MAY THE BEST TEAM WIN.

The fourth annual song competition of the public schools of Atlantic County will be held here on Saturday next, in the First M. E. Church. Much interest is being shown in the affair, two new towns having entered the contest, Folsom and Minatola. County Superintendent H. M. Cressman, of Egg Harbor City, will award the trophies to the winners.

The same day will witness the fifth annual field meet of the schools of the county, over two hundred entries having already been received. Indications point to a hard-fought battle between Hammonton and Egg Harbor City for first place, with five other points contending for third place.

Some athletic experts, however, look for the appearance of a dark horse, and hint that Northfield may cause the two leading contestants to go to the limit to win out. A large attendance of pupils, their parents and friends, is anticipated.

MANY ENTRIES FOR MEET.

Fully two hundred entries have been received for the fifth annual track meet of the schools of Atlantic County, to be held here on Saturday. Indications point to a hard fight for honors between Hammonton and Egg Harbor City athletes, with entrants from five other towns fighting for third place, although some of the latter may develop dark horses and upset all calculations.

MEMORIAL DAY MONUMENTS

Headstones and Markers

Finished and Ready to Letter and Erect Before May 30th.

We have in our show yards and wareroom in Pleasantville and Camden over 500 monuments, headstones, markers, corner posts, sills, etc., of the standard granites and marbles of the country, one of the largest and finest stocks of finished memorials ever carried by any monumental company. We manufactured these goods before prices advanced and are selling them much less than we can manufacture them today. We can letter and erect any of this work before Memorial Day.

Those who desire to, take advantage of this opportunity to get a memorial erected prior to May 30th, it will pay them to call at our place of business in Pleasantville or Camden and make a selection at once, as we will soon be sold out at the rate we are now selling.

We also have in stock the largest supply of rough stock we ever carried, also bought before the price advanced, and we can manufacture promptly and erect at once most anything special that may be desired.

We are equipped with every labor-saving device to manufacture, letter and erect monumental work, including the surface cutter, polishing machines, pneumatic tools, plug drills, etc.

Call and purchase now. The sooner you call the better display you will have to select from.

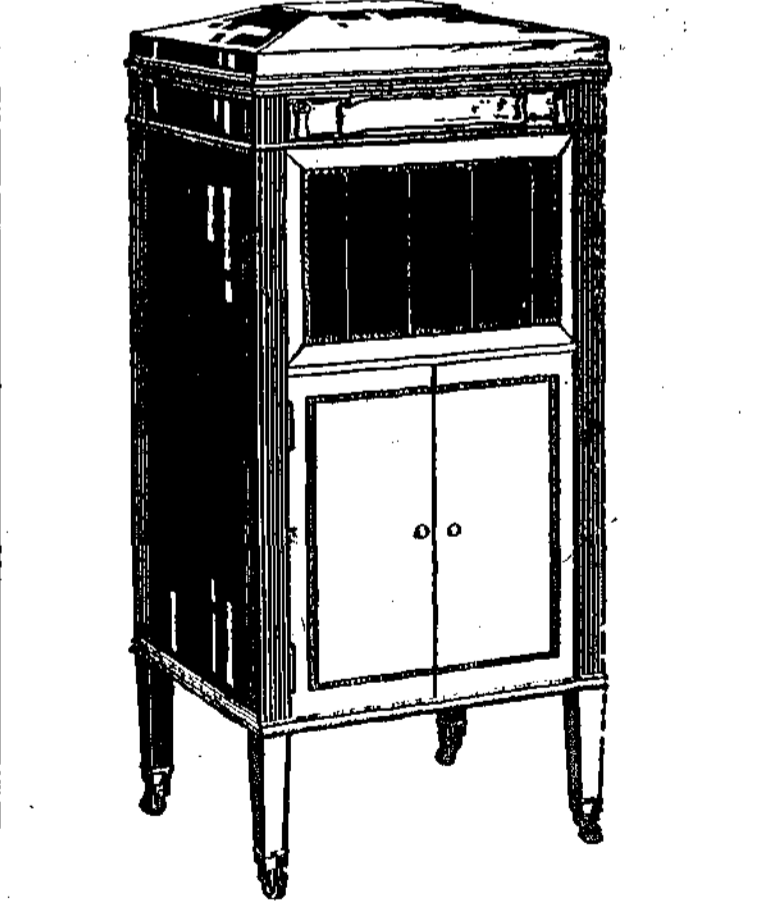

Our specialty is designing, manufacturing and erecting mausoleums, public and private memorials.

