for 3,500,000 starving and diseased children in Eastern and Central Europe and to administer this relief economically.

It consists of Herbert Hoover, chairman, and Franklin K. Lane, treasurer; Edgar Rickard, representing the American Relief Administration; Dr. Livingston Farrand, representing the American Red Cross; Felix Warburg, representing the Jewish Joint Distribution Committee; Wilbur K. Thomas, representing the American Friends Service Committee (Quakers); James A. Flaherty, representing the Knights of Columbus; Dr. C. V. Hubbard, representing the Young Men's Christian Association; Miss Sarah E. Lyon, representing the Young Women's Christian Association; Dr. Arthur Brown, representing the Federal Council of Churches of Christ in America.

It is the purpose of the Council to raise \$25,000,000, in an appeal centering at the Christmas holidays, to the end that the desperate situation regarding child life may be met. In every town and community of the nation, it is planned, local committees, representing all the co-operating agencies will be formed to secure the vitally necessary funds. Of the amount sought, \$25,000,000 will be used for basic food and \$10,000,000 for medical service.

For every one of these American dollars the local governments and communities aided will furnish two dollars, in the form of transportation, labor, guards, clerical help, cash contributions and such food supplies as are locally obtainable. No children receive the free food except after medical tests showing them to be seriously undernourished. The remaining \$15,000,000 of the fund is just as urgently needed for medical service to the children.

The European Relief Council will do much more than effect economies in the raising of the child saving fund. It will, with the inspecting forces of eight great agencies, keep a constant eye on the administration of America's merciful gift, in order that there shall be no wastage and no tendency toward pampering.

"This is the largest co-operative benevolent organization ever attempted in the United States," Mr. Hoover says. "The organizations represented have come to the unanimous, though independently formed conclusion, that nothing but prompt and united action by the whole American people can avert incredible tragedy for the helpless children involved. The organizations forming the Council will organize their representatives in every town and community of the nation for the raising of the necessary funds."
