"HAMMONTON COLORS."

The Publicity Committee of the Chamber of Commerce invites you to send in suggestions for municipal colors. See what you can do.

WANTED
YOUNG MEN, 17 upward, desiring railway mail clerkships, \$110 a month, write for free particulars examinations.

TRACK TEAM SELECTED

Hammonton High School's four candidates, and two substitutes, for the University of Pennsylvania's relay races have been selected. They are Isaac Cook, Lambert Monfort, George Youngman and William Wood, for the regular team, and Jack Roseberry and John Breitzman as substitutes. They were selected on meritorious showings after Coach Clifford J. Waag had put the men through various trying-out processes, and are expected to make a good showing for Hammonton High. Coach Waag has taken a keen interest in the men and feels that his labors have been repaid, in part at least, by the esprit shown by the candidates for the team.

PLEASE RUSH NAMES

The committee in charge of compiling the list of those entitled to be placed upon the service tablets on the handsome granite monument, being prepared by the O. J. Hammell Company, of Pleasantville, for the Hammonton Chamber of Commerce Memorial Committee, reports over two hundred names to date, of which two are young women, who served in France. It is expected that the list, when complete, will show fully 220 names. Many volunteers, some quite young in age, had not been previously credited to Hammonton, but, according to War Department regulations, are Hammonton boys.

HELP THE H. H. S. A.

A benefit performance to boost the treasury of the Hammonton High School Athletic Association will be given Wednesday evening, April 28, in the Eagle Theatre. The attraction will be J. Sheldon Lewis, in his new adaptation of "Dr. Jekyll and Mr. Hyde." The purpose to which this money will be devoted is for surfacing the track at the High School, which it is hoped will be in shape for the May Day races.

DON'T WANT BLOOD MONEY

This place has at least one grower who has little patience with profiteering and profiteering, one who has just given a practical demonstration of his belief. He is Henry Measley, a leading peach grower, and a director of the Hammonton Trust Company.

Measley had about one hundred bushels of fine potatoes, grown on his farm, for which he had no personal use. He could easily have sold them to dealers for \$4 a bushel, perhaps more, but held them for private householders, and would only take \$2.50 a bushel for the spuds. Scores applied for the tubers, paying per bushel what dealers were charging for a half-bushel basket, while the dealers were paying the wholesale houses far more than the lucky buyers at Measley's place were paying. But they're all gone now.

BIG MEETING TONIGHT

A big meeting is planned here for this evening, to be addressed by J. E. Sullivan, who promises to present "the true facts of fairness to employee and employer" on the question of shoe manufacturing. It is understood that this is the initial move in a project to again open a shoe-making plant at this place, both such plants having closed down last fall after the strikers had failed to go back on the terms agreed upon by a mediation committee. Over two hundred persons were engaged in the local plants prior to the strike.

NEXT TO FINAL NOTICE

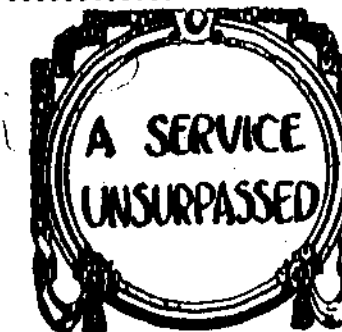

Send in all names of service men to local editors. Names are to be printed within a few days, prior to being placed on memorial tablet.

IT'S LUSCIOUS

All of our cakes are sweet and luscious. From the coffee ring or crullers for breakfast-time, cup cakes for the luncheon hour to the layer cakes for dinner-time, you will find they are made of the best materials—fresh eggs, the best butter, sweet milk and a flour that's fit.

STATE PRESIDENT HERE

State President Howard Jarrett, of the Patriotic Order Sons of America, will deliver an address in the Hammonton Baptist Church, on Sunday next, the occasion of the presentation of a handsome silk flag to Frederick A. Funston Post, American Legion, by Washington Camp, No. 73, of this place. The local patriots have secured what is said to be the handsomest flag ever seen in Hammonton, and are deeply interested in the welfare of the men who offered their all to the nation. The local Post will attend the ceremony in a body, and a large attendance of friends and relatives of the men is anticipated.

