#### "HAMMONTON COLORS"

The Publicity Committee of the Chamber of Commerce invites you to send in suggestions for municipal colors. See what you can do.

#### COACH WAAS AT WORK

Track candidates for the Hammononton High School teams have been at work for two weeks past, under the supervision of Coach Clifford J. Waas. Isaac Cook is the only remaining member of last year's champion relay team, but such athletic cracks as Yale Stockwell, of Dickinson; Edward Burt, of Penn., and Joseph Espada, of Hahnemann, all former Hammononton High athletes, predict that this will be a winning season for Hammononton High.

#### H. H. S. BASEBALL

The Hammononton High School baseball team won a brilliant victory over the Haddon Heights High School team with the score of 5 to 3. Fans witnessed good playing on the part of the home team.

#### A "CLEAN-UP" OF THEIR OWN

The members of the Victor Class of the Hammononton Baptist Sunday School are participating in a "clean up" campaign of their own, gathering rags, paper, metal, rubber and other articles which they dispose of for a neat figure, in addition to making homes more sightly and sanitary at this place.

#### "DOC" SPEAKS OUT

Dr. Charles Cunningham, Mayor of Hammononton, is fast achieving a reputation as an unique speaker. Time and time again he has captured his audience with his daring remarks.

At the reception to the new pastor of the First M. E. Church, the Rev. Pennington Corson, Dr. Cunningham, as Chief Executive of the municipality, was chosen to deliver the address of welcome. Those who were present, and they comprised many of the leading men and women of the town, will ever remember this address. It was "different," all agreed on that, from anything ever before heard in that edifice.

"Teddy" Cunningham, as some call the energetic head of the town, spoke his little piece and certainly had an attentive audience. Extracts from the address follow:

"On the first day of this year an energetic body of young men took over the government of our town. Prior to this the saloons had been wiped out. Council immediately began closing gambling joints and speak-easies. The town once more became Godly."

"New religious sects also got busy. The Christian Scientists, Free Lovers, Holy Rollers, United Brethren and like. These sects so depleted the churches that we hardly needed ministers to talk to empty pews."

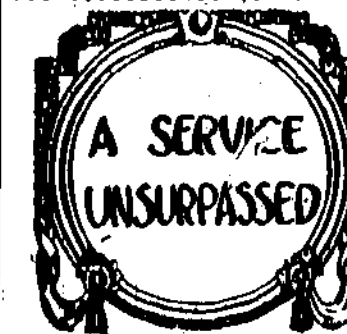

"But as long as such saints as Herb Doughty, Will Tilton and Doc Saunders still keep the pews warm, the M. E. Conference has seen fit to send us tonight. His name, Corson, always reminds me of Corson's inlet, where I used to catch suckers. It is said some of our churches have hibernated into a state of innocuous desuetude through the inertia of both the preacher and the congregation. We welcome Mr. Corson, believing him to be a man of energy, one who will not be content to sit down and talk gossip, or entertain a chronic grouch because the church will not raise his salary."

"We welcome Mr. Corson as a tonic. We do not care for one who continually talks shop. We hope to get enlightenment in big doses."

All of our cakes are sweet and luscious. From the coffee ring or crullers for breakfast - time, cup cakes for the luncheon hour to the layer cakes for dinner-time, you will find they are made of the best materials—fresh eggs, the best butter, sweet milk and a flour that's fit.

#### OUR SERVICE IS SPELLED WITH A CAPITAL "S"

The chief thing a funeral director has to sell is Service, and when spell it, it is the most important it is spelled S-E-R-V-I-C-E as we thing. Do you know our undertaking service—how we take care of the most minute details, overlooking nothing that will add to your comfort and satisfaction.

"Every professional man has some peculiarity by which he is recognized. You know how to recognize a doctor—just look at me. You recognize a lawyer by smelling his hair. A dentist is flat-footed, from holding down that demon of torture, the drill, while he asks 'Does it hurt?' While the preacher we know by the company he keeps and the style of his spats."

"And now, in conclusion, I personally and officially welcome Mr. Corson to Hammononton—the centre of South Jersey, the Home of Homes—God's own 'town.'"

#### JOINS THE NAVY

Frederick Eby, son of former Mayor E. C. Eby, of Folsom, left Tuesday morning for Newport, R. I., where he will begin a term of enlistment with the United States Navy. He will take with him the good wishes of a host of friends for a successful career.

#### ST. MARK'S OFFICIALS

At the annual parish meeting of St. Mark's P. E. Church, the following officials were elected: Senior Warden, James E. Watkins; Junior Warden, George F. Nicholson; Vestrymen, Thomas Skinner, Charles P. Campagna, William H. Parkhurst, William A. Galpin and David M. Adams.