THE MODERN FUNERAL

The service of the modern funeral director is more and more appreciated as the public realizes the effectiveness of embalming and the sanitary disposition of the dead toward stamping out epidemics and checking the spread of contagious diseases.

The thoroughly trained sanitarian aids materially in this work. How often, on entering a home where death has occurred from a contagious disease, we are found and find the family in a state of grief and the whole family.

Thorough disinfection and sterilization of every article used in our service mitigates the danger from contagion. A modern disinfecting chamber is a feature of The Modern Funeral Home which has been highly commended by physicians and sanitarians.

THE UNIVERSAL CAR

The Ford Model T One Ton Truck is in reality a necessity to the wide awake retail grocer, not only for the economic solution of the delivery problem, but for the bringing of goods from the docks or stations to his place of business, and for traversing the country and bringing in produce. For years the Ford One Ton Truck with its splendid manganese bronze work-drive, powerful Ford Model T Motor, strong Vanadium steel frame, has been serving in every line of business activity, and we have yet to hear the first complaint as to rear axle trouble or motor trouble. It has the lowest purchase price on the market, and the cost for operating and maintaining is exceedingly small. In fact, the Ford One Ton Truck has become a business necessity. Leave your order with us without delay.

- We will give you prompt attention and assure your continuous prompt delivery, and give you an after service that will insure your reliable operation of the Truck.

JAPAN'S CHILD LABOR WORKS A 16-HOUR DAY

Nearly Third of Nations Two Million Operatives are Women and Girls—Discontent is Growing Among Them.

Cherry blossoms and snow-capped mountains mean little to these baby laborers of picturesque Japan. For sixteen hours a day they stand at their machines, with only one or two rest days a month. Their homes are the factory dormitories, and after two years many of them will contract tuberculosis or other diseases which compel them to give up work.

Six hundred thousand of Japan's 2,000,000 operatives are women and girls, and some 400,000 are from ten to eighteen years of age. This is one of the reasons why the Interchurch World Movement has mapped out an educational program which, during the next five years, will help the Japanese government solve some of its problems.

The cost of living in Tokyo is greater than in New York or London. There are frequent strikes, and increased suffering and discontent mark Japan's industrial world, as elsewhere.

The Protestant churches which are cooperating in the new world program believe that one way of working for the children is to enlarge the church's educational program. A part of this project, too great for any single denomination, is the establishment of a Japanese Christian university.

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report. It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic, businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better. They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

United Campaign April 27th to May 2nd

The Push Button Way

Snap! Then a sudden flood of clear bright light, spreading into every corner and cranny, giving you the convenience of daylight for winter-milking or other duties. No more need of lanterns or other dangerous forms of lighting. No bother at all—and a small cost.

Electricity for Light

Give your barn the final touch of efficiency. Electricity increases its market value in the estimation of others. It increases your own pleasure and pride in it.

As for the home—up to date electric lighting gives it a brightness and attractiveness that is lacking in all other methods of illumination. It retains the charm of business with a certain distinct added.

SERVICE MEN.**
As time is almost at hand when the
names of all service men entitled to be
placed upon the bronze tablets which
will adorn the granite monument to
service men of Hammington must be
turned over to the tablet makers, some
fear that names of men entitled to that
honor have not been turned in, and a
last hour call has been made for the
purpose of securing every name en-
titled to that distinction.
A number of Hammington men en-
listed at Atlantic City, and it is felt
that names of these men will be inter-
ested enough to send to the Publicity
Committee of the Chamber of Com-
merce all data they may have relating
to these men. Quite a number of Ham-
mington men volunteered, enlisting at

THE PROPER COURSE.

Through the efforts of Councilman
J. L. O'Donnell, chairman of the Fi-
nance Committee of that body, it is
likely that in the future petitions for
extension of the municipal water sys-
tem will be referred to the voters at a
special election. So numerous are
these petitions, and so expensive is in-
stallation, that Council has agreed that
the proper course to adopt is to let
taxpayers decide the question them-
selves. If the taxpayers vote in the
affirmative for the necessary bond is-
sue, Council will gladly give its assent
to such extensions, but will not take
the responsibility without such vote of
the people.

STAND BY THE LAW.

