THE MODERN FUNERAL

In matters of sympathy and condolence there can be suggested no forms of expression, nor can we invent any code of laws. These are emotions of the heart prompted by what we see at the time, and no tongue or pen need suggest to us how to express our feelings for another's woe. A human heart that feels not the affliction of others is unworthy of a place in the ranks of the undertaking profession, and the heart that truly feels knows best how to impart sympathy and help lift them from an abyss of hopeless grief into the sunshine of hope and life. No true funeral director can ever be brought to consider his duties so much matters of business as to forget the suffering by which he is surrounded, and the kindness, patience, indulgence and gentleness he owes to affliction even above the claims of duty. Sympathetic bearing and unwearying patience are requisites we must never for a moment forget.

Fordson

"The Fordson at Work"

A mighty valuable booklet just issued by the Ford Motor Company. It is yours for the asking. Drop in and get one or drop a card or letter and we will mail you a copy free.

This book is not what the Ford Motor Company has to say about the Fordson Tractor, but what the tens of thousands of users have to say. Get the book! It is yours for the asking. Keep in mind the fact that behind every Fordson Tractor are all the resources of the great Ford Motor Company; likewise that reliable "Ford After-Service" which assures the keeping of the Tractor in working order every day in the year. Remember also that the Fordson Tractor, like the Ford car, is simplicity itself in design and construction; easy to understand and easy to operate. Come in and let us tell you more about it. It is more important to the farmer today than anything else.

The Age of Machine Power on the Farm is no longer a matter of speculation; it is here—an established fact. It is the latest advanced step civilization has taken. It comes to the farmer with the full promise to lift the great burden of drudgery and wearisome, wearing-out toil from the muscles of man and carrying them with much more profit by power of machinery, with the result that larger production, more comfort and greater wealth will come to the farm homes wherever the Fordson is employed. COME IN AND TALK IT OVER.

A SHADE TREE COMMISSION.
The Finance Committee of Council has been instructed by Council to prepare an ordinance for the appointment of a Shade Tree Commission. In view of the delay experienced in getting the Town Solicitor, Joseph Gorio, of Atlantic City, to prepare the necessary documents, Council has authorized the Finance Committee to employ another attorney to prepare the Shade Tree Commission ordinance, if the committee finds it advisable to do so. The Commission has been called of for years past, but, until the present Council took hold of the matter it never passed the talking point.

A NARROW ESCAPE.
One of the narrowest escapes from death recorded in this section, which has witnessed so many crossing fatalities, is reported from Elwood, six miles from here, Joseph Megray, and his wife, Philippa, being the near victims. The latter is in a Camden Hospital, but the former escaped without injury.

Megray was returning to his home near Elwood, driving a ton-truck loaded with feed, when his motor stalled on the Pennsylvania Railroad tracks. Endeavoring to get the motor running, Megray evidently did not notice an approaching flyer until it was close at hand. Violently pushing his wife out of the seat she occupied alongside of him, Megray jumped from the truck, then dragged his wife to a point of safety, and started to run down the track to warn the engineer of the oncoming flyer. The engine struck the truck, smashing it to kindling. Megray found his wife unconscious, and she was placed upon the train, which had stopped and rushed to Camden for medical aid. Presumably she is suffering from shock and the fall from the truck.

ANOTHER POLLING PLACE.
The Atlantic County Board of Elections has taken up with Council the probable redistricting of the town as regards polling districts, made necessary since the adoption of the Nineteenth amendment. Although the number of registered voters has increased from a little over eleven hundred to over twenty-three hundred, yet, because of the fact that fully 800 voters had to exercise the right of suffrage at the late election, only one of the four polling-places had a record of over 400 votes cast, the maximum number allowed in a district. This polling district, the second precinct, will be divided, and Town Clerk W. R. Seely has been authorized to take such steps as are necessary to carry out this purpose.

HAMMON NOTES.
The Woman's Civic Club, of Hammon, has voted to keep its library open to the public on Saturday nights. The members of the Hammon Baptist Church will observe Good Friday by holding the weekly Thursday night prayer meeting on Friday night next.