HAMMONTON HIGH WINS AJAX

Hammonton High defeated Haddon Heights High, greatest rival of the local team, by the score of 7 to 4, and in consequence "the goose hangs high" at the local school of learning. Through excellent work on the part of Jacobs, the crack twirler of Hammonton High, a no-hit game was recorded. Jacobs also batted well.

PROCLAMATION

In pursuance of action of Council I hereby officially designate the period, April 27th to May 3rd, inclusive, as "Clean-Up Week." Householders are requested to have rubbish conveniently placed for the municipal collectors.

MEMORIAL DAY MONUMENTS

Headstones and Markers
Finished and Ready to Letter and Erect Before May 30th.

We have in our show yards and wareroom in Pleasantville and Camden over 500 monuments, headstones, markers, corner posts, sills, etc., of the standard granites and marbles of the country, one of the largest and finest stocks of finished memorials ever carried by any monumental company. We manufactured these goods before prices advanced and are selling them much less than we can manufacture them today. We can letter and erect any of this work before Memorial Day.

Those who desire to take advantage of this opportunity to get a memorial erected prior to May 30th, it will pay them to call at our place of business in Pleasantville or Camden and make a selection at once, as we will soon be sold out at the rate we are now selling.

We also have in stock the largest supply of rough stock we ever carried, also bought before the price advanced, and we can manufacture promptly and erect at once most anything special that may be desired.

We are equipped with every labor-saving device to manufacture, letter and erect monumental work, including the surface cutter, polishing machines, pneumatic tools, plug drills, etc.

Call and purchase now. The sooner you call the better display you will have to select from.

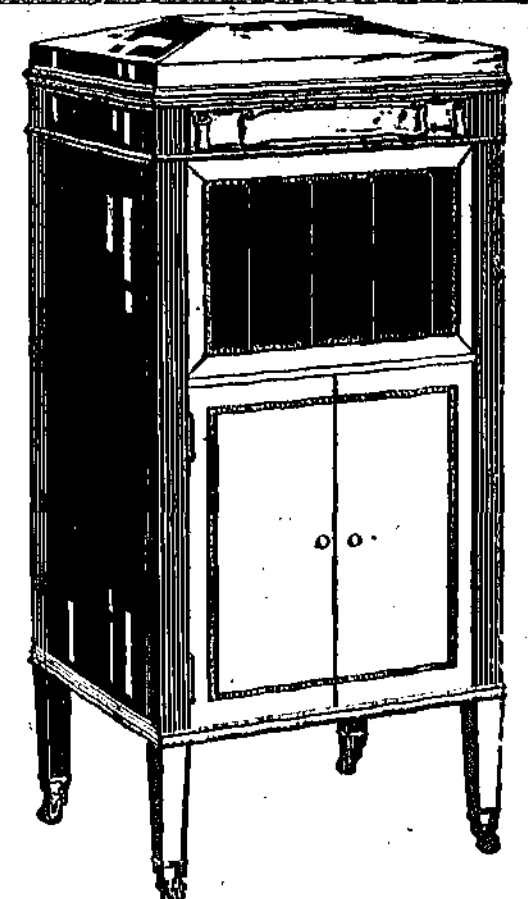

Our specialty is designing, manufacturing and erecting mausoleums, public and private memorials.

THE MODERN FUNERAL

(Many readers think this worthy a reprint.)

It is a notable fact in the history of all social progress that customs change slowly; that much persuasion and much teaching are necessary before reforms clearly for the benefit of all are accepted. Habit is psychological and psychical. Whatever has become habit is easier than anything new.

The undertaking profession may be considered as just beginning. The service which it renders is a protection to the community; and, once known, commends itself. But many of its value.

"The problem of the American funeral director," says Dr. Oscar Dowling, President of the Louisiana State Board of Health, "is the one which all pioneers have met from time immemorial. He must show cause for his enterprise in such terms as will convince those who are open-minded to change, and those also who are wedded to the customs of the past. The best way to do this is to give good service. The advantages to be derived, the comfort and satisfaction which result, the protection afforded, cannot be overestimated."

Remember when the first automobile came to town

TODAY there are more than 7,000,000 of them in the country. Pretty soon nearly everybody in this section will be traveling around in his own automobile.