Doubtless many of our readers noted
with interest the result of the poll
taken by the Literary Digest on the
question of prohibition as viewed by
the laboring unions of this great na-
tion. The result of that poll showed
a conclusive majority in favor of the
abolition of intoxicating beverages by
means of national prohibition. The
representatives of the people in Con-
gress and the various Legislatures of
the 48 States were decidedly in favor
of the Eighteenth Amendment, Con-
gress voting by over two to one, the
combined Legislatures by four to one
and the States fifteen to one in favor
of national prohibition. If the claims
of the wets that "Prohibition was put
over" are true, we must believe that
over two-thirds of the members of Con-
gress and over three-fourths of the
members of the combined Legislatures
of the United States are either fools
to do something that their constitu-
ents will not approve of or crooks, and
that they were paid for their votes.
The experience of those who have taken
part in liquor question fights is to
the effect that all the money used
improperly came from the liquor in-
terests and crooked politicians. No
many of the members of Congress and
the State Legislatures voted for national
prohibition not from personal choice,
but because "the people at home"
demanded it. It was so as they
wanted or lose their jobs, because
the "drys" in most States of this great
nation are in the majority. We of
Pennsylvania, New York, New Jersey
and a few other States are far in the
rear as regards progressive legisla-
tion, but judge the U. S. A. by our
little neck of the woods.

HO! FOR A BIG DAY.

With fair weather tomorrow one of
the biggest and most enjoyable days
that the pupils of Atlantic County
public schools have ever had is pre-
dicted for the joint song competition,
physical training contest and field and
track meet scheduled for this place.
Instead of holding the events in
Hammington Park, as heretofore, they
will be held on the spacious play-
ground adjoining the High School,
which is used for baseball, football and
other sports. Competent officials have
been secured, and all is in readiness
for a red-letter day for the bright-
eyed lads and lassies of the county.

BASEBALL NEWS.

Hammington's new baseball club
held its second successful meeting last
Monday evening in the Hammington
A. C. Club. At this meeting
the following officers were elected:
President, Mr. Wayland De Ruy; vice-
president, Mr. George Zuber; secre-
tary, Mr. Willard Austin; and treas-
urer, Mr. Lawrence Jewett.
Members of the club are now can-
vassing the town with membership
cards. Membership to the club is
open to all. Help make the club a suc-
cess. Join now and follow up the true
spirit of America—"baseball."
The club will open its baseball sea-
son here on Saturday, May 15, playing
Brookside Baseball Club. The follow-
ing Saturday, May 22, the Ham-
mington team will meet North Camden
here. Other games will be announced
later.

A GREAT WIN.

One event of the county school
championships held last Saturday in
Hammington, since the big
Penn races were held last Saturday,
and Hammington High's relay team
made the fastest time of the day.
The credit for this victory was due
mainly to Isaac Cook, captain of the
team, who made the last quarter in
the very fast time of 53 seconds.
Hammington High was well in the
rear; in fact, appeared to be out of
the race, when the third man touched
"Anchor" Cook and away he sped like
a deer, completely outrunning every
man on the field, and catching the
honors of the day for Hammington.
To Dr. Clifford J. Waas, faithful
coach of the men, is due a great deal
of credit for the showing made by the
team. The four men composing the
team are Isaac Cook, Lambert Mon-
fort, George Youngman and Willard
Wood.

A SURE WIN.

The Hammington High School relay
team, which last Saturday won first
honors at the Penn race, will compete
tomorrow in the Atlantic County
school championship contests to be
held here. The Hammington team is
composed of Isaac Cook, captain;
Lambert Monfort, George Youngman
and Willard Wood.

MAY HAVE MERCANTILE TAX.

The increasing tax rate is causing
some taxpayers to discuss the advis-
ability of collecting a mercantile tax
here, as the sum raised would assist
those in the agricultural district, be-
cause of the fact that such tax would
reduce the amount to be raised by
general taxation. Egg Harbor City
has just enacted such an ordinance. If
such action is taken here, it is likely
that "fly-by-night" concerns will be
heavily taxed, practically kept out of
town.

FOLLOW "CLEAN UP" WITH A REAL CAMPAIGN

Clean Up and Paint Up and Keep It
Up.
campaign, and has spread like the tradi-
tional "wild fire." Different from
other civic campaigns, "paint up" has
a double appeal. It appeals to one's
pride and it appeals to one's pocket.
It appeals to pride in that a very small
outlay of money can transform most
any home into a beautiful place. It
appeals to pride in that a very small
outlay of money can transform most
any home into a beautiful place. It
appeals to the pocket in that it adds
prolonged life to the building and
renders it far more inhabitable and
more salable.
Real estate men all say that \$50 or
\$100 worth of painting adds from \$500
to \$1000 in saleable value to any build-
ing. In the large cities there are
speculators who make a business of
buying old, dilapidated-looking struc-
tures and repainting them and then
selling them at a big profit.
Paint is the best preservative yet
discovered. It in the greatest home
beautifier beyond question. It is the
best investment an owner can make
on his premises.