Hammon Council has awarded to Eugene V. Coggy the contract for designating official numbers for the houses, and other properties, within a large area of the town proper.

Hammon Council has passed on first reading an ordinance extending the sewer system southward Washington street.

Albert J. Jackson, Hammon's new Fire Chief, has officially reported to Council that the fire department attended three fires during February, one being at Elwood, six miles from here.

Council has decided that it will not sell at the present time a tract of land adjacent to the Eleventh street gravel plant, a purpose that body had in mind, until after the present crop harvests his crop of berries this year.

The Hammon Chamber of Commerce will issue a roster for the use of town officials and those who delight in hosting their home town in hosting their home town.

Hammon will have a new laundry, commencing this week, one of a number of efforts to compete with a hard-working son of China, who has away here for many years, despite every unsuccessful effort to maintain an American laundry here.

FOUND MISSING LAD.
Harry P. Mottola, acting Chief of Police at this place, Monday night received notice to keep a sharp lookout for a missing lad from Braddock, Adolph Pruder, aged ten years, who had been missing since four o'clock in the afternoon, not having returned home from school. Local patrolmen were notified to watch for the missing lad.

The woods and heavy timber in the vicinity of Cedar Brook, Braddock and Blue Anchor were scoured by the anxious parents and scores of neighbors until midnight. Phone calls were sent in all directions to locate the child, but without success. At midnight a phone call from Windsor, five miles from the lad's home stated that a child answering his description had been seen in that vicinity. Searchers found the child, placed him on a freight train, which was met at Cedar Brook by Miss Margaret Dupuis, the child's school teacher, who identified him and hurried him home to his rejoicing parents.

The boy had received a dollar and started out to see the world, was the explanation given for the affair.

The Roman Catholic Church Built Over the Grotto of the Nativity in Bethlehem

The Two Festivals of the Christian World

Easter, like Christmas, is a season of great rejoicing throughout the Church. From George J. Catlin in the Northwest News. The two seasons are the chief feasts of the usage of Christian peoples, since one celebrates the nativity and the other the resurrection of Jesus Christ from death and the grave.

The early Christian records are fragmentary and imperfect; it is impossible to determine what the celebration of Easter began to take the form which we now have. It was known as Holy week, during which there were general abstinence from meat and fasting.

were mostly converts from Judaism and these Christians continued the observance of the principal feasts and

THE EASTER PARADE
—
We're smiling once more at the Easter
parade,
The charming young things in fresh cre-
times arrayed!
Pert bonnets and tresses

There's Millicent, Mabel and dainty Maria,
Is changeable silk, just as chic as can be,
In corals and pearls
This trio of girls
Remind you of Kerlads fresh from the sea!
There's the daughter of Erin, the merry Kathleen,
Bewitching in tunic of soft crepe de chine,
Her corsage bouquet
Is of lilies today,
Her veil and her stockings of emerald green!
Flora's hat is of roses and sweet myrrors

Flora's hat is of roses and sweet mignonette.

But Betty's new bonnet—
"Oh how could she do it?"
Just a rim, and crown covered
with jet.

True there is the cheap imitation, too—
For along with the gold is the tinai displayed!

For along with the gold is the tinai displayed!
The skin always sweats,
When tucked once more in the Easter
parade!

A THOUGHT FOR EASTER

had always sung in the

At Easter time, especially, how she had thrilled with pride as she had seen him, one of the first and youngest in the procession, slating as though his little throat would burst with the words of the hymn.

But she must go. She would hear the Bible lessons, and the prayers and hymns would give her comfort. But she would leave before the offering, when the boys at Easter always sang so wonderfully and so gloriously. The minister—he was a very human-to-be understood.

The first hymn had been sung. The boys had marched in, "Welcome, Hallelujahs, to the Age Shall Sing," they had sung.

But yes—Easter morning was a happy morning—to meet.

She had time to think, and even as she prayed her lovely thoughts came in and interrupted.

At Easter the creed was sung and

not sold, and because it was always
clandestinely sung at this time the con-
gregation listened.

The choir sang it through. "And I
look for the Resurrection of the dead:

And then a voice repeated the last line of all—the clear, lovely voice of

an ordinary boy separate? Wasn't it enough her own boy were telling her this?