The first thing a man wants to know nowadays, when he starts out to buy a car, is how much it is going to cost him to keep it running.

It's all very well to take some dealer's word about a tire—if you know who he is and his object in selling it to you.

Our object in selling U. S. Tires is to have you come back for more—and be glad

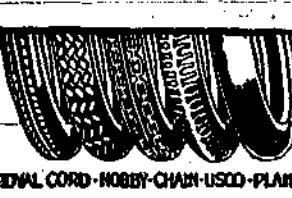

that we sold them to you.

U. S. Tires have a record behind them.

They are built by the people who perfected the first straight side automobile tire, who produced the first pneumatic truck tire.

Two of the greatest contributions to tire and motor economy ever made.

As representatives of the oldest and largest rubber concern in the world, we have a reputation to live up to. We can't afford to substitute "just as good" tires for tires of standard quality.

Filing the Family's Location. "And now where do you live?" the teacher asked Jimmy, a little boy of six on his first day at school. "With papa and mamma," he replied a bit solemnly, as though any teacher ought to know that much. "Yes, I know; but where does your papa and mamma live?" the teacher persisted. "Why, they live with me," and then hearing the other children laugh at his reply and thinking maybe he had made some mistake after all, Jimmy hastily added: "Except when we all go out to grandma's."

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report. It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148. Thinking of it—thousands spent for luxuries and pleasures for himself, and \$148 to leave the world a little better than he found it! Most of us do better than that; but not so very much better. Our average daily gift for all church causes is—
—less than we spend for daily papers
—less than a local telephone call
—less than a third of the day's car fare
—less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat. It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way. The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better. They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort. And they come to the men or women who love America to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world. Only you can determine what part of your income that should be. It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

Maximo M. Kalaw Declares U. S. Cannot Consistently Refuse "Self-Determination."

By MAXIMO M. KALAW, Secretary of the Philippine Mission, Author of "The Case for the Philippines," "Self-Government in the Philippines," etc.
"When they show sufficient capacity," "When they are able to govern themselves," "When they are educated enough," "When it pleases me to do so," "The question as to whether the Filipinos should be granted their independence, sovereignty, and self-determination," "When do they mean in black and white?"
Senator Shannon may think no people is capable of self-government that does not establish the judicial recall, or that has no Bill of Rights. John Smith of Kentucky may think no people is capable of self-government that does not vote his democratic ticket, or go to church on Sundays.
"Capacity for self-government" is as broad and elastic as the world, and if that should be the criterion for the granting of Philippine independence, America might as well say to the Filipinos, "I will give you independence when it pleases me to do so."
Fortunately, the American promise to the Philippines is not based on such abstract and arbitrary conditions. It is based on a definite, tangible thing. When America, through her Congress, officially told the Filipino people that they would be granted their independence as soon as they could establish a stable government, no abstract or obscure condition was meant. Stable government, according to American usage, means a certain, definite thing. The United States promised the Cubans the same thing, that "when they have established a stable government, then American troops would be withdrawn." As soon as the Cuban people elected a government suited to themselves, capable of maintaining order and fulfilling all international obligations, there was a stable government in Cuba, and American troops were withdrawn.
When Congress passed the Jones law, it simply borrowed the phrase "stable government" from the Cuban history and applied it to the Philippines. The history of Philippine independence shows that in black and white. With full knowledge of what it meant, the Filipino people accepted the Jones law and immediately began setting up the stable government required by Congress as a prerequisite to independent status. The stable government is now a fact. It is indeed more than that; it is an undoubted fact.
The official representative of the United States in the Philippine Islands, the Governor General, reported to the American Congress and the administration that "the Filipino people have established the stable government demanded by Congress as a prerequisite for the granting of independence—namely, a government elected by the suffrage of the people, which is supported by the people, which is capable of maintaining order and of fulfilling its international obligations."
The Philippine question is therefore no longer a question of politics, argument or opposition. To the Philippines and to the world, it is now a question of whether the United States is ready to discharge its own obligations fairly and completely. America went before the world in the recent war as the avowed champion of "self-determination" and Filipinos cannot see how America can consistently refuse to act.