#### DEMANDS BETTER CONDITIONS

Fire Chief Henry M. Phillips last night addressed Council on fire conditions at this place. Among other matters complained of was the fact that repeated requests made of a number of business men to clean up their properties in the rear had been ignored, and as the conditions existing made the fire hazard that much greater that radical action was advisable. Chief Phillips is working energetically to prevent fires here, and feels keenly the manner in which these men have treated his request to clean up inflammable materials at their premises.

#### IMPORTANT NOTICE

The following wire has been received by William J. Slack, former Captain New Jersey Militia Reserves: "Captain W. J. Slack—Request is made you provide me with names and addresses of men of your former command, or any citizens who will volunteer to assist in keeping trains running during present crisis. This is urgent. Reply at once."

#### HONOR TOWNS REPORTED IN NEAR EAST RELIEF DRIVE

New Jersey has contributed over \$400,000 for the relief of the starving people of the Near East. The campaign, which opened in February, under direction of former Governor William N. Runyon, the State chairman, is being conducted quietly in various sections of the State at different times. Reports of recent massacres of Armenians have given an impetus to the interest in the campaign, and many municipalities have raised more than their quotas.

One of the best showings was made by Camden which, with a quota of \$40,000, has just raised over \$60,000. Princeton had subscribed \$50,000, more than doubling its quota. Other towns to raise twice the amount sought were: Roselle, \$2397; Hightstown, \$2197; Verona, \$1000; Salem, \$3000. Princeton had subscribed \$50,000, more than doubling its quota. Other towns to raise twice the amount sought were: Roselle, \$2397; Hightstown, \$2197; Verona, \$1000; Salem, \$3000.

Complete reports from the large centers, with the exception of Camden, have not been made. The campaign will be held in Newark during May or June. The State's quota is \$900,000. Where will Hammononton stand?

THE UNIVERSAL CAR

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one to the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. It is everybody's necessity because it doubles the value of time, and is the quick, convenient, comfortable, and economical method of transportation. We solicit your order. We have the full line, Touring Car, Runabout, Coupe, Sedan, Truck. We assure you the best possible in repair work with the genuine Ford Parts.

Spotted.

"I was where an advertiser wants a man who carried off his new overcoat to return it and no questions will be asked."

"His? An old trick. The man who took the coat might insert another advertisement telling the owner that if he knows so well who got his coat he'd better come and get it."

"Not so fast. The man who got the coat describes the fellow who took it as wearing a blue serge suit, tan shoes and a gray cloth hat. He gives his height as about five feet and eight inches, says he has slightly grey hair, is round-shouldered and has a wart on his chin, and concludes by giving the man's business address. I guess he'd better return that coat."—Birmingham Age-Herald.

Its Efficacy.

"Think about your patient's condition," said Dr. Johnson of Kansas City, "but it is not his coat you are after."

"It is," replied the advertiser, "I want to get it out!"

"Get out!" screamed the returned neighbor.

"Well, I've noticed that when any of our 14 children complain of being too sick to do some task or bother and life goes on a lull, and I reach for the bottle, that there child is cured that minute, no matter if there hadn't more than three drops in the bottle."—Kansas City Star.

Withering.

"I'm always making some stupid blunder," admitted Bill.

"What's the matter?" asked Toriel.

"I was going up on an elevator just now and absentmindedly asked the operator if it wasn't croaking more than usual. Then I turned around and found a woman standing behind me who must have weighed over 300 pounds. You should have seen the look she gave me."—Birmingham Age-Herald.

Obstacle in Matrimony's Way.

For Suitor—You surprise me! I did not think you would interpose any objection to my marriage to your daughter. Why, I thought you liked me."

Her Father—I do, my boy, but there is one thing insuperable in the way. "What in the world?"

"My daughter doesn't like you."—London Tit-Bits.

Willing to Try.

"The Wambals have rented a haunted castle."

"Well, my dearest?"

"Our castle is not haunted. We must have a ghost."

"Well, if they will loan me their ghost, I'll see if I can match the hide."—Longville Courier-Journal.

## Adversity Strikes from an unexpected quarter

With what a feeling of security, of wise foresight, you and your wife examine the insurance policy which protects the home for which you have saved so hopefully? But is it sufficient security? Adversity has other forms. You are the bread winner. What if an accident interrupts or impairs your earning capacity? You have perhaps put some of your savings into jewels for the wife. What if they are stolen? The car you drive with so much pride, no matter how carefully you

drive it, may injure someone. These are hateful thoughts, but you must think them. They would be catastrophes if they should happen. The service of the Two Hartford's can give you the comforting assurance of complete protection. We represent this service and would welcome an opportunity to explain to you what complete protection means. The cost of all the policies necessary is small beside the loss you might suffer from any one of these unexpected strokes of adversity.