The boy's voice rose higher and higher. "And the life of the world to come."

Her boy's life had been cut off—but there was the life of the world to come!

Italy's Easter Flower.

The rose, queen of all the flowers, is dedicated in Italy to the glorious service of Easter day, whilst in Germany, the penny rose is sacred to this occasion, and also to Whitsunday. This flower was regarded by the Turks as having a divine origin and was crued from the moon. It was credited with wonderful curative powers and was supposed to ward off evil spirits when planted near a house.

45 YEARS AGO
Hammontonians are viewing with such interest an old program which has been brought to light by a local resident, in which young people then, but some of whom are now the oldest residents of this place took part. The program covers a cantata given on April 12, 1876, Centennial year, for the benefit of the Hammonton Park Association. The cantata was entitled "The Flower Queen."
The cast of characters were as follows:
"Recluse," Miss Emma Gile; "Rose," Miss Emma Pressey; "Sunflower," Miss Anna Pressey; "Grocus," Miss Mary Elvins; "Dahlia," Miss Minnie Samson; "Heliotrope," Miss Lizzie Benner; "Lily," Mrs. H. D. Smith; "Hollyhock," Miss Lillie Andrus; "Japonica," Miss Carrie Bowles; "Violet," Miss Annie Elvins; "Mignonette," Miss Ellen Bassett; "Lily," Miss Amelia Givens; "Dandelion," Miss Lillie Elvins; "Touch-me-Not," Miss Josie Pierce; "Nightingale," Mr. Frank Scott. Some of the ladies named have played an important part in the history of Atlantic county as the wives of men well known throughout this section.

"WHO READS THE PAPERS"
Those persons who believe, or pretend to do so, that "advertising doesn't pay," have received a jar here during the past few days. A local ice cream dealer advertised a reduction of ten cents per quart in ice cream on Saturday a week ago. Through an error the ad was inserted again last week. Unprepared for the deluge of buyers he sold out his two days supply in one day, and now is not certain whether he ought to be happy or put up a kick at the local paper for the ten cents per quart he failed to get had he disposed of his goods in two days instead of one.

DOC AGAIN ON THE JOB
Dr. Clifford J. Waas, of this place, who so successfully coached the Hammonton High track team last year when it won the Penn relay championship, is again on the job. This year's material includes Lambert Monfort and George Youngman, of last year's championship team, and Spencer Turner, Joseph Imhoff, H. Prevost, Jack Roseberry, William H. Dodge, Jr., Arol Aigner and M. Sacco, Coach Waas, who is an ex-service man, is confident that the local cracks will show up in fine fettle when they face their opponents for the season of '21.

RIZZOTTE WINS
Lawyers Dean Stanley Renwick and former Judge Cole won a victory in the Atlantic county Circuit Court Wednesday, before Judge Doney, and jury in the suit of John C. Rizzotte and Antonio Rizzotte trading as J. C. Rizzotte and Brother, against Charles H. La Rosa. La Rosa who is assistant postmaster at Hammonton, and part of the time buyer of fruit, purchased a carload of peaches from Rizzotte in September last and failed to pay a portion of the money and claimed that some of the peaches were not good when they arrived in New York, but plaintiff showed that the agreement was to deliver the peaches f. o. b. Hammonton and not in New York and further that the reason they were not good in New York was due to failure to re-ice and it appeared in the testimony that La Rosa had notified the Railroad Company not to re-ice.

OVATIONS TO FRANCIS WILSON AND DE WOLF HOPPER AT FORREST

Monday, March 21, Begins the Last Week of the Wonderful Production of This Most Famous of Comic Operas.