The Filipino people, however, have no pride or prejudice against the American people. "Filipino" is a message of friendship and gratitude. They seek only justice as the natural and logical outcome of America's solemn promise to them. They come willing to give up their privileges and concessions not inconsistent with their national welfare.
The Filipino people are willing to accept independence under any of the following conditions: Under a League of Nations arrangement; its territorial integrity, under the guarantee of the United States for the first ten years; under a treaty of neutrality between the United States, England, Japan, France and other powers, or even without any condition whatever, as late and complete independence. They have no fear of Japan. Philippine independence is an objective fact and has led to Japanese interests. The Japanese are now free to come to the Philippines and at the present time there are more than 10,000 Japanese in the islands. There are at least as many Japanese in California as there are in the entire Philippine Archipelago.
The Filipino are willing to take their chance as a nation. Smaller nations have not greater positions and dignities taken a more by other nations of freedom, and have not receded.
Speaker Sergio Osmeña
"Osmeña is the premier 'de facto' of the Philippines," said a leading Phil-

Body Headed by Senate President Quezon Reiterates Demand for Independence.

The Philippine people are in earnest in their demand for immediate independence, as indicated by the voting of the United States of a second Philippine mission to work for independence. Quezon, with this announcement the War Department received a cable from Manila stating that the Filipino legislators had adopted resolutions reiterating their plea for immediate independence.
The second mission, like the first, is composed of the leading men of the islands and will work in the United States not only for immediate independence, but also to bring about "better understanding, greater confidence and closer economic relations between the United States and the Philippines."
The mission is again headed by Maximo M. Kalaw, president of the Philippine Senate, who is best known in America, having been for two years resident commissioner to the United States.

Senate President Manuel L. Quezon. Mr. Quezon and the Hon. Sergio Osmeña, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nacionalista party, which has been in power since 1907. While Speaker Osmeña is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently returned to Manila as "the greatest Filipino since Rizal."
The personal relations between Osmeña and Quezon are probably without parallel in modern Philippine history. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Through their college life as well as their long political service each has refused to be a candidate for any position that the other applied for.
During the years Quezon was the Philippine delegate in the American Congress he won the respect and confidence of both the Republican and Democratic sides of the chamber. Whenever he spoke he was assured of a good attendance. One of the official short-hand reporters once declared Quezon had the purest English of any member of the House.
Osmeña, as president of the Nacionalista party, is the leader of the national movement for independence. "Osmeña is the premier 'de facto' of the Philippines," said a leading Phil-

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically. They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1. FOR THE CHURCHES WORK AT HOME. A score of millions are needed to carry on the work of the churches in the United States. The churches are compelled to turn away more children than they can receive.
- 2. FOR HOSPITALS AND HOMES. Every year thousands of people are sent to hospitals and homes. The churches are compelled to turn away more children than they can receive.
- 3. FOR HIGHER EDUCATION. Of the 40,000 American students in institutions of higher grade, only 10,000 are in the United States. The churches are compelled to turn away more children than they can receive.
- 4. FOR RELIGIOUS TRAINING. At least 10,000 children and young people are sent to religious training schools in the United States. The churches are compelled to turn away more children than they can receive.
- 5. FOR THE CHURCHES WORK ABROAD. Millions are needed to carry on the work of the churches in foreign lands. The churches are compelled to turn away more children than they can receive.
- 6. PREACHER SALARIES. The preacher is called the "forgotten man" and well he may be. Eight out of ten preachers are paid less than \$2 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

"AIN'T IT A GRAND AND GLORIOUS FEELING?" By BRIGGS.

WHEN YOU GIVE YOUR HOUSE A GOOD COAT OF PAINT!

AND YOU CLEAN OUT A LOT OF OLD RUBBISH ACCUMULATED IN YOUR BACK YARD!

AND YOU SWEEP OUT THAT DIRTY OLD RUBBISH FROM YOUR PORCH!

AND YOU MAKE THE LIFE OF YOUR NEIGHBORS BY CLEANING THEM OFF YOUR PORCHES WITH BRUSHES, HOOPS, ETC. ETC.