## Why the Cleveland Six is Multiplying its Friends

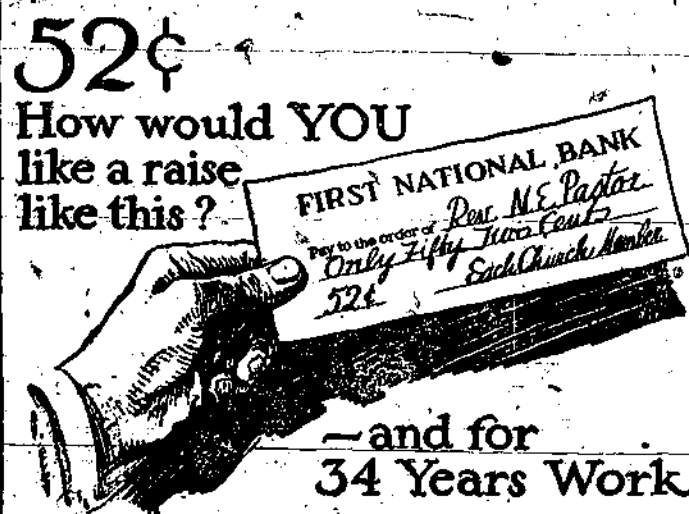

The Cleveland Six is making new friends every day, thousands of them every month, because it brings them so much more than they had even dared to expect, so much more of the pleasure of driving, and the ease of driving and of the comfort of riding.

The motor of the Cleveland Six, designed by the Cleveland company's own engineers, tested in road work and engineering shops for three years before being offered to the public, and now built in the company's own great factory in something new to countless thousands of motorists who prefer the light six type of car. They have never driven behind just such a motor as this. The wonder of it

—and for  
**34 Years Work**

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

**The Minister Never Fails You**  
Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

**We Pay Him Half the Wages of a Mechanic**  
And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They pray us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

**We Are All Profiteers at Their Expense**  
Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

A new industry, known as "The  
Hammonton Makers of Women's  
Cloaks and Garments," has located at  
this place, through the instrumentality  
of the Hammonton Chamber of Com-  
merce. Another plant, of an exten-  
sive nature, is now negotiating to  
come here.

## TRACK NEWS.

The track athletes of Hammonton  
High have been working hard to get  
in shape for the Penn Relays, which  
are to be held Friday, April 30th, and  
Saturday, May 1st. The try-outs will  
be held on the Park race track  
Thursday, April 15th. Isaac Cook is  
the only sure man for the team, and  
will set the pace for the rest of the  
boys. The remaining three members  
of the team will be selected from the  
following group: Willard Wood,  
Johnny Beitzman, Charles Cunningham,  
George Youngman, Jack Rose-  
berry and Lambeth Monfort.

## TO DO 100 PER CENT. JOB!

The Hammonton Chamber of Com-  
merce last night unanimously adopted  
a resolution to the effect that a joint  
committee of three members each  
from Council, the Woman's Civic Club  
and the Chamber of Commerce plan  
an effective "clean-up" and beautifi-  
cation campaign. The plan, briefly  
outlined, is to have the various prop-  
erty owners and householders vie  
with each other in placing the town in  
such condition, from a sanitary and  
ornamental view-point, as it has never  
before reached. In all likelihood Coun-  
cil will designate a period, preferably  
a full month, for a complete cleaning  
of all eye-sores, and for the painting  
and otherwise improving properties,  
that when the monument to service  
men is dedicated that the municipality  
may have a one hundred per cent.  
mark for appearance.

The Publicity Committee of the  
Hammonton Chamber of Commerce  
has issued a call to relatives and  
friends of former service men, and to  
organizations with which they were  
affiliated, to forward all data possible  
to the committee, as the firm which is  
to make the large bronze tablets to be  
placed upon the handsome granite  
monument to be dedicated here on  
Memorial Day will require from six  
to eight weeks to complete the tablets.  
As some of the Hammonton service  
men enlisted at other points, it makes  
the work of securing a complete and  
accurate list a difficult one, and the  
committee, realizing that the press  
will probably reach all persons con-  
cerned, has been called upon to aid in  
the task.

## REWARD REWARD

For return of French Poodle. Lost  
Friday night last, in vicinity of Second  
and Fairview. Had front legs clipped,  
some red hair on one ear. Reward if  
returned to Chris. Miel, Second  
street.