Francis Wilson and De Wolf Hopper in "Erminie," comprise the one big towering success of the theatrical season in Philadelphia, filling the spacious Forrest Theatre to its utmost capacity at every performance. Owing to the enormous demand for seats the engagement originally limited to two weeks, has been prolonged for two weeks more only, the final performance taking place on Saturday night, March 26th. Not only in all Philadelphia crowding to hear "Erminie," never so splendidly performed as now, but with the possible exception of "Ben Hur," there has never been an attraction that has drawn such throngs from out of town. "Erminie," while bringing a world of memories to

those of the former generation, has proved a joy to the younger theatre patron of today. Francis Wilson, as simple and full of capers as ever, and De Wolf Hopper, with his majestic presence, and stentorian voice, fill the roles of the two thieves with irresistibly comic effect and are given such an ovation at every performance that they are called out by tumultuous applause at the end of the second act, and after appropriate speeches, create roars of laughter by their little personal tilts and asides in a most laughable dialogue. This alone is worth going miles to hear. The whole opera is superbly cast. Irene Williams, as Erminie, is a prima donna worth listening to. Rosamond Whiteside makes a captivating Javotte, and Alice Hanton, a pretty and piquant companion to Erminie. Madge Lesing, as abasely and gracefully as ever, makes a trim and dashing figure as Captain Delauney, and Warren Proctor, in the role of Edgemoor, is one of the best tenors ever heard in light opera. Jennie Weatherly is applauded in her original role of the Princess, and Alexander Clark is an old favorite who makes success anew. The scenery and costumes are of up-to-date brilliancy and elaborate effect. The chorus is not only the best ever heard here, but is a distinct musical attraction

in itself. From young voices finely trained make the chorus work a real treat.

Gasoline at 2c a Gallon

Two gallons of gasoline into which two Gasaver Tablets are dropped will drive a motor as far as three gallons of ordinary gasoline, as it allows a change of carburetor adjustment to burn less fuel, this extra one gallon of gasoline efficiency being obtained at a cost of only two cents for the two Gasaver Tablets.

100 in a \$1.00 Can will treat 100 Gallons of Gasoline, Kerosene or

Benzol, Producing an Extra 50 Gallons Efficiency
Gasaver Tablets are composed of Powerful Chemicals. One of these tablets dropped into one gallon of gasoline produces a chemical change, turns it into a New Liquid Fuel far more powerful than gasoline itself.

DIRECTIONS IN FULL ON EACH CAN

Drop one Gasaver Tablet into gas tank of auto for each one gallon of gasoline it contains and adjust carburetor to as "lean" a mixture as possible, according to directions on each can.

RESULTS

Your motor will use only two gallons of the resulting new liquid fuel where it formerly used three gallons of ordinary gasoline. The motor will run smoother and speedier, pick up much quicker and develop much more power, thus eliminating a great deal of gear shifting, as you will simply fly up hills on high, which you could hardly climb on second gear on ordinary gasoline.

REMOVES CARBON

Gasoline treated with one Gasaver Tablet to each gallon, thus forming the new liquid fuel, will gradually remove all carbon from piston heads, cylinders and spark plugs, and "keep them clean." While it is positively guaranteed not to injure metals, it burns up carbon in place of depositing it as ordinary gasoline does. Gasaver Tablets are guaranteed not to injure motor, or leave any deposit in gas tank to gum carburetor.

\$1000 REWARD

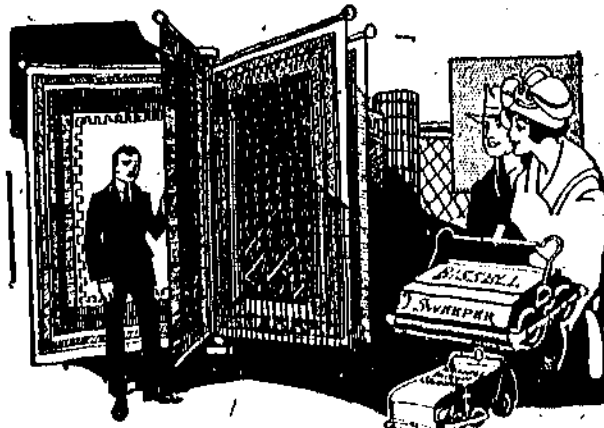

To any Automobile owner who proves that Gasoline treated with Gasaver Tablets according to directions printed on each can gums up Carburetor or connections, injures Tank, Motor or connections or fails to make Engine start easier in cold weather.

OUR MONEY BACK GUARANTEE

We will refund money paid for Gasaver Tablets to any dissatisfied customer.