AND THEN YOU DECIDE TO PAINT YOUR HOUSE AND YOU GET YOUR NEIGHBORS TO HELP YOU!

AND WHEN YOU HAVE COMPLETED THE JOB AND ORDERED THE RESULTS "OH-H-H-BOY!! AIN'T IT A GRAND AND GLORIOUS FEELING?"

PLEASE SEND IN NAMES OF SERVICE MEN.

As time is almost at hand when the names of all service men entitled to be placed upon the bronze tablets which will adorn the granite monument to service men of Hammonton must be turned over to the tablet makers, some fear that names of men entitled to that honor have not been turned in, and a last hour call has been made for the purpose of securing every name entitled to that distinction.

A number of Hammonton men enlisted at Atlantic City, and it is felt that chums of these men will be interested enough to send to the Publicity Committee of the Chamber of Commerce all data they may have relating to these men. Quite a number of Hammonton men volunteered, enlisting at the shore, Philadelphia and other

TRACK MEET HERE

The Fifth annual track meet of the schools of Atlantic county will be held here on Saturday, May 8, and a most successful meet is predicted. The fourth annual song competition of the schools of the county will be held the same day in the First M. E. Church. The track meet will probably be held on the ground adjacent to the Hammonton High School, frequently used for base ball games, instead of in Hammonton Park, as in the past. Entries are now being received by Prof. I. F. Stetler, of the Hammonton High School faculty.

BASE BALL TO THE FRONT

At a meeting of base ball fans, held in the Rod and Gun Club, much interest was shown in the possibilities of the coming season. Charles Slack was selected as coach for the team which will carry Hammonton's colors, to a many a victory, it is hoped, this season.

PLEASE SEND IN NAMES

The Publicity Committee of the Hammonton Chamber of Commerce, which has been preparing the list of names of service men for the tablets which are to be placed upon the handsome granite monument to be unveiled here on Memorial Day, in honor of the nearly two hundred heroes from Hammonton who did their part in the great world war, will conclude its labors within the next few days, when the list will be examined carefully by the Executive Committee of the Chamber, prior to being forwarded to the O. J. Hammell Company, of Pleasantville, which has the contract for erecting the monument, and eight small granite markers, in honor of those who gave their all for humanity and their country. Up to date the committee has secured the names of 180 men who served the nation.

HO, FOR A BIG FOURTH!

Council has granted permission to Frederick A. Funston Post, No. 186, American Legion, to use Hammonton Park on July 4, for the purpose of conducting an old-time Independence Day celebration. The returned veterans will take hold of the affair with a snap and vim that will probably result in the greatest Fourth of July celebration this place ever experienced.

PLOUGHING and gardening promptly attended to. Thomas Mott, Eleventh street.

MAYOR PROCLAIMS "CLEAN-UP WEEK"

Mayor Charles Cunningham today issued a proclamation designating the period from April 27 to May 3, inclusive, as "Clean-Up Week," the same to be an integral portion of "Clean-Up, Tidy-Up, and Keep it Up" month, the period from April 26 to May 25 inclusive, endorsed by Hammonton Council, the Woman's Civic Club, and the Hammonton Chamber of Commerce, with the idea of placing this community in such spic and span condition as it had never before experienced. A committee of nine, composed of three members each of Council, the Civic Club and the Chamber of Commerce will formulate plans for the beautification of the municipality. Hammonton purposes having the town in an almost spotless condition for both Memorial Day and the Fourth of July, and keep it that way.

DOC AND TONY CAN RUN ON TRACK!

Hammonton Council last night voted to let the athletic committee of the local school have all the gravel it needed, from the town gravel pit, for completing a race track on the grounds adjacent to the High School. The track is a sixth of a mile long, and will be placed in first-class condition for the annual meet of the county schools on May 8.

Prior to permission being granted Councilman J. L. O'Donnell, who is also chairman of the Atlantic County Republican Executive Committee, inquired as to the rights of the public, and Prof. Braman, who represented the athletic committee extended an invitation to the people of the town generally, and the town fathers especially, to run a few laps around the track any time they cared to.