## HO, FOR A BIG FOURTH!

Council has granted permission to  
Frederick A. Funston Post, No. 186,  
American Legion, to use Hammonton  
Park on July 4, for the purpose of  
conducting an old-time Independence  
Day celebration. The returned veter-  
ans will take hold of the affair with a  
snap and vim that will probably result  
in the greatest Fourth of July celebra-  
tion this place ever experienced.

ly attended to. Thomas Mott, Ele-  
venth street.

## JAPAN'S CHILD LABOR WORKS A 16-HOUR DAY

Nearly Third of Nations Two Million Operatives  
are Women and Girls—Discontent Is  
Growing Among Them.

Cherry blossoms and snow-capped mountains mean little to these  
baby laborers of picturesque Japan. For sixteen hours a day they stand  
at their machines, with only one or two rest days a month. Their homes  
are the factory dormitories, and after two years many of them contract  
tuberculosis or other diseases which compel them to give up work.  
Six hundred thousand of Japan's 2,000,000 operatives are women and  
girls, and some 300,000 are from ten to eighteen years of age. This is  
one of the reasons why the Interchurch World Movement has mapped  
out an educational program which, during the next five years, will help  
the Japanese government solve some of its problems.  
The cost of living in Tokyo is greater than in New York or London.  
There are frequent strikes and increased suffering and discontent mark  
Nippon's industrial world. Working hours are excessive.  
The Protestant churches which are cooperating in the new world  
program believe that one way of working for the children is to enlarge  
the churches' educational program. A part of this project, too great for  
any single denomination, is the establishment of a Japanese Christian  
university.

## NEXT TO FINAL NOTICE.

Send in all names of service men  
to local editors. Names are to be  
printed within a few days, prior to  
being placed on memorial tablet.

## PLEASE SEND IN NAMES

The Publicity Committee of the  
Hammonton Chamber of Commerce,  
which has been preparing the list of  
names of service men for the tablets  
which are to be placed upon the hand-  
some granite monument to be unveiled  
here on Memorial Day, in honor of  
the nearly two hundred heroes from  
Hammonton who did their part in the  
great world-war, will conclude its  
labors within the next few days, when  
the list will be examined carefully  
by the Executive Committee of the  
Chamber, prior to being forwarded to  
the O. J. Hammill Company, of Pleas-  
antville, which has the contract for  
erecting the monument, and eight  
small granite markers, in honor of  
those who gave their all for humanity  
and their country. Up to date the com-  
mittee has secured the names of 18  
men who served the nation.

## FOLLOW "CLEAN UP" WITH A REAL CAMPAIGN

Clean Up and Paint Up and Keep It  
Up.  
campaign, and has spread like the tra-  
ditional "wild fire." Different from  
other civic campaigns, "paint up" has  
a double appeal. It appeals to one's  
pride and it appeals to one's pocket.  
It appeals to pride in that a very small  
outlay of money can transform most  
any home into a beautiful place. It  
appeals to the pocket in that it adds  
prolonged life to the building and  
renders it far more inhabitable and  
more saleable.

Real estate men all say that \$50 or  
\$100 worth of painting adds from \$500  
to \$1000 in saleable value to any build-  
ing. In the large cities there are  
speculators who make a business of  
buying old, dilapidated-looking struc-  
tures and repainting them and then  
selling them at a big profit.

Paint is the best preservative yet  
discovered. It is the greatest home  
beautifier beyond question. It is the  
best investment an owner can make  
on his premises.

## WANTED

A bright girl capable  
of taking charge of a line  
of work. Apply  
**STEIN CO.,**  
2nd Floor Jackson Bldg.

The suggestion has been made, and  
will doubtless meet with the approval  
of the fifty guarantors back of the  
Chautauqua to be held here next Sep-  
tember, that the local American Leg-  
ion Post be given full control of that  
project, and that all profits ensuing  
therefrom be given the former service  
men's organization, the guarantors  
making good if a loss ensues, which  
would be highly improbable. It is felt  
that Legion boys can make a sweeping  
success of the affair, in fact make it a  
credit to the town.

## MOTOR OR ROAD WORK.

Unable to secure sufficient horses  
which will work in harmony on the  
town road apparatus, Council has  
tried out motor trucks on the high-  
ways, with the result that the motor  
appears to have "horses" skinned to  
death," as one taxpayer puts it. While  
the cost of the motor truck will scarcely  
be more than two teams, yet the  
motor truck does considerably more  
work than both, and, what is more im-  
portant, does the work more expen-  
ditiously.