ODD JURY COINCIDENCE.

By an odd coincidence not only has
J. L. O'Donnell, chairman of the Fi-
nance Committee of Council and a
member of the Coroner's jury which
inquired into the death of Billy Dansey
been drawn to serve on the Grand
Jury for the May term of court, but
James L. White, a brother of Charles
S. White, the accused man, has been
drawn on the petit jury venire. White
is the husband of Mrs. Susan White,
one of the persons to last see Billy
Dansey before his disappearance. Of
course White will not be allowed to
serve on the jury in the event of an
indictment being found against his
brother, which Hammington people be-
lieve unlikely. The appearance of
O'Donnell on the Grand Jury is taken
to mean that that body will be made
thoroughly conversant with the evi-
dence presented before the Coroner's
jury.

GRAND SONG CONTEST.

The fourth annual song competition
of the public schools of Atlantic Coun-
ty will be held here on Saturday, in
the First M. E. Church. Much inter-
est is being shown in the affair
throughout the county, two additional
schools, Folsom and Minola, having
entered. County Superintendent
Cressman, of Egg Harbor City, will
award the trophies.

FREE PUBLICITY SERVICE.

For five weeks past the local pa-
pers have printed the service list. For
weeks prior they inserted notices call-
ing for names of these men. Not
counting time expended each paper
has given fully \$50 worth of space.
Paper has risen from \$2 per 100
pounds to \$16.00 per 100 pounds. To
make both ends meet every inch of
space, outside of news, must pay for
itself. Please send in all additions
and corrections of names. Hereafter all
cards of thanks, testimonials, etc., will
be charged for. Business conditions
demand this step.
Had Hammington honored its men
with a service flag as other towns did
all this work and expense would have
been unnecessary now.

A Button or the Police

Be hereby informed that on and
after Saturday, May 1, whosoever
shall not have displayed upon their
person a button bearing the inscrip-
tion "I Want Baseball" shall be turned
over to Officer Montgomery. The
price of these buttons is one dime, ten
cents, and needless to say the pro-
ceeds will go for the equipment of a
baseball team. The town has the en-
thusiastic player material. The town
needs the team, but to have it it must
have the support. The same manage-
ment of a last year will ensure you
faithful service. A neat appearing,
efficient team will do the town proud.
The button campaign, if you support
it, will furnish the necessary coin of
the realm. Buy your button from
Driscoll, Dewalt or Montgomery or
someone wearing the "Official Solicitor"
button. Campaign begins today.
Buy at least one.

Hammington Girl Wins Honor

The athletic awards for indoor
sports at Mount Holyoke College were
announced Thursday afternoon, April
29, by Abigail E. Teets, '20, of New-
tonville, Mass., president of the Ath-
letic Association. Miss Annie S. L.
Cunningham, daughter of Mr. Charles
Cunningham, of 10 W. Second street,
Hammington, N. J., won numerous in
volley ball. Numerals are awarded to
those who have played on a class team
in at least one inter-class game.

The Mosquito Must Go

The New Jersey State Experiment
Station and the State Department of
Conservation and Development have
accepted and adopted the slogan: "The
Mosquito Must Go," and the former
has issued a 44-page circular No. 111
which can be had for the asking, and
which everybody should read.
In one county alone, where mosquito
extermination began property values
have increased from \$187,000,000 to
\$300,000,000. This represents an in-
crease of rentals, and revenue by
way of taxation, greater than the cost
of mosquito extermination work in the
whole State. Other counties where the
work has been vigorously prosecuted
have made proportionate gains.
Hammington has been mosquitoless
for several years. Query? Are the
errors of the Highway Commission at
the Hammington Lake to bring us an-
other visitation of the pest?

The fifth annual track meet of the
public schools of Atlantic County will
be held on Saturday, May 8. The
fourth annual song competition of the
county schools will be held here the
same day. Entries for the athletic
events have been received from Egg
Harbor City, Ventnor, Northfield, Port
Republic, Mays Landing, Buena Vista,
Folsom and Hammington. For some
unexplained reason Pleasantville will
not participate.