FOLLOW "CLEAN UP" WITH A REAL CAMPAIGN

Clean Up and Paint Up and Keep It Up. Campaign, and has spread like the traditional "wild fire." Different from other civic campaigns, "paint up" has a double appeal. It appeals to one's pride and it appeals to one's pocket. It appeals to pride in that a very small outlay of money can transform most any home into a beautiful place. It appeals to pride in that a very small outlay of money can transform most any home into a beautiful place. It appeals to the pocket in that it adds prolonged life to the building and renders it far more inhabitable and more valuable.

Real estate men all say that \$50 or \$100 worth of painting adds from \$500 to \$1000 in valuable value to any building. In the large cities there are operators who make a business of buying old, dilapidated-looking structures and repainting them and then selling them at a big profit.

Paint is the best preservative yet discovered. It is the greatest home beautifier beyond question. It is the best investment an owner can make on his premises.

HONOR TOWNS REPORTED IN NEAR EAST RELIEF DRIVE

New Jersey has contributed over \$400,000 for the relief of the starving people of the Near East. The campaign, which opened in February, under direction of former Governor William N. Runyon, the State chairman, is being conducted quietly in various sections of the State at different times. Reports of recent massacres of Armenians have given an impetus to the interest in the campaign, and many municipalities have raised more than their quotas.

One of the best showings was made by Camden which, with a quota of \$40,000, has just raised over \$60,000. Princeton had subscribed \$8080, more than doubling its quota. Other towns to raise twice the amount sought were: Roselle, \$2397; Hightstown, \$2197; Verona, \$1000; Salem, \$3000. Above the quota; Cape May City with a quota of \$800, gave \$1162; Branchville, asked for \$93, gave \$214, and the best showing was made by Stone Harbor, a little town in Cape May County, which, when asked to give \$20, contributed \$128.

Complete reports from the large centers, with the exception of Camden, have not been made. The campaign will be held in Newark during May or June. The State's quota is \$900,000. Where will Hammonton stand?

SOCIETY OF DELPHIAN

Hammonton Chapter of the Delphian Society has been organized by the election of Miss Mary Conkey as president, Mrs. Charles Fitting as vice-president, and Mrs. Wilson S. Turner as secretary and treasurer. Meetings will be held each Monday evening in Civic Club Hall. The Delphian Society is national in scope, and is devoted to literary and cultural welfare. The local charter will be kept open for thirty days, during which period the Membership Committee, of which Mrs. W. Wallace Meyberry is chairman, will receive applications for charter membership.

LAST NUMBER

The final number of the Hammonton Lyceum Course will be given in the auditorium of the Hammonton High School, on Saturday evening, April 24. The attraction will be Montraville M. Wood, scientist and inventor.

Coach Slack expects to assemble one of the fastest teams this place has had in years, and as Charley is an old-time base ball tosser the fans, and players generally, have much confidence in the outcome of his efforts.

The next meeting of the club, which is to be known as the "Hammonton Base Ball Club," will be held in the club house of the Rod and Gun Club, on the County Boulevard, on Monday evening, April 26, at eight o'clock. A cordial invitation is extended to all base ball lovers to be present. Persons desiring to play on the team are especially invited to be present at this meeting or to report at the ball grounds on Tuesday or Thursday, at six o'clock.

NOTICE

The steam drawbridge of the West Jersey & Seashore Railroad at Atlantic City, over Beach Thoroughfare, will be closed to navigation for necessary repairs between 7 A. M. May 10th, and 7 A. M. May 31st, 1920.

TRIBUTE TO LEGION.

In deference to the American Legion Post at this place, which is now in a flourishing condition, the Executive Committee of the Hammonton Chamber of Commerce has voted to postpone the dedication of the monument to service men from Memorial Day to Independence Day, provided the American Legion boys so approve, believing that the Fourth of July is a more appropriate occasion, and that it would make a fine feature for the big celebration now planned by the Legion Post.

The suggestion has been made, and will doubtless meet with the approval of the fifty guarantors back of the Chautauquin to be held here next September, that the local American Legion Post be given full control of that project, and that all profits resulting therefrom be given the former service men's organization, the guarantors making good if a loan cannot, which would be highly improbable. It is felt that Legion boys can make a sweeping success of the affair, in fact make it a credit to the town.
